Cross Agency Asset Management Forum

TMS Asset Management and Innovative Technologies Monday, September 18, 2023 1:00 to 2:30 p.m.

Transportation Management Systems (TMS) are an integral part of the transportation system, performing critical functions that keep people, vehicles, and goods moving.

This session will provide an overview of Caltrans TMS Asset Management as well as a look into emerging TMS technologies.

Please join us for a discussion on TMS!

Guest speakers:

⇒ Ping Qui and Karan Dhungana on TMS Asset Management and Guidance

Panelists:

- ⇒ Dean Campbell and Mike Robinson with ITS and Electrical Engineering Services
- ⇒ Jas Bhullar with TMS Highway Maintenance
- ⇒ Grant Zammit with FHWA
