FOR IMMEDIATE RELEASE

US HIGHWAY 101 SURFACE TREATMENTS IN ARROYO GRANDE BEGIN NEXT WEEK

ARROYO GRANDE – A project to install contrasting surface treatments near the on/off ramps in both directions of US Highway 101 from south of the Bridge Street Undercrossing to the Grand Avenue Undercrossing will begin on Monday, April 17.

Motorists will encounter lane closures during the overnight hours Sunday night through Friday morning from 8 pm until 6 am, ramp closures Sunday night through Friday morning from 8 pm until 6 am and Monday through Friday from 8:30 am until 2:30 pm.

Motorists will encounter shoulder closures Monday through Friday from 7 am until 4 pm. Delays should not exceed ten minutes. One lane of US Highway 101 will remain open at all times.

This project is intended to reduce vehicles from stopping in these gore point areas located between active travel lanes and the on/off ramps. The contractor for this \$1.8 million project is Souza Construction of San Luis Obispo, CA. It is expected to be complete in October 2017.

Caltrans reminds motorists to move over and slow down when driving through highway construction zones.

For traffic updates on other state highways in San Luis Obispo County, motorists may call Caltrans District 5 Public Affairs at 805-549-3318 or can visit our website at:
