The following is a summary of the DBE Good Faith Efforts Documentation.

Exhibit A: We have listed items of work that DeSilva Gates Construction made available to DBE firms, and have identified items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedule in a manner that encourages and facilitates DBE participation.

- DeSilva Gates Construction Attachment A-1

Exhibit B: We have attached copies of solicitations, email messages, telephone records, and fax confirmations.

- Thursday, November 5th conducted a DBE query on CUCP directory for 69 work categories. Resulted in 605 DBEs.
- Thursday, November 5th "Bid Invitations" emailed and faxed to 605 DBE firms who indicated interest in District 3 and in the 69 work categories.
- Wednesday, November 11th conducted an Opt-In query where 44 firms were listed. Faxed "Bid Invitations".

- Monday, November 16th conducted a second Opt-In query where 48 firms were listed. Called to follow up.
- Attached sample "Bid Invitation" announcement dated November 5th 2015 and November 11th 2015.
- Spreadsheet on "Bid Invitation" announcement, phone/fax/email log, and results.

Exhibit C: DeSilva Gates Construction provided plans and specifications specific to the items of work being offered. A list of selected firms and its status as a DBE, the DBEs that provided quotes and the price quote for each firm and the price difference for each DBE if the selected firm is not a DBE. Provided copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

- The Bid Invitation and the advertisements provided the DBE with information on where to obtain the plans and specifications, including access to the plans and specs at DGC's offices in Dublin and Sacramento.
- Attached spreadsheet with the Select/Reject and quotes.

Exhibit D: Attached you will find our outreach efforts to identify and solicit the interest of all certified DBEs that have the capacity to perform the work of the Contract.

- Solicited 605 DBEs from CUCP and Opt-In, by email, fax and phone, in 69 work categories. Solicitations occurred on November 5th 2015, November 11th 2015, November 16th 2015, and November 17th 2015 (See attachments in Exhibit B).
- Advertised in California Department of Transportation, Minority Bidders Bulletin and Construction Update, Small Business Exchange, Daily Construction Service and Daily Pacific Builder. Advertisements occurred on October 8th 2015, October 14th 2015, and November 3rd 2015. See attached advertisement announcement.

Exhibit E: Attached are our efforts made to provide interested DBEs with adequate information about the plans, specifications and requirements of the Contract.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract to assist them in responding to a solicitation. See attached.
- DBE firm Ultra Systems Environmental requested information about project specifications. Assistance provided. (See attachment in Exhibit E).

Exhibit F: Attached you will find our efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

- Bid Invitation provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit G: Attached you will find our efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit H: Below are the names of agencies and the dates on which they were contacted to obtain assistance in contacting, recruiting, and using DBE firms.

- California Department of Transportation 10/8/2015
- Minority Bidders Bulletin 11/3/2015
- Small Business Exchange 11/3/2015
- Daily Pacific Builder 10/14/2015

Subject: **Proposal to Provide Inertial Profiler services. (Bid Item 79)**

S.A.M. Rhodes is pleased to present our proposal and cost estimate for Inertial Profiling services on this very important project. S.A.M. Rhodes experience and understanding of the Caltrans specification will be a tremendous asset to your project team. We have developed our cost per shift to be all inclusive for what is required by the project specifications. Our attached proposal details our options for Inertial Profiling Services:

Prepave Inertial Profiler (Bid Item 79): Lump Sum/Shift Rate $1500.00 x 1 SHIFT

All travel time is included within the lump sum shift rate listed above.

Optional - Inertial Profiler with Layout for Pre-pave and Post-pave grinding: Lump Sum/Shift Rate $2000.00

All travel time is included within the lump sum shift rate listed above.

S.A.M. Rhodes has over 10 years of experience with Caltrans programs. Our experience, combined with our commitment makes us the premier provider of Inertial Profiling services on Caltrans projects. The resources we have available will allow us to staff your project with the most qualified personnel for Caltrans projects.

