	1.75"	SDI 1.75" Multi-Plane Bar Anchorage System (3,500psi)	HS052814

Notes:

1. A unique Authorization Number has been assigned to each bar system. The supplier shall inform Caltrans of any revisions made to component drawings which would necessitate issuance of a new Authorization Number, otherwise Caltrans may revoke the prequalification of a bar system, and remove it from this list.
2. Caltrans takes no position regarding the validity of any intellectual property rights asserted in connection with any system on this list. Users of this list are solely responsible for determining the validity of any such intellectual property rights.
3. This table was prepared to provide a reference source for prestressing bar systems currently authorized for use by Caltrans. Caltrans assumes no liability or responsibility for the accuracy or validity of this information if used by other entities.
4. If you have any questions about this list, please contact the appropriate Structural Materials Representative at <http://www.dot.ca.gov/hq/esc/Translab/OSM/documents/smdocuments/StructuralMaterialsRepresentatives.pdf>.
