

**Annual Legislative Report
Fiscal Year 2011–12**

**Public Transportation Modernization, Improvement, and
Service Enhancement Account Program**

Background

The Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Program was created by the passage of Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to transportation, \$4 billion dollars was allocated to the California Department of Transportation (Caltrans) for intercity rail projects and for commuter or urban rail operators, bus operators, waterborne transit operators, or other transit operators in California. The PTMISEA Program will provide funding for rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements, or for rolling stock procurement, rehabilitation, or replacement, over a ten-year period.

General obligation bond law requires the administrative agency to submit a report to the California State Legislature no later than January 1st each year. This requirement is found in California Government Code section 16724.4. In addition, this section states that the report shall contain:

- (1) A list of all projects and their geographical location that have been funded or are required or authorized to receive funds.
- (2) The amount of funds allocated on each project.
- (3) The status of any project required or authorized to be funded.

Caltrans has established the Proposition 1B Bond Accountability website and has posted this information related to each project. Caltrans administered programs can be accessed from the Intercity Rail Improvement and the PTMISEA links at this address:

www.bondaccountability.dot.ca.gov/bondacc/

Mass Transportation Program Proposition 1B Bond Fund

Of the \$4 billion available in PTMISEA, \$3.6 billion is to be allocated to transit operators over a ten-year period. The PTMISEA Program was designed to help advance the State's policy goals of providing mobility choices for all residents, reducing congestion, and protecting the environment. Guidelines for the PTMISEA Program were developed through a cooperative effort with stakeholders. Eligible transit projects include:

- Rehabilitation, safety, or modernization improvements.
- Capital service enhancements or expansions.
- New capital projects.
- Bus rapid transit improvement.
- Rolling stock procurement, rehabilitation, or replacement.

Status

To date, the Program has released \$1.7 billion for over 700 projects. The following is a breakdown by Fiscal Year (FY):

FY 2007–08

Cycle	Number of Projects Receiving Allocations	Funds Released
Cycle 1	106	\$394 Million
Cycle 2	99	\$136 Million
Total for FY 2007–08	205	\$530 Million

FY 2008–09

Cycle	Number of Projects Receiving Allocations**	Funds Released
Cycle 1	107	\$255 Million
Cycle 2	111	\$64 Million
Total for FY 2008–09	218	\$319 Million

FY 2009–10

Cycle	Number of Projects Receiving Allocations**	Funds Released
Cycle 1	130	\$78 Million
Cycle 2	138	\$214 Million
Total for FY 2009–10	268	\$292 Million

FY 2010–11*

Cycle	Number of Projects Receiving Allocations**	Funds Released
Cycle 1	83	\$203 Million
Cycle 2	78	\$350 Million
Total for FY 2010–11	161	\$553 Million

*The FY 2010–11 appropriation is intended to cover three years of funding. There were no additional appropriations of PTMISEA funds in the FY 2011-12 or FY 2012-13 Budgets.

**Some allocations were made to existing projects. The total number of PTMISEA projects funded to date is lower than the total sum of each cycle's number of projects receiving allocations.

Currently there are 157 ready-to-proceed projects requesting \$600 million waiting to be funded by future bond sales.

Attachment 2 lists all local transit projects that have received an allocation of funds and the status of each.

The following table illustrates the current totals for percentage complete:

Percent Complete	Count
100%	295
75-99%	88
50-74%	41
Less than 50%	287
Total	711

Intercity Rail Program Proposition 1B Bond Fund

The California Transportation Commission (Commission) adopted the guidelines for the Intercity Rail Improvement (IRI) Program on December 13, 2007. The California State Legislature provided the appropriation for this program. The IRI Program provides \$400 million, to Caltrans for intercity passenger rail projects. Of that total, a minimum of \$125 million is designated for procurement of additional intercity passenger railcars and locomotives.

At its February 2008 meeting, the Commission programmed twelve projects, including the railcar and locomotive procurement, for the IRI Program. During Fiscal Year 2011–2012, two additional projects were programmed into the IRI Program because of cost savings on other projects; one additional project was reprogrammed from STIP, and one project was split into two projects, bringing the total number of projects for the IRI program to sixteen.

The IRI Program consists of sixteen projects, three are partially allocated and eight fully allocated. Five other projects are planned for future allocations as funds become available from the sale of bonds. The summary of the status of these projects is shown on Attachment 3.