We are proposing to service this project with a High Speed Inertial Profiling system that is Caltrans DOT certified along with our operators. All of our reports are electronically transmitted to the project team by our Project Manager. If you have any questions or require additional information regarding our proposal, feel free to contact me, Cameron Martin directly at (530) 906-9777 or by email at cameron@samrhodesinc.com.

Sincerely,

Cameron Martin

RE: Proposal for SWPPP for Caltrans 03-1F4004, Widen Eastbound Roadway on State Route 80, Bids 11/18/15

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 2.

We are currently the WPC Manager for another District 3 project on State Route 80 and want to let the contractor know to expect significant SWPPP, BMP Maintenance and Monitoring expectations from this District.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Rain Event Action Plans (REAPs).
   - I. Prepare REAPs prior to a rain event with 50% or more chance of occurrence; prepared by a Qualified SWPPP Developer (QSD).
   - II. Exclusions; this contract item can only be provided if we are selected to also perform Stormwater inspection or WPC Manager services. This does not include a pre-storm inspection which would be covered under other bid items.

C. Storm Water Sampling and Analysis Day.
   - I. Provide pH and turbidity sampling of runoff. Collect 3 minimum grab samples per day of stormwater runoff during a qualifying rain event. A qualifying rain event is one that produces 0.5" or more of rain with 48 hours of dry weather in between storm events. Sampling will be done using field meters. Document sampling on the Caltrans CEM2052 Field Test report form.

D. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements.
   - II. Report will be prepared by a Qualified SWPPP Developer (QSD).

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.

PHONE: 707-693-1926 • FAX 707-471-0318 • ROBIN@TULLYGROUP.COM OR KATELYN@TULLYGROUP.COM

VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item F for rain event inspection).

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection

I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.

II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).

III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.

IV. Inspections will be done or overseen by a QSD or QSP.

G. Prepare SWPPP Amendments as needed. Caltrans requires SWPPP Water Pollution Control Drawings to be kept current with work operations. On large projects, it would be prudent to anticipate several SWPPP amendments will be needed.

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A.	Prepare SWPPP	(Part of Bid Item No. 16)	$2,400
B.	Rain Event Action Plan, $125 EA x 30	(Part of Bid Item No. 17)	$3,750
C.	Storm Water Sampling and Analysis Day, $500 EA x 80	(Bid Item No. 18)	$40,000
D.	Storm Water Annual Report, $500 EA x 3	(Bid Item No. 19)	$1,500

The following services will be provided on a Time and Materials basis as needed:

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 725 per week

$125/hr x 6 hours = $750/week x 60 weeks = **$45,000 Not to Exceed**

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 500 EA
$125/hr x 4 hours = $500 per visit x 30 visits = **$15,000**

For quantity purposes, we estimate no more than 30 events (based upon Caltrans REAP quantities)

Estimators please note that a Prestorm Inspection (Under item F) will be required in addition to the REAP.

This is based on the project lasting 96 weeks.

G. Prepare SWPPP Amendments as needed $ 2,700

Assumes 5 amendments, 4 hours each
$135 / hr x 4 hours x 5 = $2,700 Budget

Contractors should take note that Items E and F above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163. Item G should be included in the Prepare SWPPP Item as well.

For any additional services,
Rates for a QSD are: $135/hr
Rates for a QSP are $125/hr.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

Robin Tully

Revised 11-18-15

To: DeSilva Gates Construction
Attention: Dave Bast
Phone: 925-829-9220
FAX: 925-803-4263
Subject: Caltrans 03-1F4004 Hwy 80 Colfax (trucking quote)

Fax Date: 11/18/2015
Bid Date: 11/18/2015

Nothing in the original quote has been changed except for the production rate disclaimer in this paragraph. This project may require more trucks than I can provide. There is a possibility of truck shortages. I do not want to work with the work with the consequences of being back charged for not providing enough trucks. An additional concern regarding production that I want to point out, is that the trucks will be going uphill while dumping. There is a high probability that they will spin out and need a push. This resulting in your crews being delayed in there compaction efforts. You ask, what am I comfortable with. Answer is listed below. No back charges excepted.

