RE: Disadvantaged Business Enterprise Certification

Dear Mr. Karanja:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
561612	Security Guards and Patrol Services

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

This proposal is subject to all Terms and Conditions below.

TERMS AND CONDITIONS OF CONTRACT:

In this agreement Sublet means LMS Transport (LMS) & LMN Incorporated (LMN). Owner means owner and/or any general contractor (customer) and/or agent or owner. This is a proposal per owner's request, not a complete property evaluation.

1. Standard Exclusions: Engineering, Soils Test, Permits, Compaction Test and/or Inspection Fees unless noted.

2. Prices are firm for thirty (30) days from the date of the proposal unless otherwise stated.

3. Owner agrees to indemnify Sublet from any claim or suit for bodily injury or property damage arising from the design construction or installation of speed bumps or wheel stops.

4. Any changes required by owner shall be authorized in writing and paid by owner at Sublet prevailing rates unless quoted and agreed upon in writing.

5. Owner agrees to furnish to jobsite necessary and adequate water supply at owner's expense.

6. Sublet assumes no liability for damage to underground pipes, septic tanks, cesspools or other underground structures; and any extra expense caused by the Sublet by the existence or location thereof shall be charged to buyer.

7. Owner agrees to pay attorney's and court costs in event suit is instituted to collect amounts due Sublet.

8. If work is performed according to owner's specifications of labor and materials, Sublet does not assume responsibility for the defects.

9. If work is to be performed by Sublet to provide labor and material in a workmanlike manner to accomplish the owner's purposes, Sublet agrees to repair or replace any defects of which owner gives notice to Sublet within 5 days after completion of work.

10. Delays or damage caused by building trades other than Sublet not employed by Sublet, shall be owner's responsibility.

11. Sublet shall be responsible for clean-up and removal of Sublet work and materials only.

12. If asphalt compaction tests are required by customer or agency, these must be performed while asphalt is being laid. Tests performed at a later date are not an acceptable method, and we assume no responsibility for those results.

13. Sublet is not responsible for proper drainage.

14. Grades are to be furnished plus and minus one tenth (.10) of a foot with dirt to balance.

15. Jobsite must be accessible to heavy equipment.

16. Workers compensation will be covered by the Owner for the Sublet employees for this project only.

REQUEST FOR QUALIFICATIONS
SOUTH COAST WATER DISTRICT
SEWER TUNNEL STABILIZATION AND PIPELINE REPLACEMENT PROJECT

The South Coast Water District (District) is releasing a Request for Qualifications (RFQ) to establish a Prequalified Tunnel Contractors list of firms eligible to bid on the rehabilitation of its Beach Interceptor Tunnel located in Laguna Beach, California. The project known as the "Tunnel Stabilization and Sewer Pipeline Replacement Project" (Project) involves improvements to the existing tunnel access, development of a new tunnel shaft access point, enlargement of the tunnel, and replacement of a 24-inch Techite gravity sewer pipe located within the tunnel. It is anticipated the five-year project will be build in 4 phases with a bid process held for each phase.

RFQ minimum qualifications include:
- Successful completion of two to five projects within the last 10 years that involve one or more of the following:
  - excavation and shotcrete support of small tunnels in soft bedrock,
  - Rehabilitation of tunnels with existing pipelines
  - tunnel work with limited access and staging
- Capacity and Resources;
  - Project Manager with 10 + years of experience in tunnel construction
  - General superintendent with 10 + years experience in tunnel construction
  - Appropriate equipment for rapid mobilization.

For further information, interested companies may obtain a copy of the RFQ by registering on the District's electronic bidding system, Planet Bids, located on the District's web site: www.scwd.org. Use category code 0760 when registering on Planet bids. State and Federal requirements include DBE and Prevailing Wages apply to this Project and are included in the RFQ. It is anticipated that RFQ will be available on Planet Bids by April 12, 2016.

Responses to the RFQ are due no later than May 12, 2016 and will be submitted through the District's e-bidding system. Anticipated construction start date for the first phase is 09/16/2016.

REQUEST FOR QUALIFICATIONS
SOUTH COAST WATER DISTRICT
SEWER TUNNEL STABILIZATION AND PIPELINE REPLACEMENT PROJECT

The South Coast Water District (District) is releasing a Request for Qualifications (RFQ) to establish a Prequalified Tunnel Contractors list of firms eligible to bid on the rehabilitation of its Beach Interceptor Tunnel located in Laguna Beach, California. The project known as the "Tunnel Stabilization and Sewer Pipeline Replacement Project" (Project) involves improvements to the existing tunnel access, development of a new tunnel shaft access point, enlargement of the tunnel, and replacement of a 24-inch Techite gravity sewer pipe located within the tunnel. It is anticipated the five-year project will be build in 4 phases with a bid process held for each phase.

RFQ minimum qualifications include:
- Successful completion of two to five projects within the last 10 years that involve one or more of the following:
  - excavation and shotcrete support of small tunnels in soft bedrock,
  - Rehabilitation of tunnels with existing pipelines
  - tunnel work with limited access and staging
- Capacity and Resources;
  - Project Manager with 10 + years of experience in tunnel construction
  - General superintendent with 10 + years experience in tunnel construction
  - Appropriate equipment for rapid mobilization.

For further information, interested companies may obtain a copy of the RFQ by registering on the District's electronic bidding system, Planet Bids, located on the District's web site: www.scwd.org. Use category code 0760 when registering on Planet bids. State and Federal requirements include DBE and Prevailing Wages apply to this Project and are included in the RFQ. It is anticipated that RFQ will be available on Planet Bids by April 12, 2016.

Responses to the RFQ are due no later than May 12, 2016 and will be submitted through the District's e-bidding system. Anticipated construction start date for the first phase is 09/16/2016.

CONTRACT NO. 06-2HT104
BID DATE: APRIL 12, 2016 AT 2:00 P.M.
Please Fax Quotes to: 916-369-0429
Pre-Bid Meeting (non-mandatory): March 24, 2016 @ 1:30 pm at 2015 E. Shields Ave., Suite 100 in Fresno, CA (Caltrans' Manchester Office)

PROJECT DESCRIPTION: The California Department of Transportation (Caltrans), in partnership with the California High-Speed Rail Authority (Authority) will be realigning portions of State Route 99 from Clinton Avenue to Ashlan Avenue 80 to 100 feet to the west. The realignment is part of the high-speed rail corridor of projects within the Merced to Fresno project section. This realignment accommodates the high-speed rail system between the existing freeway and the Union Pacific Railroad. Additionally, the alignment project will improve traffic operations, reduce congestion and enhance traffic safety.

PROJECT SCOPE: • Three through lanes with one auxiliary lane for each direction of travel on State Route 99; • A reconfigured Interchange at Clinton Ave. which includes replacing the Clinton Ave Overcrossing; • New overhead structures that span the railroad tracks at Clinton and Ashlan Avenues to meet horizontal and vertical clearance requirements of the high-speed train; • Rerouted and cul-de-saced local streets to accommodate the realigned freeway and maintain traffic flow; • Infrastructure for the high-speed rail project with thee limits; • Closure of ramps at Princeton, Shields and Dakota Ave.

Granite Construction Company (Granite) will be requesting quotes from qualified subcontractors and suppliers including certified SB/DBE/DVBE firms for the following items of work, including but not limited to: • Preparing Lead Compliance Plans and Storm Water Prevention Plans; • Quality Control for HMA and Concrete; • Furnishing & Spreading Tack Oil; • Concrete Pumping; • Operated Cranes; • Operated Coldplaners; • Operated Street Sweepers; • Operated Water Trucks; • Traffic Control & Message Board Rental; • Temporary K-railing & Crash Cushions; • Guard Service; • Placing HMA Dike; • Clearing & Grubbing; • Bridge Demolition; • Pavement Removal; • Earthwork and Grinding; • Temporary Shoring Design & Installation; • Storm Drain; • Water and Sewer; • Dry Utilities Installation & Removal; • Concrete Pavement Construction; • Sawcutting; • Concrete Flatwork; • CIDH Piling; • Construction Area Signs; • Roadway Signs, Channelizers, & Barricades; • Fencing; • Metal Beam Guard Railing; • Landscaping & Irrigation; • Erosion Control; • Concrete Barriers; • Roadway Electrical; • Stray Current Protection; • Overhead Signs; • Boring & Jacking; • Roadway Striping; • Retaining Walls & Bridges; • MSE Walls; • Reinforcing Steel; • Concrete Staining & Anti-Graffiti Coatings; • Joint Sealing; • Soundwalls; • Furnishing & Erecting Precast Concrete Girders; • Concrete Supply; • HMA Supply; • Base Rock, Sand & Gravel Supply; • Plastic Pipe, Concrete Pipe, & Steel Pipe and Related Accessories Supply; • Precast Inlet & Manhole Supply; • Temporary Shoring Materials Supply; •Hauling (10-wheelers, End-dumps, Transfers, Bottom Dumps, Flat Beds, Transports).

Work packages will be broken down into comparable packages as reasonably necessary. Granite will work with interested subcontractors to identify opportunities to break down items into economically feasible packages. Portions of work can be made available upon request prior to bid date. Please call if any assistance is needed.

For any bid proposal submitted on or after March 1, 2016 and any contract for public work entered into on or after April 1, 2016, the following registration requirements apply; Every Subcontractor is required to be registered to perform public work pursuant to Section 1725.5 of the Public Contract Code ("Section 1725.5"). No Contractor or Subcontractor shall be qualified to bid on, be listed in a bid proposal pursuant to Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, unless currently registered to perform public work pursuant to Section 1725.5. No bid shall be accepted nor any subcontract entered into without proof of the Subcontractor's current registration to perform public work pursuant to Section 1725.5.

