## FOR IMMEDIATE RELEASE

### **SIDEWALK REHABILITATION PROJECT UNDERWAY STATE ROUTE 1 (PCH) AND STATE ROUTE 133 (Laguna Canyon Rd.)**

**SANTA ANA** – The California Department of Transportation (Caltrans) will begin repairing and replacing sidewalks at various locations on both SR-1 (PCH) from Mountain Road to Newport Boulevard), and SR-133 at Broadway Street from PCH to Canyon Acres Drive, starting Monday, April 3, 2017 from 9 a.m. to 2 p.m. Closures will include one lane of traffic in each direction and sidewalks, depending on the direction of the travel way. Signage and changeable message signs will be used to alert motorists and pedestrians of construction activity.

The \$360,000 project was awarded to Alfaro Communications Construction Incorporated March 2017 with anticipated completion in late May 2017. There will be no construction activities within the project limits, between the last week of May 2017, and the first week of September 2017.

This project will greatly improve active transportation and pedestrian mobility throughout Laguna Beach and Newport Beach, with smoother walkways. Caltrans asks for your patience during this sidewalk rehabilitation process.

As always, check traffic conditions on the Caltrans QuickMap at <http://quickmap.dot.ca.gov/> before your trip. Motorists are advised to plan ahead, add extra time to their commute, and consider alternate routes to avoid the work.

*Due to inclement weather or unforeseen operational factors, construction dates and times may change.*
