All rates quoted reflect a diesel cost per gallon up to and including: **$ 3.75/per gallon.** After it rises to: **$ 3.76/per gallon**, R & S Trucking will apply **a diesel fuel surcharge rate of 1% for every $ .10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after $ 3.76/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
31. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. $ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
32. If & when and any & all Teamsters Local 315 or any other union local initiation fees and monthly union dues are required for any type of on-site/off-site/import/export trucking or trucks or owner-operators or independents that are pulling R & S Trucking's boxes or trailers = <u>All dues payable will be paid out thru the general contractor awarded the above mentioned job</u>. This applies to Project Labor Agreements also. **R & S Trucking is not obligated to be a member of the Teamsters or join any other agreement with any organized union, or any project labor agreements.**

Continued.....

33. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.