Granite Construction Company is signatory to Operating Engineers, Laborers, Teamsters, Cement Masons and Carpenters Unions. 100%^ performance and payment bonds may be required for the full amount of subcontract price. Granite will pay for bond premium up to 1.5%. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage meeting Granite's requirements and will be required to sign the standard Granite Subcontract Agreement. A copy of the insurance requirements and agreement can be obtained on the SmartbidNet site. Please contact us if you need assistance in obtaining bonding, insurance, equipment, materials and/or supplies. Granite intends to work cooperatively with all qualified firms seeking work on this project. Granite is an Equal Opportunity Employer.

To be added to granite's subcontractor/vendor list, please e-mail your information to Melinda Henry (melinda.henry@gcinc.com).

Economist

If there are serious doubts hanging over a conventional high-speed train operating at speeds up to 220mph between Los Angeles and San Francisco on conventional electrified track, what then are the prospects for Elon Musk's proposed 760mph Hyperloop between the two cities? The short answer is probably none. Even so, Mr Musk's flare for publicity has done much to capture the imagination.

Back in 2013, the billionaire boss of the Tesla electric-car company and the SpaceX rocket developer hit the headlines with a fresh take on the "transplanetary subway" proposed in the 1970s by visionaries at Rand Corporation, a think tank in Santa Monica, California. However, instead of being under the ground, the Hyperloop proposed using a steel tube containing a near-vacuum that would sit on stilts above it. Passenger pods, riding on air-bearings or magnetic fields instead of wheels, would travel inside this air-tight tube, to be laid alongside the Interstate-5 highway between Los Angeles and the Bay Area, at close to the speed of sound, completing the 400-mile journey in little over half an hour. Mr Musk reckoned the Hyperloop could be built for no more than $6 billion-a tenth the cost of the California high-speed train.

Two separate groups have taken him seriously. Hyperloop Technologies (HT), in central Los Angeles, is a typical startup venture, with 30 or so full-time employees and $10m of seed money. By contrast, Hyperloop Transportation Technologies (HTT), based on the west side of the same city, is a crowd-sourced community of 450 volunteers scattered around the country, who devote ten hours a week to the project in exchange for stock options.

They are not the only ones mesmerised by the Hyperloop idea. Some 116 student engineering teams, from across America and elsewhere, gathered at Texas A&M University late in January to show off their Hyperloop pod designs in a competition organised by SpaceX. Finalists have been invited to test

prototypes this summer on a five-mile test track being built by HTT at Quay Valley, California.
Everyone involved now accepts that Mr Musk seriously under-estimated the cost of building a Hyperloop between Los Angeles and San Francisco-probably by a factor of ten or more. There are few illusions, too, about the engineering difficulties involved. Fabricating an air-tight steel tube hundreds of miles long, with solar-powered linear motors providing propulsion while supporting passenger pods on air-bearings or by magnetic levitation is challenging enough. A bigger hurdle is overcoming the "pistoning" effect, caused by air in the tube (even though it would be at only a thousandth the pressure of that outside) piling up in front of the pod and slowing it down. Calculations done by NASA suggest the tube would have to be at least four times wider than the pod to prevent even the tiny amount of residual air within it blocking the pod's passage. Mr Musk budgeted for tubes only twice as wide.

But perhaps the most intractable problem facing Hyperloop designers is how to deal with not just the jostling, vibration and noise bombarding passengers as the compressed air screamed around the pod, but also the g-forces involved. These could easily exceed a queasy 0.5g as a result of slight variations in alignment caused by the tube's supports flexing and settling. At the speed it is designed to travel, the Hyperloop could be a veritable "vomit comet". A far better case could be made for it as a means for funneling freight to market (fresh produce from the Central Valley?) than as a fairground ride for churning the stomach.

If the ride quality alone did not render the Hyperloop a non-starter, the cost of building it certainly would. Michael Anderson, a resource economist at the University of California, Berkeley, reckons it would cost around $100 billion to complete. While Governor Brown's legacy may now be safe, albeit at considerable public expense, there is no way that the Hyperloop would ever work out, says Dan Sperling, director of the Institute of Transportation Studies at the University of California, Davis. It would make even the high-speed train look a bargain.

California's $64 billion project that would change how people travel is looking less doomed

By William Fierman

California's hopes for a $64 billion high-speed rail line connecting Los Angeles and San Francisco has overcome some huge hurdles in recent weeks.

A petition for a ballot initiative that would have asked voters to decide between the rail line and water projects in the drought-ridden state failed to achieve enough signatures by a March 25 deadline.

While supporters of the petition have promised to try again in two years, the project will be spared the current wave of public disapproval caused in large part by months of bad press.

Just weeks ago, a superior court judge in Sacramento threw out a lawsuit alleging that the California High-Speed Rail Authority - the body responsible for the project - was dramatically over budget and had failed to meet obligations for the future train line's performance as outlined in the Proposition 1A Bond Act.

The judge ruled that it was far too early to hear such allegations when so many variables were still unknown, but seemed to leave room for future suits, the Los Angeles Times reported.

"While Plaintiffs have produced evidence that raises substantial concerns about the currently proposed system's ability to ultimately comply with the Bond Act, the [California High-Speed Rail] Authority has yet to produce the funding plan that makes those issues ripe for review," Superior Court Judge Michael P. Kenny ruled.

The High-Speed Rail Authority, which has overseen the initial construction of the project, called the ruling a sign that the project would be completed as planned.

"This five-year lawsuit wasted taxpayer dollars and delayed implementation, but we are moving forward and redoubling our efforts to build this transformative, job-creating investment in California's future," High-Speed Rail Authority Chairman Dan Richard said in a statement.

While the news may give the project - the subject of bitter political strife since its inception - some temporary respite, it still remains a favorite target of conservative state lawmakers and numerous eminent domain lawsuits.

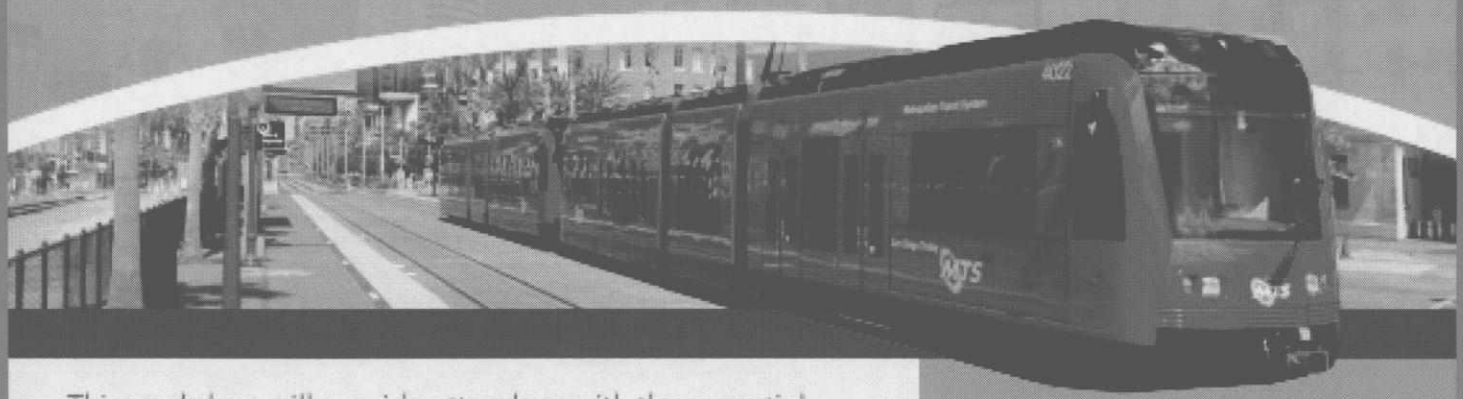
QUALITY CONTROL AND SAFETY WORKSHOP



This workshop will provide attendees with the essential elements on how to develop and implement effective Quality Control and Safety Programs for construction projects. MCTC is inviting firms in the construction building trades, including Disadvantaged Business Enterprises (DBEs) and Small Businesses (SBs), to attend this workshop.

Specifically, you will learn:

QUALITY CONTROL

- How to distinguish quality control from quality assurance
- The basics of the quality process
- The importance of controlling quality on your own work
- How to develop a quality control plan

SAFETY

- How to make a safe work environment on your projects
- How to make effective safety management techniques part of your culture
- How to develop the necessary components of a Safety Manual
- What specific safety training is required for your workforce

DATE:
Tuesday, April 12, 2016

TIME:

If there are serious doubts hanging over a conventional high-speed train operating at speeds up to 220mph between Los Angeles and San Francisco on conventional electrified track, what then are the prospects for Elon Musk's proposed 760mph Hyperloop between the two cities? The short answer is probably none. Even so, Mr Musk's flare for publicity has done much to capture the imagination.

Back in 2013, the billionaire boss of the Tesla electric-car company and the SpaceX rocket developer hit the headlines with a fresh take on the "transplanetary subway" proposed in the 1970s by visionaries at Rand Corporation, a think tank in Santa Monica, California. However, instead of being under the ground, the Hyperloop proposed using a steel tube containing a near-vacuum that would sit on stilts above it. Passenger pods, riding on air-bearings or magnetic fields instead of wheels, would travel inside this air-tight tube, to be laid alongside the Interstate-5 highway between Los Angeles and the Bay Area, at close to the speed of sound, completing the 400-mile journey in little over half an hour. Mr Musk reckoned the Hyperloop could be built for no more than $6 billion-a tenth the cost of the California high-speed train.

