- *Other Payment Conditions:* DTDS will submit a conditional waiver and release executed by it as a condition to each payment and it will submit an unconditional waiver and release promptly after payment funds have posted, without restriction, to its account. It shall not be a condition of any payment to DTDS that a waiver and release from any third party in contract with DTDS (as a sub-tier subcontractor or as a material supplier) be submitted. In the event of any third party claim against the owner or its surety, the general contractor or its surety, or the property to which the work of improvement relates, for alleged nonpayment by DTDS with respect to the subject work improvement, DTDS at its sole option, shall indemnify the claim recipient(s) with respect to the claim or bond around the claim or do both.
- DTDS's duty herein shall only arise provided DTDS has been promptly notified of the claim when it initially arose. "Claim" means a mechanic's lien as evidenced by a recorded mechanic's lien, a stop payment notice served as required by law, a bond claim received by a surety, a cause of action or a claim for relief in a filed lawsuit, and a claim made in papers which initiate mediation or arbitration.

No damages may be assessed without DTDS's specific agreement in writing, signed by our authorized company representative. Any damages shall be proportional to DTDS's share in the total fault and the total assessed will be limited, not to exceed our subcontract value less materials.
- No back-charges of any kind to DTDS will be accepted unless received on a daily basis and agreed to and signed for by our authorized representative.
- Unless specified otherwise, extra items of work not included in our scope of work, but performed by DTDS, or delays resulting from interference or non-performance of others, shall be invoiced at cost plus 20%.
- If the owner / contractor asks DTDS to prepare submissions, secure materials, purchase or modify equipment and accessories or perform contract related work, prior to the contract document being finalized all costs incurred, will be paid for at cost plus 20%.

INSURANCE, INDEMNIFICATION:

A) DTDS shall maintain in place during the performance of its work hereunder, worker's compensation coverage as required by law, bodily injury and property damage liability insurance (XCU exclusion deleted), with a combined single limit of $10 million. "Additional Insured" coverage there under is limited to DTDS's proportionate share of the total fault causing the loss or damage on which such claim is based. Coverage afforded shall be Type III. For additional insurance requirements beyond that mentioned above, the total additional cost and premiums required shall be solely born by the Prime Contractor and/or Owner.

B) DTDS shall indemnify Prime Contractor (if any) and Owner with respect to any claim which arises directly from the negligence, if any, of DTDS in performance of its work hereunder, but the extent of such indemnity shall be only in proportion to DTDS's share of the total fault causing the loss or damage on which such claim is based. DTDS shall have no other responsibility to defend, indemnify or provide insurance for Prime Contractor (if any), Owner or others with respect to claims arising from or related to DTDS's work hereunder. Why should a contractor register?

In response to State Senate Bill 854, the Contractors must register and meet requirements using the new online application before bidding on public works contracts in California. The application also provides agencies that administer public works programs with a searchable database of qualified contractors.

Requirements:

Contractors' requirements include that they maintain workers' compensation coverage for all employees and only hire subcontractors who are registered public works contractors. They must also hold a Contractors State License Board license, if required for their trade.

In addition, contractors must not be debarred from working on public works by the state or federal government and have no delinquent wage or penalty assessments due to any enforcement agency or employee.
