I am a DBE Consultant, **not** a contractor. You really need a DBE consultant and an updated database. Yours is almost 4 years old. How can you possibly expect to get DBEs for your projects?

Please contact me to discuss Americo assisting you to become compliant with 49 CFR Part 26.

Dear Palmdale Engineers,

You don't provide any information as to where to send the quotation. We would be interested in the contractor-hired biologist (presumably to provide monitoring services). Our standard rate for daily monitoring is $900 per day, exclusive of expenses. Is this sufficient information for your proposal?
