

## Uniform CCIS Event Codes and Dates

Event Code	Definition	Applicable Date
ACF	Arbitration Case Filed	Use the date that the contractor filed his complaint with the Office of Administrative Hearing.
ACH	Arbitration Case Hearing	Use the first hearing date that the parties meet with the arbitrator to present the facts of the case.
ACP	Arbitration Case Payment Processed	Use the date that the ACP was deposited in the United States Postal Service or that the ACP was hand delivered to the contractor.
BORM	Board of Review Meeting	Use the date that the board of review meeting was held.
BORR	Board of Review Recommendation	Use the issuance date of the board of review recommendation report.
CCA	Construction Contract Acceptance	Use the date that the approving authority approves the resident engineer's recommendation to accept the contract.
DDD	District Director Determination Sent to Contractor	Use the date that the district sent the final district director determination of claims letter to the contractor; regardless of who signed the letter.
HQS	Headquarters Settlement	Use the date that the Division of Construction chief signed the Settlement Report.
LCFC	Legal Case File Closed	Use the date that the Legal Division arbitration attorney returns the legal case files to the district and no longer charges against the expense authorization.
PFER	Proposed Final Estimate Received	Use the date that the contractor received the proposed final estimate.
PFEAE	Proposed Final Estimate Returned with Administrative Exceptions, Including Item Work Exceptions, CCO Work, and Extra Work Bill Exceptions	Use the date that contractor returned the PFE designated by the earliest date stamp by the mail room or resident engineer. Internal routing time is not considered in this event date code.
PFEC	Proposed Final Estimate Returned with Claims	Use the date that contractor returned the PFE designated by the earliest date stamp by the mail room or resident engineer. Internal routing time is not considered in this event date code.
