#### Statement of Interest

The Watershed Nursery is very interested in providing the materials specified for the Caltrans Willits Bypass project on Highway 101 in Mendocino County, Project # 01-262064. Over the past 14 years of providing services and materials for Northern and Central California revegetation projects The Watershed Nursery (TWN) has grown plants from tidal wetland to oak grassland habitats, for entities from small non-profits to large government organizations. TWN has grown for multiple contracts specifying 10,000+ plants including currently the Invasive Spartina project for which we have grown 50,000+ plants for 3 consecutive years while simultaneously growing 18,000+ plants for the Caltrans Devil's Slide Slope revegetation project and additionally growing for numerous smaller projects.

#### Project Particularities

The included budget covers a portion of the plant material specified in each particular planting year. In the Quote Request #1 and #2 the same suite of species is covered in the propagation quote. It is understood that material in Quote Request #1 will be delivered in the fall of 2016 between October and December. The timing for Quote Request #2 delivery is still to be determined. As this material is slated as 'replacement' material for mortalities the quote for this material is made with assumption that the delivery window will be at least 4 months after December 2016 and that a firm delivery window of a two month period will be determined before entering into a contract agreement.

For the subsequent Quote Requests #3 and #4 slated for delivery October through December 2017 and 2018 respectively please note that additional species have been added to the propagation material quoted. These species are in blue text.

All quotes are based on seed for all species being provided by the State. No collection fees have been included in the quote. Sales tax is based on current sales tax in Willits California and will be adjusted to existing sales tax rate at time of delivery. Delivery rates are based on current rates and will be adjusted to existing rates at time of delivery.

The Watershed Nursery is both Small Business and DBE certified.