Two separate groups have taken him seriously. Hyperloop Technologies (HT), in central Los Angeles, is a typical startup venture, with 30 or so full-time employees and $10m of seed money. By contrast, Hyperloop Transportation Technologies (HTT), based on the west side of the same city, is a crowd-sourced community of 450 volunteers scattered around the country, who devote ten hours a week to the project in exchange for stock options.

They are not the only ones mesmerised by the Hyperloop idea. Some 116 student engineering teams, from across America and elsewhere, gathered at Texas A&M University late in January to show off their Hyperloop pod designs in a competition organised by SpaceX. Finalists have been invited to test

prototypes this summer on a five-mile test track being built by HTT at Quay Valley, California.
Everyone involved now accepts that Mr Musk seriously under-estimated the cost of building a Hyperloop between Los Angeles and San Francisco-probably by a factor of ten or more. There are few illusions, too, about the engineering difficulties involved. Fabricating an air-tight steel tube hundreds of miles long, with solar-powered linear motors providing propulsion while supporting passenger pods on air-bearings or by magnetic levitation is challenging enough. A bigger hurdle is overcoming the "pistoning" effect, caused by air in the tube (even though it would be at only a thousandth the pressure of that outside) piling up in front of the pod and slowing it down. Calculations done by NASA suggest the tube would have to be at least four times wider than the pod to prevent even the tiny amount of residual air within it blocking the pod's passage. Mr Musk budgeted for tubes only twice as wide.

But perhaps the most intractable problem facing Hyperloop designers is how to deal with not just the jostling, vibration and noise bombarding passengers as the compressed air screamed around the pod, but also the g-forces involved. These could easily exceed a queasy 0.5g as a result of slight variations in alignment caused by the tube's supports flexing and settling. At the speed it is designed to travel, the Hyperloop could be a veritable "vomit comet". A far better case could be made for it as a means for funneling freight to market (fresh produce from the Central Valley?) than as a fairground ride for churning the stomach.

If the ride quality alone did not render the Hyperloop a non-starter, the cost of building it certainly would. Michael Anderson, a resource economist at the University of California, Berkeley, reckons it would cost around $100 billion to complete. While Governor Brown's legacy may now be safe, albeit at considerable public expense, there is no way that the Hyperloop would ever work out, says Dan Sperling, director of the Institute of Transportation Studies at the University of California, Davis. It would make even the high-speed train look a bargain.

California's $64 billion project that would change how people travel is looking less doomed

By William Fierman

California's hopes for a $64 billion high-speed rail line connecting Los Angeles and San Francisco has overcome some huge hurdles in recent weeks.

A petition for a ballot initiative that would have asked voters to decide between the rail line and water projects in the drought-ridden state failed to achieve enough signatures by a March 25 deadline.

While supporters of the petition have promised to try again in two years, the project will be spared the current wave of public disapproval caused in large part by months of bad press.

Just weeks ago, a superior court judge in Sacramento threw out a lawsuit alleging that the California High-Speed Rail Authority - the body responsible for the project - was dramatically over budget and had failed to meet obligations for the future train line's performance as outlined in the Proposition 1A Bond Act.

The judge ruled that it was far too early to hear such allegations when so many variables were still unknown, but seemed to leave room for future suits, the Los Angeles Times reported.

"While Plaintiffs have produced evidence that raises substantial concerns about the currently proposed system's ability to ultimately comply with the Bond Act, the [California High-Speed Rail] Authority has yet to produce the funding plan that makes those issues ripe for review," Superior Court Judge Michael P. Kenny ruled.

The High-Speed Rail Authority, which has overseen the initial construction of the project, called the ruling a sign that the project would be completed as planned.

"This five-year lawsuit wasted taxpayer dollars and delayed implementation, but we are moving forward and redoubling our efforts to build this transformative, job-creating investment in California's future," High-Speed Rail Authority Chairman Dan Richard said in a statement.

While the news may give the project - the subject of bitter political strife since its inception - some temporary respite, it still remains a favorite target of conservative state lawmakers and numerous eminent domain lawsuits.

QUALITY CONTROL AND SAFETY WORKSHOP

This workshop will provide attendees with the essential elements on how to develop and implement effective Quality Control and Safety Programs for construction projects. MCTC is inviting firms in the construction building trades, including Disadvantaged Business Enterprises (DBEs) and Small Businesses (SBs), to attend this workshop.

Specifically, you will learn:

QUALITY CONTROL

- How to distinguish quality control from quality assurance
- The basics of the quality process
- The importance of controlling quality on your own work
- How to develop a quality control plan

SAFETY

- How to make a safe work environment on your projects
- How to make effective safety management techniques part of your culture
- How to develop the necessary components of a Safety Manual
- What specific safety training is required for your workforce

Dear Tammy:

Thank you for your interest in our company and for the invitation to bid on the above referenced project. I would love to prepare a sub-quote to you on this project, however, we are presently up to our ears in negotiating subcontracts on four tunnel projects.

While I am confident that you will receive sufficient quotes from many DBE firms, I am receptive to performing any type of work that your estimators select for us on a Time & Material plus a 5% fee basis. Please let me know if Craig Huss is receptive to this and I will go to his office to work out the details.

Thank you and I look forward to hearing from you.

Hi Tammy,

Thank you for the information, unfortunately, we don't do that kind of work, here is our description for future projects:

We are interested in bidding any future projects your company may bid.

We are MBE/WBE, DBE certified company specialists in restoration services for brick and concrete structures and rehabilitate manholes, wet wells, treatment plants, lift stations,etc. Our products are from Madewell company.

Please let me know if you need further documentation or if you have any questions.

Here is a link for your review. I look forward to hearing from you hoping we start a strong bussiness relationship.

Hi Bill,

I received your name and contact information from Susan Cates at WBENC. We were notified of your solicitation for DBE Subcontractors. For 20 years, PTS has been providing staffing and recruiting support to companies needing to hire Engineering, Construction, Project Management, and Project Controls professionals. Our clients include many of the top 500 rated construction companies by ENR such as Clark Construction, Jacobs, Parsons, Turner Construction, Dragados, among others. In addition to being able to supply hard to find talent to our clients, our clients are able to achieve tier 1 or tier 2 diversity credits for projects because we are a Certified Women Owned Business.

I have attached our WBE Certification, PTS' SOQ, along with additional information about our services. We are based in Irvine. I would love an opportunity to meet with you at your office to discuss how we support your staffing requirements but also allow you the opportunity to achieve valuable diversity credits. Please let me know your interest and availability for a conversation next week. Below is my contact information. If you have any questions or would like additional information, please don't hesitate to call. Otherwise, I look forward to your reply.

Best,
Randy

Tammy,
Thank you for sending the RFP. A question I have; we are not DBE, we are SBE certified by the State of California. Would it be o.k. for us to bid or you may only require DBE firms to propose?

Tammy,

Yes I plan on it, it is a pretty big one so I am trying to get as many items as I can on it not to mention our Traffic Rentals (and sales quotes for the same items).

I plan on sending it over Monday morning.

GENERAL TERMS AND CONDITIONS

PRICES AND TERMS

Prices are based on the terms and conditions set forth on page 1 of this Quotation, of which these General Terms and Conditions form a part, the terms and conditions stated in Customer's Application for Business Credit, and, if applicable, any terms and conditions relating to the delivery or shipment of materials by truck, barge, vessel, rail or other means which are provided by Vulcan to Customer in addition to this Quotation (each, a "Vulcan Sales Document", and collectively, the "Vulcan Sales Documents"). Prices are available only to the customer specifically named therein, and are only for the quantities mentioned in such Quotation or Sales Order plus or minus 10% of such quantities. A charge of 1.5% per month, (18% annum), will accrue on a daily basis from the date of invoice and will continue to accrue on a daily basis on any unpaid balance, both before and after judgment, until the date the balance is paid in full, or at the maximum amount permitted by law in which the sale occurred, whichever is less. **However, the assessment of a finance charge on invoices paid in full by the payment due date will be waived.** Quotation is offered for furnishing the total aggregate requirements for the project only. Customer's contract with Vulcan regarding the sale by Vulcan to Customer of the materials listed in this Quotation is subject to the terms and conditions set forth in the Vulcan Sales Documents. Prices reflect Customer's acceptance of materials at the quoted plant based upon gradation analysis performed and reported by Vulcan's certified plant quality control personnel. Any penalties that result from in place sampling shall be the full responsibility of Customer.

THE TERMS AND CONDITIONS OF THE VULCAN SALES DOCUMENTS GOVERN THE RIGHTS AND OBLIGATIONS OF THE PARTIES

If Customer has issued a purchase order for the materials quoted by Vulcan in this Quotation, this Quotation is not an acceptance of said purchase order, or any of its terms or conditions, which are hereby rejected. Any sale by Vulcan to Customer of the materials listed in this Quotation shall be subject to the terms and conditions set forth in the Vulcan Sales Documents, and Customer's receipt or acceptance of said materials shall constitute acceptance of the offer that this Quotation constitutes. Any terms or conditions of a subsequent purchase order issued by Customer that are inconsistent with the terms and conditions of the Vulcan Sales Documents shall be null and void.

