

# CLEARLAKE BEAUTIFICATION & CLEANUP

## PROJECT OVERVIEW

The Clearlake Beautification and Cleanup project will replace outdated signs at the city's gateway and corridor entrances, install wayfinding signage, and improve pedestrian and bicycle traffic.

Shade structures will be installed at Austin Park to make the area usable year-round, as well as reduce water usage.

Eight murals will be painted on various businesses in the downtown corridor with themes of environmental preservation, cultural history, and community pride.

So far, more than 20 tons of garbage have been removed from the yards and streets of Clearlake in just two of our free dump days. Through the efforts of the City, Code Enforcement, citizens, volunteers from CC4C, land owners, Waste Connections, and East Lake landfill, Clearlake is cleaning and educating the public about the importance of proper waste handling, recycling, and composting.

## PROJECT SCHEDULE

Project Begins Summer 2022

Construction Begins Spring 2023

## AT-A-GLANCE

**OVERALL TOTAL** \$1,557,158

**FUNDING SOURCE** Clean California