1) **Base Rock with Double Bottoms = 600 TPH on short hauls, 400 TPH on long hauls** 3200-4800 T/DAY
2) **Asphalt with Double Bottoms = 275 TPH** 2200 T/DAY
3) **End Dumps = 35 trucks. I will try to get more. (work needs to be 5 days a week)**

Nordic, Parks Bar	RSP	N-A	N-A	$22.64	$20.88	U.S. Ton

Add $0.30 per ton for loads that you want tarped. AC trucks are the only one's with tarps.

Standby on all materials will be calculated per truck per day:

1) $ 1.67 per minute
2) Each load, when the loading and dumping combined, exceeds 30 minutes for all truck types except for Transfers. Transfers will be 45 minutes.
3) No other loads can be averaged or included in the calculation.

Per Load dirt hauls = Contractor is responsible for illegal loads. (over weight-over height-blowing-etc.)

If you want to replace the tonnage rates by paying us by the hour, this decision needs to be communicated to us one month prior to ordering the trucks. I need to be accurate in the pay rate I quote to the trucks I hire.

Hourly Rates:

		Mon-Fri	Saturday	Sunday
1) 10 Wheelers	3 axle	$ 95.00	$ 100.00	$ 110.00
2) Super Dumps	4 axle	$ 110.00	$ 115.00	$ 125.00
3) Double Bottoms	5 axle	$ 105.00	$ 110.00	$ 120.00
4) Transfers	5 axle	$ 105.00	$ 110.00	$ 120.00
5) Semi Ends	5 axle	$ 105.00	$ 110.00	$ 120.00
6) Semi Bottoms	5 axle	$ 105.00	$ 110.00	$ 120.00

Note: Hourly work is subject to 6 hour minimum DAYS

Note: Hourly work is subject to 8 hour minimum NIGHTS

Night work:

Add 10% to above prices. (tonnage-load-tarp-standby-hourly-etc).

Subject to $920.00 minimum, per truck, per night. (tonnage-load-tarp-standby-hourly-etc)

Prevailing Wages:

When prevailing wages are required, Owner-Operator's will be provided at the quoted rates.

When Owner-Operator's are not available, we will supply employee drivers for an additional 30%.

Please keep in mind that 25% of the Owner-Operator's are no longer in business because of CARB regulations.

Please keep in mind that 35% of the Owner-Operators have lost their Owner-Operators status, due to DIR changes.

Escalation:

1) Work performed through 12-30-16	No change
2) Work done 1-1-17 through 12-30-17	Add 5% to all prices above
3) Work done 1-1-18 through 12-30-18	Add 10% to all prices above

Fuel Surcharge:

1) In the event that On Road Diesel prices exceed $3.50 per gallon we will surcharge all of the quoted prices above at a rate of 1% per 10 cent a gallon increase over $3.50 price at the pump.

Written acceptance of this quote is required, within 10 days of Agency or Owner's award.

This quote shall be made a part of, and attached to the purchase order / contract.

Thank You for the opportunity to bid this job,

Jeff Archer, 707-489-1837

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (http://californiasbdc.org) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an equal opportunity employer.

Thank you,

Federally Funded Contracts
Evaluating DBE Participation
Role of OBEO, Contract Evaluation Unit

May 2013

The California Department of Transportation (Caltrans), Office of Business and Economic Opportunity (OBEO), Contract Evaluation Unit (CEU), is responsible for evaluating all Caltrans federally funded contracts and is responsible for counting Disadvantaged Business Enterprise (DBE) participation towards contract goals according to federal regulation. The CEU determines whether the goal has been met or an adequate good faith effort has been made by the contractor.

Bidder's Responsibility – For Meeting DBE Requirements	
Refer to the Special Provisions of the specific contract you are bidding on for your responsibilities. Contracts are advertised on the Office Engineer's (OE) website at http://dot.ca.gov/hq/esc/oe/weekly_ads/index.php and the Division of Procurement and Contracts' (DPAC) website at http://caltrans-opac.ca.gov/contract.htm.	
Contract Evaluation Unit's Responsibility – Counting DBE Participation	
Step 1	A contract is received from Office Engineer (OE) or Division of Procurement and Contracts (DPAC) and the CALTRANS Bidder-DBE Commitment form from the prime contractor is reviewed to see if the prime contractor met the goal. If not, the good faith effort will be evaluated. See 49 CFR, Part 26, Appendix A, for good faith efforts guidance. This determination is based only on information timely submitted with the bid.

