SOUTHBOUND I-405 CULVER DRIVE ON-RAMP TO BE CLOSED FOR NEARLY A MONTH BEGINNING JANUARY 21st

IRVINE - The California Department of Transportation will close the Southbound I-405 Culver Drive on-ramp that is accessed while driving in the eastbound direction for nearly a month from midnight January 21st until February 19th as part of an ongoing construction project to improve driving conditions on four miles of I-405. Two detour routes will be available. Signs will be placed to inform motorists of the closure and routes.

The first detour diverts traffic onto Main Street north of the Culver on-ramp. From Main Street, motorists will turn left onto Southbound Jamboree Road. Motorists can then access the Southbound I-405 Jamboree Road Southbound On-Ramp.

The second detour diverts traffic onto Michelson Drive north of the Culver on-ramp. From Michelson Drive, motorists will turn right onto Northbound Jamboree Road. Motorists can then access the Southbound I-405 Jamboree Road Northbound On-Ramp.

Caltrans appreciates the public's patience while we perform this work. Electronic Changeable Message Signs will notify drivers of the closure and detours. Additionally, construction updates will be available via Twitter @CaltransOC and Facebook.com/CaltransOC.

The work schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues. For more information, you may contact the District 12 Public Information Office at 657-328-6000.

###

@CaltransOC

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.

DETOUR

-  SB Culver Dr to 405 SB On-ramp closed
-  Detour #1: Main St - Jamboree Rd
-  Detour #2: Michelson Dr - Jamboree Rd
