Certification No. 04-90469

Steel Source Construction
6950 Crow Canyon Road
Castro Valley, CA 94552

Attention: Nancy Massa

Congratulations on the successful completion of your recertification application for Alameda County's Small, Local, Emerging Business (SLEB) Program!

You have been recertified as a SMALL business for the period of November 01, 2011 through December 31, 2014 for the following NAICS code(s): 423390, 423610, 423710, 423830 and 444190.

Steel Source Construction, business name will be added as a certified vendor to our local vendor database and provided to other businesses looking for a certified business in your service or commodity. Occasionally, you may receive e-mail notices of current contract opportunities and outreach/training events from the County. To control the type of e-mail notices you receive, please visit our website at acgov.org, click on "Get E-Mail Alerts/E-Subscribe," and then follow the instructions.

Subject to the requirements of the SLEB program and the criteria of each procurement process, the maximum bid evaluation preference points for being certified is 10% (5% local & 5% certified). Compliance with the SLEB program is required for architectural, landscape architectural, engineering, environmental land surveying, and construction project management services projects, but no preference points are applied.

Alameda County reserves the right to reevaluate your company at any time during the certification period to determine if your firm continues to meet the County of Alameda and U.S. Small Business Administration size standards and definitions.

If you are named as a SLEB partner in an Alameda County contract, you are required to maintain your SLEB certification status as active. Failure to comply with these contract terms could result in payment delays.

You are required to report any changes in your business structure or ownership. You are also required to submit a current business license each year. Failure to submit a current business license may result in decertification.

Steel Source Construction will be notified 90 days prior to the expiration of this certification. If you have any questions regarding this certification, please contact the Contract Compliance office at (510) 891-5500 and refer to your certification number as it appears on this letter.

Thank you for your interest in the SLEB program and doing business with Alameda County!

Sincerely,

Patricia McFadden
