2016 through 2020 Biennial Asset Management Conference and Training on Implementation Strategies, TPF-5(335)

Provide communication and information sharing platform among member states, to discuss research needs and research ideas.

WHAT IS THE NEED?

Section 1203 of the MAP-21 stipulates USDOT to promulgate performance measures in the areas of the National Highway Performance Program (NHPP), Highway Safety Improvement Program, the Congestion Mitigation and Air Quality Improvement Program, and the National Freight Movement within 18 months of after the date of enactment of the MAP-21. State DOTs are tasked with developing performance measure plans, which include asset management plans. The focus of this pooled fund project will be in the areas of the NHPP.

WHAT ARE WE DOING?

Preparing for the upcoming Biennial Asset Management Conference which has been postponed to June 2021 due to the COVID-19 pandemic.

WHAT IS OUR GOAL?

The objective of this pooled fund project is to provide communication and information sharing among member states. The goal is to also discuss research needs and provide research ideas to the Transportation Research Board (TRB).

DRISI provides solutions and knowledge that improves California's transportation system

WHAT IS THE BENEFIT?

Provide a technology and knowledge exchange forum to enhance the practical knowledge of member states concerning asset management implementation and to enhance the working knowledge of the asset management community.
