

# CALTRANS DISTRICT 3 GOODS MOVEMENT STUDY UPDATE

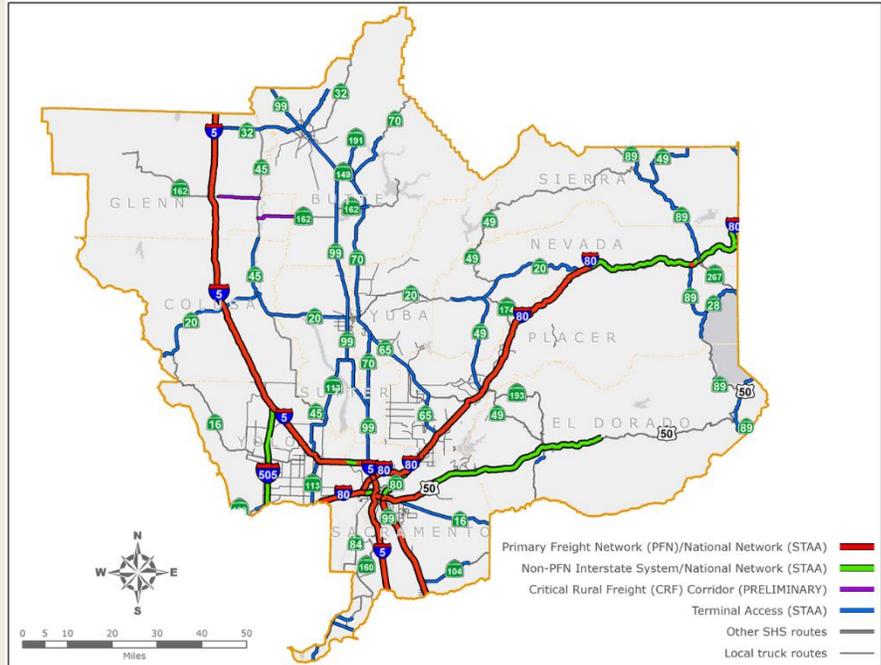

## PROJECT OVERVIEW

Caltrans District 3 is a critical hub for goods movement, as the region is not only a major consumer and producer of goods, but it is also essential for interregional freight travel.

Federal policies and anticipated regional freight growth compelled District 3 to undertake the Goods Movement Study. Caltrans has engaged a consultant team, led by System Metrics Group, Inc. (SMG, Inc.) to assist with the study. Study objectives include:

- *Close Information Gaps*
- *Develop a Project Planning Prioritization Framework*
- *Improve Planning Integration*
- *Enhance Regional Coordination*

Caltrans District 3 Goods Movement Freight Network

## PROJECT STATUS

- Consultant (SMG, Inc) has completed the literature review, methodology identification, existing conditions technical analysis, and draft freight project list.
- **Next steps:** Public review of the draft Final Report (complete study) will be available online by February 6<sup>th</sup>.
  - **Comments due on Friday, February 20, 2015**
- **February 28, 2015:** District 3 Goods Movement Study will be finalized.

## CALTRANS WELCOMES YOUR INPUT THROUGHOUT THIS PROCESS

- Visit our Goods Movement Study website for updates loaded at: <http://www.dot.ca.gov/dist3/departments/planning/goodsmovement.htm>
- Review the **draft Goods Movement Study Final Report** by going to the **Project Progress & Deliverables** tab at: <http://www.dot.ca.gov/dist3/departments/planning/goodsmovement.htm>
- Send us your feedback via e-mail to our Goods Movement contact (see information below)
- Once study is completed, the findings and recommendations from this effort will be incorporated into the District 3 Goods Movement Plan, and will inform local, regional, and statewide planning efforts.
