With payment to be made as follows: Net Thirty (30) Days

\*\*\*\*R&B reserves the right to modify the payment terms for any reasons associated with the project\*\*\*\*

COMMENTS: The proposal does not include any field work. All testing to be performed at R&B's Facility. Fabrication pricing does not include 3rd Party Inspection and is based on being performed at R&B's facility prior to coating if allowed by project construction. The freight price includes one hour for unloading at the jobsite. Should additional standby time be required, it will be billed accordingly at \$95.00 per hour. Freight price is based on max weight loads at the lengths listed above. The jobsite is to be accessible with a standard CA legal tractor semi-trailer. Contractor is to provide sufficient turn around space or offer an alternative drop zone. Delivery is to be made on Route 101. R&B is not responsible for any inaccessible areas or rust leaching caused by inaccessible areas. The price does not include any allowance for third party inspection. Any testing beyond R&B's Standard Quality Control of PA-2 will be done at R&B's Facility on a change order basis. Pricing is based on processing straight run knockdown structural steel, unless otherwise notified prior to quoting. The quoted pricing is based on processing full loads or all project steel in a process run. Placemeal processing is subject to additional costs. All rack marks are to be touched up in accordance with R&B's standard packaging. The price does not include conditioning of thermal cut edges (TCEs) or knife edges produced by others. Any work performed beyond that directly stated above will be done so on a change order basis. The price does not include any surface preparation of R&B's shop applied primer prior to additional coats applied in the field. The surface preparation of the shop applied coatings required for field applied coats is the responsibility of the field painter. Primer only systems should be protected or top coated within Manufacturer's Recommendations. R&B welcomes and encourages owner's acceptance and / or 3<sup>rd</sup> party inspection provided by others at our facility. Any coating defects identified by the contractor after leaving R&B's facility that are deemed to be the responsibility of R&B will be shipped back to R&B's Facility by the contractor at the contractor's expense for the necessary repairs. R&B will only warranty the application of the coating to be applied in accordance with the manufacturer's recommendations and the project specifications provided and does not apply any warranty to the coating material or it's intended use. Any warranties applied to this proposal are for a duration of One (1) Year from the date of R&B's Final QC. Any warranties beyond One (1) Year will need to be discussed, priced and issued prior to work performed. Price does not include a dunnage surcharge for any dunnage provided by R&B for shipping painted steel. R&B will make all efforts to meet our customer's delivery requirements. However, R&B is not a party to onsite requirements and assumes no responsibility for jobsite delays, back-charges, adverse weather conditions and all inconveniences for final erection and installation. Schedules will be binding only if R&B receives a written delivery schedule in a timely fashion prior to coating, and concurs to meet the submitted schedule in writing. Contractor will pay interest at the rate of 1.5% monthly on all overdue balances. R&B is a supplier, not a subcontractor, and should be treated as such on this project. All work is to be performed on a simple Purchase Order only. Delivery of steel to R&B or notice to proceed for said work acts as full acceptance of this proposal. Acceptance of this proposal makes this document legally binding. This document shall supersede any additional documents and purchase orders that are not agreed upon in writing. This proposal may be withdrawn by R&B if not accepted within 30 days. Contractor will pay all attorney fees & costs needed to collect overdue balances.

### ACCEPTANCE OF PROPOSAL

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be as outlined above.

R&B will package all painted steel in order to minimize shipping damage, and whether or not R&B is providing freight to the jobsite, R&B will not be held responsible for any shipping or handling damage, such as dunnage or strapping marks, erection damage or damage caused by shipping uncured paint due to constricted schedules, and will follow the guidelines set forth in SSPC PA-1, Section 8.3.

## MBDA Business Centers

Minority-owned firms seeking to penetrate new markets — domestic & global — and growing in size and scale, can access business experts at a MBDA Business Center. Whether it's securing capital, competing for a contract, identifying a strategic partner or becoming export-ready, your success is our priority.

The Centers are located in areas with the largest concentration of minority populations and the largest number of minority businesses. The Centers are staffed by business specialists who have the knowledge and practical experience needed to run successful and profitable businesses. Business referral services are provided free of charge. However, the network generally charges nominal fees for specific management and technical assistance services.
