Appendix C: Suggested Improvement Concepts
Appendix C: Suggested Improvement Concepts

- Consider reducing access width.
- Cut vegetation.
- Install pedestrian warning sign (W11-2 with W16-7p).
- Relocate stop bar.
- Install delineators to reduce turn radius.
- Realign right turn channelizing island w/ continental-type pedestrian crossing & yield lines. Create refuge area connected to sidewalk.
- Extend curb to narrow roadway & improve sidewalks. Provide 5'-wide bike lane.
- Consider closing access.
- Consider closing access.
- Realign & re-stripe pedestrian crossings as continental-type.
- Widen island & include buffer.
Appendix C: Suggested Improvement Concepts

- Install continental-type pedestrian crossings. Relocate stop bars.
- Install median with left-turn storage.
- Decrease corner radius.
- Place median island to restrict left turns into either Truesdale or Highland and provide refuge.
- Install buffer to narrow roadway. Provide 5'-wide bike lane.
- Consider eliminating parking.
- Provide protected island for awaiting passengers.
- Re-strip pedestrian crossings as continental-type & relocate stop bars.
- Decrease corner radius.