SHIPMENT AND DELIVERY

Unless a "delivered" price is quoted by Vulcan in the Vulcan Sales Documents, all prices are F.O.B. point of shipment from the locations designated. All taxes applicable to the sale or delivery of materials that are not paid directly by Customer will be added to the sales price, invoiced to and paid by Customer, unless Customer provides Vulcan with satisfactory evidence of exemption from same. Shipment will be in accordance with Customer's reasonable instructions or, if none, then by whatever means Vulcan shall deem practicable. The quantities of material delivered to Customer shall be conclusively presumed to be the quantities shown on the tickets produced from a certified weigh scale at Vulcan's quarry or sales yard.

CREDIT AND DEFAULT

Vulcan shall have no obligation to ship or deliver except upon its determination prior to each shipment or delivery that Customer is worthy of the credit to be extended and is not in default upon any obligation to Vulcan. Upon default, Customer agrees to pay all of Vulcan's collection expenses, including attorneys' fees.

INSURANCE

A Memorandum of Insurance containing current information regarding Vulcan's insurance program is available at <http://www.marsh.com/moi?client=D156>.

EXCULPATORY PROVISIONS

Vulcan shall have no liability for delay or failure to make shipments, or delivery, as a result of strikes, labor problems, severe weather conditions, casualty, mechanical breakdown or other conditions beyond Vulcan's reasonable control. In no event shall Vulcan be liable for any incidental or consequential damages. Vulcan's liability and Customer's exclusive remedy for any cause of action arising out of the provision of material quoted herein shall be the replacement of, or payment of the purchase price for, the materials which are the subject of this Quotation.

CHANGE OF TERMS

Vulcan may change the price and/or quantity upon 30 days' notice to Customer. Vulcan shall also have right to change, modify or amend any other terms and conditions upon written notice of such change to customer. The effect of the change shall be as stated in the written notice and accepted by Customer upon placing of orders with seller following receipt of such notice.

APPLICABLE LAW

All orders are subject to acceptance by Vulcan at the headquarters of its West Division in Los Angeles, California, and the laws of the state in which the materials was shipped from shall apply to the sale of all materials subject hereto. In the event material is imported into the U.S., the law in the state in which the material was sold to the customer will prevail. All disputes regarding finance charges shall be governed by Alabama law.

LIMITED WARRANTY AND WARRANTY DISCLAIMER

Vulcan warrants for a period of one (1) year from date of delivery only that the material sold hereunder substantially complies with Vulcan's specifications for said material or the specifications set forth in Vulcan's quotation. **VULCAN HEREBY EXCLUDES ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PURPOSE, AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, OF THE MATERIAL SOLD HEREUNDER, OTHER THAN THE EXPRESS WARRANTY STATED ABOVE.** In addition, except to the extent otherwise set forth in the specifications described above, Vulcan makes no warranty whatsoever with respect to specific gravity, absorption, whether the material is innocuous, non-deleterious, or non-reactive, or whether the material is in conformance with any plans, other specifications, regulations, ordinances, statutes, or other standards applicable to Customer's job or to said material as used by Customer. VULCAN SHALL IN NO EVENT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE CAUSED BY NON-COMPLIANCE OF THE MATERIAL WITH SPECIFICATIONS, OR FOR ANY DEFECTS IN THE MATERIAL SOLD HEREUNDER.

This proposal is subject to all Terms and Conditions below.

TERMS AND CONDITIONS OF CONTRACT:

In this agreement Sublet means LMS Transport (LMS) & LMN Incorporated (LMN). Owner means owner and/or any general contractor (customer) and/or agent or owner. This is a proposal per owner's request, not a complete property evaluation.

1. Standard Exclusions: Engineering, Soils Test, Permits, Compaction Test and/or Inspection Fees unless noted.

2. Prices are firm for thirty (30) days from the date of the proposal unless otherwise stated.

3. Owner agrees to indemnify Sublet from any claim or suit for bodily injury or property damage arising from the design construction or installation of speed bumps or wheel stops.

4. Any changes required by owner shall be authorized in writing and paid by owner at Sublet prevailing rates unless quoted and agreed upon in writing.

5. Owner agrees to furnish to jobsite necessary and adequate water supply at owner's expense.

6. Sublet assumes no liability for damage to underground pipes, septic tanks, cesspools or other underground structures; and any extra expense caused by the Sublet by the existence or location thereof shall be charged to buyer.

7. Owner agrees to pay attorney's and court costs in event suit is instituted to collect amounts due Sublet.

8. If work is performed according to owner's specifications of labor and materials, Sublet does not assume responsibility for the defects.

9. If work is to be performed by Sublet to provide labor and material in a workmanlike manner to accomplish the owner's purposes, Sublet agrees to repair or replace any defects of which owner gives notice to Sublet within 5 days after completion of work.

10. Delays or damage caused by building trades other than Sublet not employed by Sublet, shall be owner's responsibility.

11. Sublet shall be responsible for clean-up and removal of Sublet work and materials only.

12. If asphalt compaction tests are required by customer or agency, these must be performed while asphalt is being laid. Tests performed at a later date are not an acceptable method, and we assume no responsibility for those results.

13. Sublet is not responsible for proper drainage.

14. Grades are to be furnished plus and minus one tenth (.10) of a foot with dirt to balance.

15. Jobsite must be accessible to heavy equipment.

16. Workers compensation will be covered by the Owner for the Sublet employees for this project only.

4. Structure not ready.
5. Time lost due to the above or other delays out of the control of DBE including, without limitation, changed work, acts of God, inclement weather, acts of any government agency or third party, acts of terror, unsuitable ground conditions, differing site conditions or delays caused by or & in the control of the Contractor or its other Subcontractors or the Owner will be charged at Caltrans rates and markups and DBE will receive an extension of time to complete its work as is necessary as a result of such causes.

PAYMENT SCHEDULE:
Monthly progress payments will be due thirty (30) days from the date of DBE's invoice or seven (7) days after receipt from the Owner, whichever is earlier. Prime Contractor shall pay prompt payment penalties at 2% per month per state statute and interest on all amounts due and unpaid. If Prime Contractor fails to make payment when due, DBE shall have the right to stop work on forty-eight (48) hours' notice without any liability for project delay. Retention rate is not to exceed that withheld by the Owner. All retention will be released thirty-five (35) days after completion of DBE's work. DBE will be allowed to furnish securities in an escrow account in lieu of retention being withheld.

FORCE ACCOUNT WORK:
DBE is to receive all mark up with the exception of the percentage allowed to the Prime Contractor in the Prime Contract.

WORK SCHEDULE:
1. DBE requires 60 day preliminary written notice of move-in date, with final written notice given three weeks in advance.
2. This proposal is based on a standard 8-hour shift, 5 days per week, with DBE's work to be performed in continuous operations, or as the job staging allows, in accordance with a mutually agreeable schedule, without delay by others. Prime Contractor shall furnish to DBE electronic copies of CPM baseline schedule and monthly updates.
3. If the baseline or any subsequent schedule dictates work being performed after the completion date set forth above, DBE shall have the right to receive increased payments from Prime Contractor and/or Owner to account for labor, equipment, and/or material price escalation and Prime Contractor shall also grant time extension(s) to DBE.

INDEMNIFICATION:
DBE and Prime Contractor (the "Indemnitor") will indemnify and defend the other (the "Indemnitee") for the Indemnitor's proportionate share of responsibility for the cause of any claims for injury or damages except to the extent arising out of the Indemnitee's negligence, whether in whole or in part. Additionally, DBE will not provide a waiver of subrogation unless it is required by the Prime Contract.

CHANGES:
DBE reserves the right to review and approve all Contract Change Orders relating to DBE work items prior to submittal and acceptance. Additional or changed work will be performed upon the completion of an executed Change Order, but Prime Contractor shall pay DBE for extra or changed work if DBE is given written or oral direction by Prime Contractor or Owner to proceed with such work.

TERMS AND CONDITIONS

PAYMENT

1. Prices quoted herein do not provide for retention. If the Contractor elects to withhold retention, the above line item "Cost of Retention" shall be extended and included in the cost of the work to be performed. Withheld retention and the "Cost of Retention" shall be due and payable within 60 days of Penhall Company's physical completion of work, as pertains to this subcontract. At no time shall the percentage of retention withheld from Penhall exceed the percentage withheld from the Contractor.
2. Nothing in resulting subcontract shall require the Subcontractor to continue performance if timely payments are not made to Subcontractor for suitably performed work.
3. No provisions of resulting subcontract shall serve to void the Subcontractor's entitlement to payment for properly performed work.
4. Late payments will be subject to all collection costs plus interest at 1.5% per month or the maximum allowed by law, whichever is greater.

INDEMNIFICATION/LIABILITY

5. Nothing in resulting subcontract shall require Penhall Company to indemnify any other party from any damages (including any expenses, attorney's fees, etc.) to persons or property for any amount exceeding the degree Subcontractor directly caused such damages.
6. Nothing in resulting subcontract shall require Penhall Company to be liable for consequential and/or indirect damages.

OTHER CONTRACT LANGUAGE

7. No back charge or claim of the Contractor for services shall be valid except by an agreement in writing with the Subcontractor before the work is executed, except in the case that the Subcontractor fails to meet any requirement of the subcontract agreement.
8. Penhall retains all rights allowed by law. Subcontract shall not require Subcontractor to waive any legal rights.