Step 2	Review the CALTRANS Bidder-DBE Commitment form from the prime contractor to:
	• ensure that the DBEs are certified by checking the California Unified Certification Program (CUCP) database [cross referencing DBE work category code(s) with contract bid items] *(If the DBE is not certified, their participation will not be counted.)*
	• ensure that the DBEs possess the correct work category code for the type of work they are listed to perform http://www.dot.ca.gov/hq/bep/find_certified.htm *(If the DBE does not possess the correct work category code, their participation will not be counted.)*
	• verify the dollar amount claimed for credit is accurate
	  ° amount claimed for credit on DBE Commitment form is consistent with written confirmation (quote) from DBE.**
	  ° amount claimed for credit is consistent with the prime contractor's bid and subcontractor listing
	Written confirmation (quotes) from the DBEs are reviewed to verify if the DBEs are committed to do the work on the Caltrans Bidder DBE Commitment form.**
	**Important Note: Rate sheets that are generic will not be accepted in lieu of written confirmation (quotes). This determination is based only on information timely submitted with the bid.

Step 3	Counting DBE participation: DBE participation is "counted" only where it is demonstrated that a certified DBE possessing the correct work codes will be actively participating on the contract. CEU will count DBE participation as follows: • The entire amount of that portion of a construction contract that is performed by the DBE's own forces are counted. • DBE' participation will not be counted if the DBE is not certified at the time of bid or if a certified DBE does not possess the correct work codes. • The method for counting trucking towards the DBE goal requires the following additional documentation: motor carrier permit, truck title, registration, and proof of insurance, trailer or tanker registration, bills of lading, sub-hauling agreements, existing commitments of trucking on other jobs, and subcontract specific information (e.g., type of material hauled, number of trucks/trailers/tankers, load capacity, distance traveled, and schedule). Truckers need to own at least one, operable, insured truck. • DBE trucking firms receive 100 percent credit for the value of the hauling. DBE trucking firms who sublease to other DBE firms or DBE owner operators receive 100 percent of the value of the hauling. • DBE trucking firms who sublease to non-DBE trucking firms or non-DBE owner operators receive credit for the transportation arrangement or broker fees ***only*** – typically from 5 -20 percent of the value of the hauling. • Cost of material or supplies are counted at 60 percent for regular dealers. Those claiming to be regular dealers of bulk items must additionally demonstrate that they own and operate appropriate distribution equipment. **Important Note:** There may be times when further clarification of commitment is requested for other types of work.
Step 4	Determination is made regarding whether goal was met. If goal was not met, the good faith effort documentation will be evaluated. **Important Note:** The steps above are not all inclusive. Other steps may be taken in the contract evaluation process.
Step 5	The contracts are returned to OE or DPAC, whichever is applicable.

Federally Funded Contracts
Monitoring DBE Participation
During Construction
May 2013

Role of the Division of Construction

California Department of Transportation (Caltrans) resident engineers and inspectors monitor the contract work to ensure the DBEs listed on the approved CALTRANS Bidder-DBE Commitment form perform the items of work specified at the time of bid opening and that no improper substitutions occur. Monitoring includes documenting the work DBEs perform by completing inspection reports. Resident engineers and inspectors ensure that all DBEs are performing a commercially useful function (CUF).

CUF is a matter of contract compliance that achieves two objectives: (1) ensures that dollars counted towards DBE goals are merited, and (2) ensures the Federal Government that funds entrusted to the State of California meet federal requirements.

Code of Federal Regulations 49, Part 26.55(c)(1)(2) states, "A DBE performs a commercially useful function when it is responsible for execution of the work on the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved."

To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating a price, determining quality and quantity, ordering the material, and installing where applicable and paying for the material itself.

A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.

