SECTION 59 – TIMELY USE OF FUNDS

LOCAL STREETS AND ROADS PROJECTS
WAIVER 00-16

CTC ACTION TAKEN

Requests to Extend the Period of Project Completion for the projects listed on the attached chart are approved to the dates specified for each project.

ISSUE

Resolution G-99-27, *STIP Guidelines*, adopted by the California Transportation Commission (CTC) on September 29, 1999, stipulates that funds programmed for local project development or right of way costs must be expended by the end of the second fiscal year following the fiscal year in which the funds were allocated.

The projects listed on the attached chart were allocated in Fiscal Year 1997-98 with a June 30, 2000 expenditure deadline. The project sponsor, Lassen County, requests 20-month extensions each of the four projects. The Lassen County Transportation Commission concurs.

RECOMMENDATION

The Department supports all of the extension requests.

SUMMARY AND CONCLUSIONS

The CTC allocated $1,580,000 in FY 1997-98 for the projects listed on the attached chart. The allocated funds have not been expended. The attachment shows the details of each project and the delays that have resulted in the extension requests.