9. Termination of any agreement resulting from this proposal for convenience of the Contractor is strictly prohibited unless agreed to in writing by an authorized Penhall Company representative.
10. This proposal shall be incorporated as an Exhibit of any subcontract or purchase order for work contained herein. Notwithstanding anything to the contrary contained in any Subcontract, the General Contract, the General Terms and Conditions and/ or any other Contract Document related hereto, the Penhall Proposal attached to the contract as an Exhibit incorporated into the contract shall supersede any such inconsistent or contrary. In the event of a partial acceptance of the work proposed a revised proposal would be provided for incorporation into the agreement document.
11. Any and all work performed by Penhall Company and ordered (verbally or written) by the Contractor prior to mutually signing an agreement including initialing all changes shall be governed by this proposal.

	EXCLUDE ALL OTHER BID ITEMS AND WORK.			**TOTAL**	**$3,724,208.86**

- Prices include applicable State and Local Sales Tax.
- **Prices, as quoted, will remain firm for thirty (30) calendar days**, after which time Integrity Rebar Placers reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Integrity Rebar Placers' price is based on detailing, fabricating and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which Integrity Rebar Placers has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating and/or special mesh. Contract delays of more than forty five (45) days may result in additional cost of materials.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after _____.

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and /or assemblies, and power placing of individual bars that Integrity Rebar Placers may require. **Contractor to provide a minimum of 580 hours of actual hook time.** (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) If Integrity Rebar Placers is to perform its own hoisting, add $_____. (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Payment and Performance Bonds may be provided at 1% if necessary.
2. Night work is excluded except by additive quote.
3. CRCP slabs bid with concrete Dobbie supports. Not per standard P13

PLANS AND SPECIFICATIONS:

25. Epoxy Coated / Galvanized deformed and/or plain bars and/or wire mesh.

26. Field bending of rebar other than by additive quote.

27. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.

28. Traffic control (Lane closures, barricades, flagmen, signs, lights, etc.).

29. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.

30. Diaphragm dowels or bolts required for precast members.

31. Protection of exposed steel for future construction.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.

2. Integrity Rebar Placers may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Integrity rebar Placers offer be altered or modified, Integrity Rebar Placers reserves the right to immediately stop performance and Contractor agrees to indemnify

Integrity Rebar Placers for all costs and loss of profit.

3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to Integrity Rebar Placers:

   A. Grades and Lines.
   B. Templates.
   C. Racks, Ramps, Ladders, Cal-Osha approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
   D. Full access to all working areas for material, equipment and manpower.
   E. Level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and adjacent to jobsite location where steel is to be used and/or hoisted/lowered.
   F. Adequate lighting as required, sanitary facilities, trash bins, etc.
   G. As required, adequate electrical power and compressed air (90 PSI Min.).

4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to Integrity Rebar Placers for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.

5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from Integrity Rebar Placers exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date Integrity Rebar Placers has completed its scope of work.

6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.

7. Integrity Rebar Placers shall not be required to continue performance if, after Contractor has received payment for the properly performed work of Integrity Rebar Placers, timely payments are not made to Integrity Rebar Placers.

8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.

9. No provision of this Subcontract shall serve to void Integrity Rebar Placers entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.

10. Neither party will have the right of set-off against the other party for any reason.

11. If Integrity Rebar Placers is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work.

12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.

13. Field labor called for herein is to be performed during Integrity Rebar Placers regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at Integrity Rebar Placers standard rates for overtime, weekend, or holiday work. Integrity Rebar Placers standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should Integrity Rebar Placers be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.

14. Integrity Rebar Placers will indemnify, defend and save harmless Contractor and Contractor's customer from Integrity Rebar Placers proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of Integrity Rebar Placers or anyone directly or indirectly employed by Integrity Rebar Placers. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by Integrity Rebar Placers shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

    Integrity Rebar Placers carries the following insurance coverage's.

15. Contractor shall provide Integrity Rebar Placers with copies of all contract documents applicable to Integrity Rebar Placers performance, duties, or obligations at its Headquarters Office.

16. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.

17. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.

18. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.

19. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.

21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.

22. Integrity Rebar Placers shall not be liable for repair of any damage caused by others outside the control of Integrity Rebar Placers. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate Integrity Rebar Placers responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.

24. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.

25. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.

26. Contractor shall furnish adequate parking for all Integrity Rebar Placers employees at no cost to Integrity Rebar Placers within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay Integrity Rebar Placers for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work / Price or by additive quote.

27. Contractor will provide full access to all areas of the project for at least one (1) Integrity Rebar Placers' Foreman truck to provide supplies and accessories as needed for the project.

28. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

29. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Miranda:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description	Size Standard
488510	Freight Transportation Arrangement	$14.0 million
484110	General Freight Trucking, Local	$22.41 million
484220	Specialized Freight Trucking, Local	$22.41 million
562111	Solid Waste Collection	$12.5 million
562112	Hazardous Waste Collection	$12.5 million

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you) with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until or unless it is removed by our agency.

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Re: Small Business Enterprise Certification

Dear Mr. Miranda:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under the Metro SBE Program. Your firm will be listed in the Metro SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description	Size Standard
488510	Freight Transportation Arrangement	$14.0 million
484110	General Freight Trucking, Local	$22.41 million
484220	Specialized Freight Trucking, Local	$22.41 million
562111	Solid Waste Collection	$12.5 million
562112	Hazardous Waste Collection	$12.5 million

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Requests for additional or revised NAICS 2007 codes must be made in writing to Metro. After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Should any changes occur that could affect your certification status, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. SBE certification is subject to review at any time.

Metro reserves the right to withdraw this certification if at any time it is determined that certification was knowingly obtained by false, misleading, or incorrect information. Metro also reserves the right to request additional information and/or conduct on-site visits at any time during the certification period. The firm thereby consents to the examination of its books, records, and documents by the Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Karanja:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
561612	Security Guards and Patrol Services

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Mario Salice
Branch Manager

SCHWAGER DAVIS, INC. GENERAL TERMS AND CONDITIONS

1. ACCEPTANCE. This Proposal, which includes these General Terms and Conditions, may be accepted only by signing one copy of the Proposal and returning it to SCHWAGER DAVIS, INC. ("SDI") so that it is received by SDI no later than the date specified on the Proposal. The Proposal may also be accepted by either Buyer's providing written notice to SDI to proceed or Buyer's oral notice to proceed and SDI's commencing of work on the Project. Upon acceptance, this Proposal shall become the Contract between the parties.

2. WRITTEN ASSENT TO ADDITIONAL TERMS REQUIRED. This Proposal is subject to acceptance only on the terms and conditions stated in this Proposal. Any additional or different terms and conditions proposed by Buyer are hereby rejected, and shall be of no force or effect unless expressly assented to in writing by SDI. There shall be no contract except upon the terms and conditions provided in this Proposal.

3. LIABILITY FOR PAYMENT. Buyer agrees that Buyer is liable to SDI for the Total Price and the terms of payment thereof as set forth in this Contract. If Buyer fails to make payment to SDI when due, or if, in SDI's sole and reasonable opinion, Buyer's ability to make future payment becomes impaired, Buyer shall be in default of this Contract. SDI shall be entitled to cancel this Contract without any liability whatsoever to Buyer, and SDI shall be entitled to recover from Buyer its damages.

4. DELAY OR FAILURE TO PERFORM. SDI shall be excused for any delay or failure in performance due to an act of God, war, riot, embargo, an act of any civil or military authority, fire, flood, accident, quarantine restriction, mill condition, strike, difference with workers, delay in transportation, shortage of cars, fuel, labor, material or equipment, delay by Buyer in the approval of any redesign or shop drawing of SDI (when such is part of SDI's obligation) or any other cause beyond the reasonable control of SDI.

5. SDI INSPECTION AND TESTING. The material to be furnished under this Contract shall be subject to SDI's standard quality control at the place of manufacture, and any other inspection shall be at the expense of Buyer.

6. INSURANCE. Buyer agrees, at Buyer's option, to insure against loss from fire and extended coverage perils, Buyer's interest, including SDI's interest, in the entire structure on which the work of this Contract is to be done, including all property, material and supplies. If Buyer does not maintain such insurance in an adequate amount, Buyer shall reimburse SDI for any loss which would have been recoverable there from. SDI is protected by Worker's Compensation Insurance (and/or Employers' Liability Insurance); Public Liability Insurance for Bodily Injury with limits of Five Million Dollars/Five Million Dollars ($5,000,000/5,000,000); Public Property Damage Insurance with limits of One Million Dollars ($1,000,000); and Automobile Casualty Insurance and Property Damage Insurance, and will furnish certificates evidencing such coverage upon request. If Buyer's contract or purchase order places greater responsibility upon SDI or requires further insurance coverage, SDI, if specifically directing in writing by Buyer, shall obtain additional insurance (if procurable) to protect SDI at Buyer's expense, but SDI shall not be responsible for property damage from any cause, including fire and explosion, beyond the amounts and coverage of SDI's insurance, and Buyer agrees to hold SDI harmless from the cost of any such damage, including all expenses related thereto.

7. DESIGN. SDI shall not have any liability whatsoever for the design or details of others, and Buyer shall defend, indemnify, and hold SDI free and harmless of any such liability.

8. INDEMNIFICATION. SDI shall indemnify and save harmless Buyer against any liability, loss or expense incurred or suffered in consequence either of bodily injury to any person (including death), or damage to any property, to the extent that (1) materials supplied by SDI are defective and have failed; (2) installation of materials by SDI are not in accordance with standard practices and the installation is defective. For any and all other claims which arise by reason or in consequence of SDI's work, Buyer agrees to hereinafter indemnify, defend and hold harmless and release SDI (including SDI's successors and assigns and personal representatives), from and against any and all claims, demands, liabilities, losses, obligations, damages of whatever nature, costs (including, but not limited to, fees and expenses of attorneys to be chosen by SDI), actions and causes of actions of any nature whatsoever, known or unknown, and whether for compensatory or punitive damages.

