Attention: Mr. Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

The California Department of Transportation has completed the review of San Joaquin Council of Government's (SJCOG) Administrative Modification Number 13 to their 2008/09 – 2011/12 Federal Transportation Improvement Program (FTIP). SJCOG submitted this change consistent with the Federal Statewide Transportation Improvement Program (FSTIP) administrative modification procedures. Administrative modifications do not require Federal Highway Administration or Federal Transit Administration approval. Therefore, it has been incorporated into California's 2009 FSTIP.

This amendment revises the project description without changing the project cost and scope. The existing project description - "construct roundabout at intersection of Main Street and Nourse Street and install street lighting for safety," will be revised to "construct roundabout at the intersection of Main Street and Nourse Street with additional parking and install lighting for safety."

Please address any questions to Lima Huy at (916) 651-7411.

Sincerely,

MUHANED ALJABIRY, Chief
Office of Federal Transportation Management Program
