FOR IMMEDIATE RELEASE

UPDATE ON THE ALTON INTERCHANGE PROJECT

Eureka – Caltrans announced today that the California Coastal Commission has approved the Alton Interchange Project at the junction of Routes 36 and 101 in Alton. This approval marks the last major milestone before seeking a contractor to construct the project.

Funding for the Alton Interchange Project was recently approved by the California Transportation Commission. Construction is anticipated to begin in spring 2009.

For more information, please contact Richard Mullen at (707) 441-5877.
