TRANSPORTATION COMMISSION

California Transportation Commission

# ADOPTION OF THE 1999-00 ENVIRONMENTAL ENHANCEMENT AND MITIGATION PROGRAM

Resolution G-99-20

Amended by G-00-03, G-00-10, G-00-12

WHEREAS Streets and Highways Code Section 164.56, enacted as part of Assembly Bill 471 (Katz) in 1989 created the Environmental Enhancement and Mitigation Program; and

WHEREAS this program provides $10 million annually for environmental enhancement and mitigation projects which are directly or indirectly related to the environmental impact of modifying existing transportation facilities or for the design, construction or expansion of new transportation facilities; and

WHEREAS the Resources Agency is charged with evaluating proposals submitted for this program and providing a list of proposals recommended for funding to the California Transportation Commission; and

WHEREAS the California Transportation Commission is responsible for awarding grants to fund proposals which are included on the list prepared by the Resources Agency; and

WHEREAS the Resources Agency has prepared such a list, and that list has been reviewed and reduced by Commission staff from just under $19.5 million in projects to $10 million in projects.

NOW THEREFORE BE IT RESOLVED that the Commission adopts the 1999-00 Environmental Enhancement and Mitigation program, as indicated in the attached lists of projects.

BE IT FURTHER RESOLVED that funding for the City of Sacramento's Ueda Parkway Off-Road Recreational Environmental Enhancement Project is contingent on the Sacramento City Council approving the Negative Declaration for the project by no later than October 8, 1999.

BE IT FURTHER RESOLVED based on resolutions from the Boards of Directors of the Friends of the Desert Mountains ( nonprofit corporation ) and the Center for Natural Lands Management ( nonprofit corporation ), that the Commission is programming funding for the Coachella Valley Preserve Sand Source Area Acquisitions with the Center for Natural Lands Management as the applicant and with the Center for Natural Lands Management assuming all responsibility for the project.

BE IT FURTHER RESOLVED that it is the intent of the Commission to allocate available funds for these projects during State Fiscal Year 1999-00, and that all funds so allocated should be expended on a timely basis, preferably by the end of State Fiscal Year 2000-01; and

BE IT FURTHER RESOLVED that for projects which include land acquisition, the Commission would encourage grant recipients to reduce overall project costs by exploring the feasibility of acquiring easements rather than fee title when appropriate; and

BE IT FURTHER RESOLVED that due to the uniqueness of the individual projects in this program, the Commission hereby directs Caltrans to be especially diligent in the on-site inspection and auditing of the projects included in this program.
