Scope Park[s], Landscaping MISSION BAY HOUSING LANDSCAPE IMPROVEMENTS: The project renovates an underutilized courtyard consisting of terraced concrete walls with a traditional lawn at the center. Presently, the students walk across the lawn and precariously climb over concrete walls to access the exit gates at the edge of the courtyard. The new plan removes the walls and replaces them with walks and steps, and lighting. A patio with natural boulder seating provides a gathering space for the students and their families. The lawn is replaced with native and drought tolerant plants.

Dear Ms. Davis –