To ensure DBEs are performing a CUF, the resident engineer or inspector documents the DBE's work in inspection reports and reviews additional documentation that verifies the DBE's participation. Some examples of the types of documents are:

- certified payroll records
- paid supplier invoices
- monthly trucking verification reports
- supplier bills of lading or purchase requests
- leases

Service and Architect and Engineering Contracts

Monitoring DBE participation, including whether a DBE is performing a CUF, are subject to the same guidelines as stated above [49 CFR, Part 26.55(c)(1)(2)].

For further details, please refer to 49 CFR, Part 26.55.

CALIFORNIA DEPARTMENT OF TRANSPORTATION
DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS
FEBRUARY 2015

On October 2, 2014, the United States Department of Transportation published revisions to the Disadvantaged Business Enterprise (DBE) program regulations found in Title 49 of the Code of Federal Regulations, Part 26 (49 CFR 26). The DBE regulations in 49 CFR 26 form the basis for the California Department of Transportation's (Caltrans) DBE program.

As a result of the changes to 49 CFR 26, the California Department of Transportation (Caltrans) has completed significant revisions to the following sections of its Standard Specifications:

- Section 2: Bidding
- Section 5: Control of Work

Following is a summary of changes:

Counting DBE Participation 2-1.12A General

- To count toward meeting a DBE goal, each listed DBE, at bid opening, must possess the work category code(s) applicable to the type of work they will perform on the contract.
- If a DBE leases trucks from a non-DBE truck leasing company, it must use its own employees as drivers in order to be eligible to receive credit for the total value of the hauling services.

DBE Commitment Submittal 2-1.12B(2)

- All bidders must submit, no later than 4 p.m. on the 4th business day after bid opening, the following information:
  - DBE Commitment form.
  - Quote from each listed DBE that describes the type and amount of work shown on the DBE Commitment form.
  - DBE Written Confirmation form for each listed DBE to establish that the DBE has agreed to participate in the type and amount of work shown on the form.
  - If the contract goal is not met, good faith efforts documentation. Good faith efforts documentation submitted outside of the specified timeline will not be considered as part of Caltrans' evaluation of good faith efforts.
- Caltrans has modified its DBE Commitment and DBE Good Faith Efforts Documentation forms based on changes in 49 CFR 26.

Evaluation of Good Faith Efforts 2-1.2B(3)

- Appendix A to 49 CFR 26, "Guidance Concerning Good Faith Efforts," has been revised. Highlights include:
  - Additional emphasis on a bidder's efforts to identify and solicit DBEs.
  - Additional emphasis on a bidder's efforts to negotiate in good faith with interested DBEs, including evaluation of quotes provided by DBEs.
  - Caltrans must consider the performance of other bidders in meeting the contract goal as part of an evaluation of good faith efforts.

Reporting 5-1.13B(1)

- Caltrans must begin collecting and reporting DBE payment data for all ongoing contracts. This is in addition to the collection and reporting of DBE final utilization upon acceptance of contract work.
- Prime contractors must submit by the 15th of each month a Monthly DBE Payment form documenting payments made to DBEs during the previous month. Failure to submit this form each month by the specified due date will result in withholds pursuant to section 9-1.16E(3), Performance Failure Withholds, of the Caltrans Standard Specifications.

DBE Substitutions 5-1.13B(2) General

- A substitute DBE, at the time of substitution, must possess the work category code(s) applicable to the type of work the substitute DBE will perform on the contract.
- The prime contractor must submit good faith efforts documentation for DBE substitutions within 7 days; the timeline may be extended an additional 7 days at the contractor's request.
- A prime contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding of good faith efforts to replace the original DBE.

This summary was prepared by the Office of Business and Economic Opportunity (OBEO) to promote awareness of changes to the DBE regulations at 49 CFR 26. The information provided in this document is not intended to supplement or replace contract documents that contain information regarding contract-specific requirements.

Caltrans encourages bidders and DBEs to review on a contract by contract basis all bid documents, including but not limited to, standard specifications and standard plans, forms, and addenda to identify, understand, and comply with contract requirements.

For more information about the Caltrans' DBE program, please visit the OBEO's web site at http://www.dot.ca.gov/hq/bep/.