   In claims against SDI by any employee of Buyer, its subcontractors, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation hereunder shall not be in any way limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Buyer or its subcontractors under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

9. SAFETY. Buyer agrees to indemnify and hold SDI harmless for any fines, penalties, damages, attorneys' fees, or any other expense incurred as a result of Buyer's failure to comply with any federal or state OSHA regulation or any other governmental or industrial safety requirement or standard.

10. COMPLIANCE WITH LAWS. SDI shall comply with Federal, State and local tax laws, social security acts, unemployment compensation acts and workers' or workmen's compensation acts insofar as applicable to the performance of this Contract.

11. MODIFICATIONS. This Contract, including in particular the Scope of Work, can be modified or rescinded only by a writing signed by both of the Parties or their duly authorized agents.

12. WAIVER. No claim or right arising out of a breach of this Contract can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waiver or renunciation is supported by a consideration and is in writing signed by the aggrieved party.

13. ATTORNEYS' FEES AND COSTS. In the event any legal action arises out of this Contract, the prevailing party shall be entitled to recover from the other its reasonable attorneys' fees and costs of suit.

14. TIME OF ESSENCE. With respect to all matters in this Contract, time is of the essence

15. APPLICABLE LAW. This Contract shall be governed by the laws of the State of California, including the Uniform Commercial Code as adopted in the State of California as effective and in force on the date of this Contract.

Qualifications and Specifications are on next page

Qualifications and Specifications for Bore and Jack:

1. Customer will be charged for actual casing installed. A decrease of 10% or more from the quoted length will result in a requote. The bore casing welds will be a single pass butt weld with both ends square cut, by NON CERTIFIED WELDERS. Time lost due to additional welding requirements will be charged at hourly standby rates.
2. Bore to be installed as CUSTOMER directs. There can be no line and grade guarantees by ALLSTATE if casing diameter is less then 24". ALLSTATE to install casing on a line and grade that will enable the carrier pipe to be installed according to the line and grade shown on the plans. CUSTOMER to supply any and all survey as needed.
3. ALL GROUTING inside and outside of casing to be furnished by others unless otherwise stated above.
4. The quoted price above does not include ROCK CONDITIONS or any other unborable conditions, including uncontrollable ground water. In the event that ALLSTATE cannot continue as a result of these conditions, CUSTOMER will be charged on an hourly rate for the balance of the bore, or until the soil is borable.
5. $550.00 PER HOUR is ALLSTATE'S standby and extra work rate.
6. All casing furnished by ALLSTATE will be structural grade, unless noted otherwise. (Structural grade casing will not meet any ASTM, API, AWWA or other similar chemical specifications)
7. CUSTOMER WILL LOCATE ALL SUBSTRUCTURES PIPELINES PRIOR TO BORING and will ALLSTATE and ALLSTATE'S INSURANCE CARRIER harmless for any cost or damage by failure to properly locate such substructures.
8. CUSTOMER will dig pits, barricade, provide traffic control, protect from storm, provide adequate backing to push from, maintain dewatering of pits and bore line, provide access, remove spoils from jobsite, provide toilet/ washing facility all according to OSHA standards.
9. **When using shoring for bore/receiving pits please call the office for correct measurements and placement. It is mandatory that pits 34' or longer have a 24' long box at the front of the pit.**
10. CUSTOMER or OWNER of project to pay and supply all inspection fees, permits or special insurance (including railroad permits and insurance), also if bore is 30" or larger in diameter the owner of the project is to apply for Underground Classification from the Department of OSHA Minning and Tunneling. This permit should be filed for 30 days before pit is dug.
11. All items from this quotation are to be included in any contract ALLSTATE will sign. The above work is to be done in a workmanlike manner by ALLSTATE, a union company, for the price on page one. Payment is to be made 30 days after completion, including retention. First time CUSTOMERS will need to be approved by our credit department.
12. This quote shall form a binding agreement when signed or become part of any formal contract signed by an officer of ALLSTATE.

Fifteen (15) days from date of this quote, it will become void if not accepted and a signed copy returned to ALLSTATE'S office. Prices are subject to change and will need to be resubmitted by ALLSTATE.

In the event that this agreement is placed with an attorney to enforce its provisions, the prevailing party shall be entitled to reasonable attorney's fees and others costs.

Respectfully submitted

Delivery: All deliveries are subject to availability of materials, trucking and labor. There is no guarantee as to time or rate of delivery. Seller is not responsible for any costs which might be incurred by Buyer due to delays. Please order by mix number. Additional mixes with different cement content and materials will be priced accordingly. Prices subject to change due to drastic cost changes of the major components of concrete.

Environmental: Environmental Fee of $20.00 per load shall apply, regardless of order size.

Energy Charge: Energy Surcharge of $30.00 per load shall apply, regardless of order size. Due to the unpredictable nature of energy and/or fuel Seller reserves the right to add a surcharge to deliveries without prior notification.

PLA OR AB 219 It is Customer's responsibility to inform Seller if this job is a PLA or AB 219 job. Any charges incurred by Seller after the fact will be charged back to Customer at $200.00 per load plus fees and penalties.

Escalations: Add $3.00 per yard on each of the following dates ($6.00 per yard each date for LCB-RS mix): 10-1-2016, 4-1-2017, 10-1-2017, 4-1-2018, 10-1-2018, 4-1-2019 and 10-1-2019.

Expiration: Prices (including any escalations) expire on 4-1-2020.

Short Loads: Any load delivered less than a full load will have a charge based on our current price list. One full load is considered to be nine yards. One short load will be allowed without charge daily per order of 6 full loads or more.

Standing Time: 4 minutes per yard is allowed for each individual load for waiting and unloading at the job site. Additional time will be charged at a rate of $2.50 per minute.

After Normal Hours: Concrete delivered after 3 PM to 6 PM weekdays or 6 AM to 3 PM Saturday will be charged an additional $5.00 per CY. Concrete delivered 6 PM to 6 AM weekdays or between 3 PM Saturday and 6 AM Monday will be charged an additional $ 1,000.00 service charge and add $6.50 per yard to the prices quoted above.

Plans & Specs: This job quotation is not bid as per plans and specs. The mixes quoted are not warranted for any particular use, purpose, application or with regards to any particular type of soils environment. Concrete is a natural product, therefore seller cannot be responsible for variations in color, surface discoloration, popouts or variations in the finished product caused by finishing techniques or job site conditions.
Buyer's selection of the quoted mix, unless otherwise acknowledged in writing by Seller, is without the advice, consultation, recommendation or suggestion of Seller, and Buyer assumes all risks related to the selection of the quoted mix for any particular application.

Buyer's Duties: Buyer's duties include but are not limited to testing and inspecting the concrete, if necessary; provide a safe ingress and egress for the delivery truck as well as a safe work site; and providing a proper washout station.

Temperature: Prices above are for concrete delivered at the ambient temperature, heating or chilling is an additional itemized charge.

Service Charge: Customer agrees to pay a service charge of 1 1/2 percent per month on any and all invoices which are not paid in full on or before the last day of the month following the date of delivery.
Additional charges may apply for orders cancelled or orders placed and then put on hold.

Acceptance: For this job quotation to be effective, we must receive your written acceptance at our address listed above no later than sixty (60) days after the job quote date, otherwise the quotation expires. *Note:* This offer is held open for less than the time provided for under California UCC Section 2205(b). Orders placed on this project constitute acceptance of this agreement.

8. The drill unit is NOT a crane. The auxiliary line is intended to service the drill rig and assist with drill tools only; it will NOT be used to hoist other items.

C – EXCLUSIONS – work and services that will be provided and paid for by others.

1. Access

* Continuous, unobstructed, level (***min. 40' foot wide*** x minimum 100' high, w/ a maximum 7' of drill rig reach provided), access to, from, and at all drill shaft locations, from both sides, for a conventional drill rig, service crane, concrete trucks, and support equipment, including all adequate ramps, temporary roads and stabilization of sub-grades, structures, and utilities, and protection of existing improvements (floors, etc...), as required.
* Continuously provide all traffic and dust control, flaggers, barricades, and k-rail.
* Provide secure, suitable, minimum 100' by 100' area for buildup and storage of equipment, materials, tanks, and casings.

2. Layout

All field engineering and drilled shaft layouts including: elevation stakes, cut staking, center staking, and offsets prior to and during drilling such that layout is continuously maintained. All grade stakes to include: "cut to top of steel" and "cut to top of concrete" elevation information.

3. Utilities

HBI shall obtain a number for utility mark-out, as required by law; delineation for drill area mark-outs provided by others. Whether overhead or underground, utility location, relocation, protection, de-energizing, and/or removal shall be performed by others, as necessary to provide a safe work-place, and so as not to impede our operation.

4. Rebar

Furnishing reinforcement cages to each drilled shaft location, with spacer appliances attached, adequately tied and braced such that cages retain their shape during placement. Rebar cages shall be continuously furnished and delivered to within 25' of each pile location by General Contractor, so a not to hinder pile installation production. Contractor shall immediately guy all reinforcement which project above grade. All reinforcing cages shall allow for the continuous, unobstructed ingress and egress of a 16" concrete placement treme pipe. All splicing of rebar cage is to be performed by General Contractor at no cost to HBI.

