NORTHBOUND I-405 SAND CANYON OFF-RAMP TO BE CLOSED ON NOVEMBER 13TH AND 14TH

IRVINE - The California Department of Transportation will close the Northbound I-405 Sand Canyon off-ramp next Tuesday and Wednesday mornings, November 13-14, from 12:00 AM to 4:00 AM as part of an ongoing construction project to improve driving conditions on four miles of I-405. Two detour routes will be available. Signs will be placed to inform motorists of the closure and routes.

The first detour diverts traffic off the Northbound I-405 Jeffery off-ramp. Motorists will then turn right onto Northbound Jeffery Road traveling that road until turning right onto eastbound Alton Parkway. From Alton Parkway, motorists can access Sand Canyon.

The second detour also diverts traffic off the Northbound I-405 Jeffery off-ramp. Motorists will then turn left onto westbound University Drive traveling that road until turning right onto the Southbound I-405 on-ramp. Motorists can then access the Southbound I-405 Sand Canyon off-ramp.

Caltrans appreciates the public's patience while we perform this work. Electronic Changeable Message Signs will notify drivers of the closure and detours. Additionally, construction updates will be available via Twitter @CaltransOC and Facebook.com/CaltransOC.

The work schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues. For more information, you may contact the District 12 Public Information Office at 657-328-6000.

@CaltransOC

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.

DETOUR

-  NB Sand Canyon Off-Ramp Closure
-  Detour #1:
NB Jeffrey Exit - Alton Pkwy - Sand Canyon Ave
-  Detour #2:
SB Jeffrey Exit - SB I-405 - SB Sand Canyon Ave Exit
