Joe Richardson

In order for me to invest bidding expenses, such as visiting the site, purchasing plans and specs, and estimating the work, I would like to know what the approximate size of this project is. (Engineer's estimate)

In addition, I would like to know what the percentage of participation DBE/MBE/SBE if any is being by the bid documents. Once you provide me with this information I will respond accordingly.

Thank you and I look forward to receiving this vital and necessary information and to hearing from you.