5. Materials

Materials (including casings, beams, concrete, timber and reinforcing) will not be ordered until HBI receives written notice to purchase materials with appropriate lead-time to meet the mutually agreed to project schedule.

Escalation in materials costs that are beyond the control of HBI will be the sole responsibility of the General Contractor.

6. Contaminated and/or Hazardous Material

HBI shall not be responsible for cost, delays, or damages associated with contaminated, hazardous, or toxic waste materials discovered within the project area.

7. Additional Exclusions

a. Removal of natural, man-made, or man-placed obstructions.
b. Continuous removal and disposal of all materials, including: spoils (including all concrete waste), groundwater, drilling fluids (including holding tank laitance) generated by drilled shaft installation, so as not to delay or interfere with drilling or concreting operations.
c. Provide, maintain, and restore concrete pump prime and concrete truck clean-out/waste areas.
d. Cleaning, curing, chipping, wire brushing, or sandblasting construction joints/rebar cage extensions/pile tops, if required.
e. Removal of concrete laitance of concrete over-pour, where pile cut-off is below water and/or due to reveling, groundwater intrusion, etc. including all required chipping/jack-hammering.
f. Installation of any required dowels, anchor bolts, keys, and any formwork.
g. Potable water as required for construction (min. 100 gpm) continuously provided within 100 ft. of each drilled shaft location.
h. Diversion of run-off creeks, rivers, general site surface /subsurface dewatering around the work area. SWPPP plan, submittal, permits, implementation, and maintenance.
i. General site preparation, maintenance, and restoration. Regrading or finish grading of construction work areas, stockpile location and/or haul routes.
j. Any/all required city, county or, state permits (except State Contractor's License).
k. Whole covering and protection upon completion of drilled shaft pile concreting, as required. Rebar cage extension protection/caps.
l. All lighting, night work. Cost of parking.
m. Monitoring, testing (including load test, integrity tests, test borings, etc.) all inspection (including any/all overtime) and all written reports, including "as-built" plans.
n. Dust Control, ventilation, street cleaning, and furnishing and maintaining of trash bins/dumpsters.

o. Shaft stabilization via casing, casing for inspection, including support of shaft inspection. Soft digging of all pile locations.

p. All pile integrity testing.

q. Isolation casing, lids, and all associated appurtenances.

r. All CalOSHA Mining and Tunneling / MSHA requirements, inspectors, or inspection.

s. Liquidated/consequential damages.

D – INSURANCE AND INDEMNITY

1. We will provide the following insurance coverage:
   * Worker's Compensation- as required by law.
   * Employers Liability with limits of $1,000,000/$1,000,000
   * General Liability with limits of $1,000,000/$1,000,000
   * Auto Liability- with limits of $1,000,000.
2. Insurance shall be Primary & Non-Contributory. No limit on deductibles.
3. Owner and General Contractor shall be named additional insured in respects to the General Liability Policy.
4. If insurance is provided by the Owner or Contractor, any credits will be calculated using HBI's rates.
5. Payment and performance bonds will be charged to the General Contractor at a rate of 1%
6. Any specialty insurance, including but not limited to, Railroad Protective Insurance, Rigging Insurance, Environmental Impairment Liability, etc. shall be provided by the Owner or General Contractor naming HBI as additionally insured.
7. Cancellation Clause is as follows:
8. Should any of the above described policies be cancelled before the expiration date thereof, the issuing insurer will endeavor to mail 30 days written notice to the certificate holder named, but failure to do so shall impose no obligation or liability of any kind upon the insurer, it's agents or representatives.
9. HBI shall indemnify the General Contractor and/or Owner with respect to claims that arise directly from the negligence, if any, of HBI in performance of the work described herein.
10. A waiver of subrogation may be provided for an additional fee.

E – TERMS OF PAYMENT

* This agreement is conditioned by obtaining approval of satisfactory credit report
* Invoice monthly. Payment, in full (no retention withheld), within 30 days of invoice date. Payment for materials delivered to the job site but not installed shall be received within 10 days. Payment by credit card is not accepted.
* Only conditional lien releases will be given until final payment is received.
* The price set forth in this quotation is based, in part, upon the parties entering into a subcontract that does not include any paid-when-paid clause.
* Should HBI be required to employ counsel to collect any sums due hereunder, HBI shall be entitled to all attorney's fees, costs and expenses incurred whether suit is filed or not.
* No back charges shall be accepted by HBI, unless notified in writing 48 hours in advance of work to be performed on our behalf, and signed for daily by HBI. HBI reserves the right to remedy any situation once brought to HBI's attention. Such issues shall be brought to our attention in a timely manner so as to mitigate delays and added costs.

F. DIFFERING SITE CONDITIONS

HBI shall be entitled to an equitable adjustment to its price and schedule whenever its work is adversely affected by encountering any differing, concealed or unknown site conditions (latent conditions) encountered at the project site which were not indicated by the contract documents or soils data furnished at bid time.

G. DISPUTES

By relying on the price set forth in this Quotation, the recipient agrees that any dispute arising out of or in connection with the Quotation shall be resolved by mediation and/or arbitration to be held in the County in which the project is located in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association. The prevailing party shall be entitled to reasonable attorney's fees, costs and expenses incurred

H. EXPIRATION

Except as otherwise mutually agreed in writing, this document is the complete agreement between the parties and supersedes all other agreement or understanding written or oral.

This quotation shall remain in effect for 30 days following the bid date unless accepted in writing or by contract. This quotation is based upon work starting within 90 days of the quotation date. HBI reserves the right to add applicable cost increases to labor and materials for delays to the start of work.

I. PROJECT SPECIFIC AGREEMENTS:

1. The start date and duration for the shaft installation portion of this project shall be subject to a mutually agreeable installation schedule.
2. All drill work shall be completed in a lineal, sequential, segmental manner. All nonlinear onsite moves required shall be completed, additionally, at the standby/obstruction rate listed on page one of this proposal.

J. PROJECT BID DOCUMENTS/DRAWINGS/DISCUSSIONS:

1. This proposal is based on plans and specs by The Caltrans, dated April 20 ,2016, Contract #05-4482U4, and the terms and conditions contained herein, which take precedence.

Re: Quotation on CMU Sound Walls
Bid Item No. 176
Contract No. 05-4482U4
05-SB-101-2.2/3.3

Project Estimator:

We propose, for the **Unit Price** noted below, to furnish all materials, labor and equipment, except as detailed in our **Exclusions** and **Clarifications**, necessary to construct the masonry portion of the sound walls (Item No. 176) in accordance with the plans, specifications, Special Provisions and Addendum Nos. 1, 2, 3, 4 and 5:

ITEM NO.	DESCRIPTION	EST. QTY.	UNIT PRICE	EXTENSION
176	**Sound Wall (Masonry Block)**	**44,282 SF**	**$ 27.80**	**$ 1,231,039.60**

Exclusions and Clarifications:

1. Masonry drop-in rebar and galvanized rebar at drainage outlets, detailed to accommodate our bond beams and not necessarily the minimum laps will be furnished to the work site by others.
2. Access from city streets and public facilities will be made available for the building of sound walls wherever possible. Bid prices are based on constructing walls during full 8-hr. (daylight) workdays. If night operations are required others will provide 3 light towers for our use.
3. Others will provide traffic control and the furnishing of K-Rail, with gawk screen if necessary.
4. Others will furnish and set all items to be embedded in the masonry work including callbox housings, access doors, fences, electrolier and sign structure cover plates, ladders, etc.
5. All sandblasting and washing down of concrete surfaces and rebar will be provided by others.
6. Concrete footings, grade beams, barriers, piles and retaining walls will be furnished by others.
7. Graffiti removal by either sandblasting, waterblasting and/or chemical means will be provided by others. Others will furnish and apply any type of protective anti-graffiti coatings.
8. Dowels and expansion joints in concrete work will comply with the modular requirements of CMU.
9. We exclude the cost of shop drawing. We also exclude coring holes in CMU for vine holes.
10. Others will provide demolition, clear & grub, grading, drains, waterproofing, backfill, compaction and finish grading. CMU & mortar debris will be stockpiled on the jobsite and removed by others.
11. **If required, quality control & assurance, preconstruction testing and field quality control will be provided and paid for by others. Others will perform all tests (including preconstruction testing) special inspections and prepare all required tests and reports. We exclude all compensation for inspections and testing in our quoted Unit Price.**

Our bid is based on prevailing wages. We can bond our work, but we exclude the cost from our unit price. Our bond rate is approximately 0.9 of 1%. Please call if you have any questions. Thanks,

Jonathan Reyes

A. MISCELLANEOUS BUYER'S RESPONSIBILITIES

- Buyer shall furnish without charge to Seller all lines, centers, grades, elevations, templates, ramps, racks, bracing and **scaffolds** in place complying with all safety requirements and suitable for most efficient placement of rebar.
- Buyer shall furnish without charge to Seller manlifts if required by State Safety Order, Union Agreement, or job conditions.
- Buyer shall furnish without charge to Seller drinking water, first aid and sanitary facilities.
- Buyer shall furnish without charge to Seller space for delivery and storage of steel within 50 feet of all places where material is to be used or hoisted and accessible to semi-tractor trailers under their own power. Buyer shall furnish protection of vertical protruding reinforcing steel for the safety of those working above.
- Buyer shall not double form nor place form ties before reinforcing steel is installed.
- Buyer shall furnish approved working drawings of the temporary support system for column cages which the bid documents may require. Buyer shall be responsible for all deadmen, guying and temporary support of column cages.
- Buyer shall notify Seller of any shortages in F.O.B. material within forty-eight hours after delivery. No claim will be honored if notification is made beyond that time.
- Buyer shall provide proof of financial responsibility and satisfactory credit history.

