INTERSTATE 5 LANE AND RAMP CLOSURES CONTINUE EXPECT DELAYS ~UPDATE~

The California Department of Transportation (Caltrans) in cooperation with Granite Construction Company announces continued lane and ramp closures as part of a pavement rehabilitation project for Interstate 5 between the State Route 41 interchange to 3 miles south of the Utica Avenue Interchange near Kettleman City within Kings County.

Nighttime lane closures continuing next week are as follows:

Beginning on Monday night, August 24th through Friday morning, August 28th, 2015 between 5:00 p.m. to 5:00 a.m. each night, crews will be working in 2 mile sections on both SOUTHBOUND and NORTHBOUND Interstate 5 between Utica Avenue and the State Route 41 interchange to perform paving operations. On and off ramps at Utica maybe be closed for periods of time during work hours.

During these closures, Interstate 5 will be reduced to one lane while crews are working. Commuters will experience delays and are encouraged to take alternate routes whenever possible. California Highway Patrol (CHP) will be on site assisting with traffic control. Motorists are expected to obey all traffic laws.

Caltrans would like to thank the residents, businesses and commuters for their patience during this improvement project. The public is asked to drive with extra care while traveling through the construction area and please

BE WORK ZONE ALERT
