

POSTER CONTEST WINNERS

Grand Prize:

Ashley Cho is an energetic 17 year old who likes to help others. Ashley enjoys playing golf, and she won first place in her 2013 league tournament. Art is one of her favorite classes at Capital Christian High School, and she wants to pursue business art in college. One day, as her father Sungro Cho, a Headquarters transportation engineer, drove her to school, Ashley witnessed a horrific crash. When she started her art piece, the image of the crash and the emotions she felt came flooding back. Ashley's message to motorists is "drive safely; your carelessness can cost an innocent person's life."