B. SCHEDULING

- This offer is based on logical and timely scheduling of Vista Steel Company's and other subcontractors' activities allowing efficiency of performance and avoiding interference between trades.
- This offer is also based upon detailing, fabricating and placing on a normal 8-hour day shift, 5-day, 40-hour week, with a minimum of 8 hours of work for 1 man per each request for placers. Overtime for office, shop and field personnel incurred by Seller at Buyers request for deviation from this schedule shall be billed to the Buyer as an extra. Installation will be based on conventional construction, timely receipt of complete plans, specifications, California Preliminary Notice and adequate schedule to which the buyer is a party. Buyer shall furnish design information and construction schedules in sufficient time to allow for preparation and approval of detail drawings plus a minimum of 7 working days for fabrication and delivery. Reinforcing steel splicing will be as shown on the plans only, Any additional splices added or any increase in dowel length furnished for the convenience of the Buyer and not paid for by the Owner will be paid for by the Buyer. If, at any time a Buyer's representative calls for steel placers and they arrive to the job at a designated time and the job is not ready, there will be a charge to the Buyer for show-up time (as per Union Regulations). In the event of a schedule delay caused by the Buyer and/or Buyer's subcontractor(s), the Seller has the right to schedule in accordance with manpower availability not to exceed 3 working days. Forty-eight hours notice is required for cancellation of scheduled deliveries.
- If this job is held up for a period of 60 days or more for any reason, this offer may be subject to change based on cost increases.

C. DELIVERIES

- Prices are based on deliveries from Sellers warehouse in minimum 20-ton truckloads. Additional deliveries for Buyer's convenience will be charged as an extra to the contract amount.
- Deliveries that are not unloaded within 2 hours because of Buyers neglect will be charged for at Vista Steel Company's current hourly delivery rate.

D. DELAYS

- Seller shall not be liable for any delays occasioned by causes not within its reasonable control, including labor disputes, disasters, governmental acts, or unavailability of materials from it's usual source of supply, or any repair of damage not caused by it. Penalties and liquidated damages shall be borne by Buyer.

E. EXCLUSIONS

Pursuant to the Manual of Standard Practice of the Concrete Reinforcing Steel Institute (CRSI) and/or the ACI Manual of Standard Practice, the following are excluded:

- Testing and inspection other than mill test reports.
- Bonding and/or the cost of bonds required by Buyer or the Project Owner and/or furnishing additional insurance above Sellers basic general and auto liability of $1,000,000 combined single limit for bodily injury or property damage. The cost of any such bonds or insurance, as well as the cost of any riders, attachments, or endorsements required by Buyer which change the cost of any insurance policy carried by Seller shall by borne by Buyer.
- **Hoisting.** (Buyer shall furnish without charge suitable equipment fully operated for hoisting or lowering of reinforcing material, including unloading and reloading of trucks at docks, setting of cages and/or assemblies and power placing of individual bars that Seller may require.)
- Plain round bars (smooth dowels or bars), threaded bars, sleeves, anchors, studs, bolts and inserts.
- Cutting, cleaning, straightening, and bending existing steel.
- Pour watchmen if required by plans, specs, or Buyer.
- The cost of welding tests and inspection. (Unless specifically indicated otherwise in scope of work above).
- Material and labor for repair of damage resulting from weather, flood, cave-in or other acts of God.
- Traffic control and/or flagging.
- Field inspections.
- Samples.
- Layout of masonry dowels.

E. EXCLUSIONS (cont.)

- All reinforcing not shown on plans but which could be called for in various codes and titles. (Refer to ACI Manual of Standard Practice for Detailing, Chapter 6).
- Protective caps for exposed reinforcing steel ends.
- Cleaning, sandblasting or reworking of any reinforcing due to negligence or carelessness of Buyer and/or Buyer's other subcontractors.
- All welding. (Unless specifically indicated otherwise in scope of work above).
- Furnishing and/or welding of dowels and/or anchors which weld to miscellaneous and/or structural steel.
- Field bending of any reinforcing steel.
- Splices and added reinforcing bars for construction joints and/or control joints not shown on the drawings.
- Drilling, grouting, dry-packing, epoxy mortaring and placing bars in drilled holes.
- The setting of assembled and stockpiled cages.
- Fastening accessories on steel assemblies designated as "stockpiled" or "F.O.B. our truck, jobsite".
- Pulling wire mesh, chairing, blocking or otherwise establishing mesh depth for pour.
- Couplers at stage construction other than shown on the contract drawings.
- Longitudinal construction joints at approach slabs are estimated using the drill and bond dowel method.

SPECIAL CONDITIONS:

- In consideration of the current volatility of reinforcing steel pricing, Subcontractor will require the following clause in the subcontract agreement, "Subcontractor may require prepayment of materials or payment at the time of purchase for materials for this project.

F. CONDITIONS

- Approval for pouring or embedment in concrete shall terminate Seller's responsibility for that portion of the work.
- Buyer shall furnish Manlift if required.
- Masonry vertical reinforcing is estimated one piece full height (**Additional laps**, no matter at whose request, will be furnished at **additional cost to Buyer**).
- Seller may subcontract portions of work herein.
- Buyer shall furnish at no cost to seller, information on all pour joints as well as pouring sequence and verification of all dimensions indicated as plus or minus prior to detailing of steel.
- Minimum dimensions shown on plans are figured as maximum.
- Buyer shall furnish firm level sub grade at elevation shown on the plans.
- **BUYER SHALL PROVIDE SELLER WITH (2) CONSTRUCTION SETS OF PLANS WHEN JOB IS AWARDED.**
- CRCP rebar is estimated as grade 60 black (non-coated).

G. PAYMENTS

- Each calendar month, an estimate shall be made by the seller of the value of material fabricated and shipped (placed or not) and of the value of the installation work done up to that time at the project site.100% of such estimate shall be paid upon receipt of funds by Buyer from Owner, but in no case later than the last day of the month following Vista Steel Company's billing date.
- Past due accounts shall bear interest at the lower of **18%** per annum or the maximum rate allowed by law.
- Prompt payment shall be a condition precedent to performance by Seller. In the event Buyer fails to make payment as herein provided or if the Seller shall have reasonable doubt as to the Buyer's financial responsibility, Seller shall have the right to suspend performance until payment or receipt of satisfactory proof of responsibility, or Seller may elect to terminate all of Sellers obligations and Buyer's rights and require payment in full to the date of such termination, without deduction for retention, all without prejudice to any other rights of seller. Seller reserves the right to contact the Owner and/or Prime Contractor in the event of late payment or non-payment.
- Seller shall retain title to all materials until paid for in full or incorporated into the structure, and all material unused at the completion of construction.
- Buyer shall send all payments to **VISTA STEEL COMPANY, 6100 A FRANCIS BOTELLO ROAD, GOLETA, CA. 93117.**

H. BACKCHARGES

- Any work to be performed by the Buyer which could originate a back charge to the Seller must be approved in advance by the signature of an authorized Seller's representative.
- Buyer shall not supply any of the material, labor or services covered in this proposal without prior written consent of Vista Steel Company.

I. CHANGE ORDERS

- Seller shall have the right to require that proposed changes be authorized in advance and in writing through a contract change order issued by the Buyer's main office or authorized jobsite representative prior to Seller scheduling detailing, fabrication, or installation of any material for said changes. If, however, in order to increase efficiency and to expedite the work, Seller does not request and/or obtain prior written authorization, Seller retains the right to compensation for such modifications or extras. Any modifications resulting in additional charges will be included with the next regular billing and shall be paid without retention.

J. CURRENT COSTS

- Seller's offer is based upon current costs. In the event of delay in commencement of work and/or delay in completion of the work beyond the original completion time and/or announced increases, Seller reserves the right to pass on its actual cost increases plus overhead and profit.

K. LEGAL FEES

- In the event of non-payment or dispute, the non-prevailing party shall pay the costs of collection or resolution, including reasonable attorney fees, if any. Settlement shall be based upon theoretical weights, per Seller's invoices, absent contrary showing. Seller reserves the right to use arbitration as a means of settlement.

L. OTHER TERMS

- Seller's offer is based on all the above terms and conditions. It is void if any of them is unacceptable to the Buyer, however, different terms and conditions and accordingly adjusted price(s) could be considered by the Seller under Buyer's request.
- Vista Steel Company will indemnify and name additional insured other parties as and if requested but subject only to the extent Vista Steel Company is responsible for the claim.
- Seller's offer is based on Buyer performing its own concrete work. If Buyer elects to subcontract the concrete work, the Seller has the right to review its offer and approve the proposed concrete subcontractor selected.
- If Seller is requested by Buyer to sign a contract different in form than this offer, Buyer agrees that a copy of this offer shall be attached as an exhibit to the contract and that the following language will be added to the contract:
- This contract incorporates by reference the terms and conditions of the written offer of VISTA STEEL COMPANY, dated _____, a copy of which is attached as Exhibit _____, which said terms and conditions shall supersede any contrary provisions contained in this document.
- **This offer is valid until another subcontractor is listed by the Buyer or until a letter of intent is received on or before 05/27/2016, whichever comes first.**
- **Acceptance of this 5 page offer shall constitute a binding contract (Listing Vista Steel Co. is, by definition, acceptance).**
