SUMMARY OF EFFORTS TO IDENTIFY DBE, MBE, AND WBE SUBCONTRACTOR'S

1. On 11/27/2013 @ 8:55 am I Got onto the internet and visited the Small Business Administration website (www.sba.gov). I searched the site looking for a list of potential certified DBE, MBE, and WBE Subcontractor's. I found no such list on the SBA website so next I decided to try and find the contact information for the local SBA Assistance Office in the Fresno area. I searched all of the site pages and found the contact information for the local Fresno District SBA Office staff and printed it. I plan to call the Administration Office to find out whom I need to talk to about finding local potential minority Subcontractor's certified as a DBE, MBE, or WBE firm.
2. On 11/27/2013 @ 8:56 am I Visited the Minority Business Development Agency website (www.mbda.gov). I searched the site looking for a listing of potential Minority Subcontractor's or a way to search a database full of certified minority Subcontractor's but was not able to find any sort of search or list on the site. I decided to try and find the contact information for any local MBDA Office that might be in the area. I found the look for location page and after entering our location a map came up with a few local office locations. I selected the closest office location and clicked on the Contact Information tab. I printed out the contact information for the local MBDA office site. I will use the contact information to call the local office to try and get further help on identifying Certified Minority Subcontractor's in our local area.
3. On 11/27/2013 @ 8:57 am I decided to go ahead and visit the California Department of Transportation website (www.dot.ca.gov). I started searching around the site looking for a list of potential minority subcontractor's. I found a reference to a list on the Business Enterprise Program page of the website. I clicked on the CalCert Database link and was taken to a page where I could run a search query for certified minority subcontractor's. I began entering the pertinent information into the search form and ran multiple searches for minority subs. I was able to search and find the contact information for many qualified and certified local minority DBE, MBE, and WBE subcontractor's. I printed the list containing the contact information for certified minority subcontractor's that I could solicit for an estimate. I will use this printed list to solicit to subcontractor's in the area on the list that are capable of completing the scopes of work that we will be subcontracting out on this project.
4. On 11/27/2013 @ 9:05 am I went on to the Google search site online, and typed in "California DBE, MBE, and WBE Subcontractors" in the search bar. I then went through the top ten websites looking for any potential Minority Subcontractor's but I was not able to find any new contacts that I didn't already have on my Minority List.