CALIFORNIA DEPARTMENT OF TRANSPORTATION
PTMISEA Projects Allocated March 2008 - August 2012

INTERCITY RAIL IMPROVEMENT PROGRAM
PROPOSITION 1B BOND PROJECTS
FY 2011-2012**

Project/Description	Corridor	Funding Request	Funding Allocated
Projects			
Procure New Rail Cars Purchase bi-level intercity rail cars and locomotives (estimated 42 cars and 6 locomotives)	Capitol Corridor, Pacific Surfliner, San Joaquin	\$150,000,000	Partial \$42,000,000
Commerce/Fullerton Triple Track - Segment 6 Construct 8 miles of triple track between Commerce and Fullerton	Pacific Surfliner, Metrolink	\$32,000,000	\$32,000,000
Commerce/Fullerton Triple Track - Segment 8 Construct 8 miles of triple track between Commerce and Fullerton	Pacific Surfliner, Metrolink	\$30,500,000	
New Station Track at LA Union Station Build new track, platform and renovate canopies	Pacific Surfliner, Metrolink	\$35,100,000	Partial \$21,800,000
San Onofre to Pulgas Double Track Project Phase 1 (formerly San Onofre-Pulgas Track Project in San Diego County) Construct double track	Pacific Surfliner	\$30,000,000	Partial \$3,146,000
Sacramento Maintenance Facility Design and build storage track and maintenance facility	Capitol Corridor, San Joaquin	\$4,550,000	
Oakley to Port Chicago Construct double track	San Joaquin	\$25,450,000	\$25,450,000
Coast Daylight Track and Signal Track and signal project to allow Pacific Surfliner extension to San Francisco Bay Area	Pacific Surfliner, Coast Daylight	\$25,000,000	
Mid Route Layover Facility (formerly Fresno Layover Facility) Design and build layover facility	San Joaquin	\$14,601,000	
Kings Park Track and Signal Improvements Improve track and signals along San Joaquin intercity rail line near Hanford (Kings County)	San Joaquin	\$3,500,000	\$3,500,000
Wireless Network for Northern California IPR Fleet Install a wireless communication network on the Northern California IPR fleet for passenger amenity, support of safety and security, and expand ADA compliance for on-train communications	Capitol Corridor, San Joaquin	\$3,750,000	\$3,750,000
Raymer to Bernson Double Track Preliminary engineering and environmental review to support final design and construction of double track 6 miles from CP Raymer (MP 453.1) to CP Bernson (MP446.8)	Pacific Surfliner	\$7,500,000	
Santa Margarita Bridge and Double Track Replace bridge with 2-track bridge and construct additional double track	Pacific Surfliner	\$16,206,000	\$16,206,000
Emeryville Station and Track Improvements Extend siding track with associated signal and other track	Capitol Corridor, San Joaquin	\$6,250,000	\$6,250,000
Bahia Benicia Crossover Construct crossover between two mainline tracks and add additional track improvements and upgrades including frog replacement and tie tamping on the Capitol Corridor	Capitol Corridor	\$4,750,000	\$4,750,000
SCRRA Sealed Corridor (formerly Southern California Regional Rail Authority Sealed Corridor) Enhance safety of grade crossings and railroad right of way	Metrolink	\$3,000,000	\$3,000,000
ALL PROJECTS TOTAL		\$392,157,000	\$161,852,000
Bond Issuance Costs ¹		\$7,843,000	\$3,237,000
GRAND TOTAL RAIL BOND FUNDS		\$400,000,000	\$165,089,000

¹ Bond Issuance Cost is 2 percent of the Bond amount

Government Code GO Bond reporting requirement.

(this is general, not Prop 1B specific)

16724.4. Any state bond measure approved by the voters on or after January 1, 2004, shall be subject to an annual reporting process, as follows:

(a) The head of the lead state agency administering the bond proceeds shall report to the Legislature and the Department of Finance no later than January 1, 2005, or the January 1 of the second year following the enactment of the bond measure, whichever is later, and at least once a year thereafter. The annual report shall contain all of the following:

(1) A list of all projects and their geographical location that have been funded or are required or authorized to receive funds.

(2) The amount of funds allocated on each project.

(3) The status of any project required or authorized to be funded.

(b) Costs of the report may be included in the cost of administering the bond measure unless the measure specifically prohibits those expenses.
