

POSTER CONTEST WINNER

14 to 17 year olds:

Selby Boerman is the 17-year-old daughter of District 2 Caltrans Landscape Maintenance Leadworker Stephen Boerman. In addition to raising her heifer, Selby's favorite things are beef cows, riding her quad runner, playing piano and physics. Selby wants drivers to pay attention while driving. They need to remember they are

endangering lives when they are distracted. She says, "When you take your eyes off the road for a moment to glance at a text you can travel the length of a football field. This is a scary fact, especially for Caltrans workers who work on the road, often inches from traffic." Selby asks drivers to protect the lives of Caltrans' moms and dads by reducing your speed and being extra alert in highway work zones.
