Dear Ms. Rose:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
488490	Other Support Activities for Road Transportation

Work Category Codes	Description
E4780	Misc Transportation Services

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have

Firm Number: 41561

occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Standard Terms & Conditions For Spears and Ernst, LLC dba SPECS

1. APPLICABILITY. These Standard Terms & Conditions for Acceptance of Purchase Orders hereafter, "Standard Terms") shall apply to all purchase orders or other Supply Arrangements (hereafter defined) submitted by any customer ("Buyer") of Spears & Ernst Civil Solutions LLC, and/or its affiliates (collectively, "SPECS") regardless of the form or medium of Buyer's purchase order, and regardless of whether Seller's actions are deemed to be a prior offer of Buyer's purchase order or acceptance thereof and regardless of SPECS' execution of any agreement or other instrument/document required by Buyer. If SPECS is deemed to be accepting a prior offer of Buyer, such acceptance is limited to the terms contained herein. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms, regardless of any conflicting terms or waiver language contained in any Buyer purchase order, general terms & conditions, or other Supply Arrangement. Any proposal for additional or different terms or any attempt by Buyer to vary in any degree any of the Standard Terms is hereby rejected, but such proposals shall not operate as a rejection of an offer by SPECS unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods or services, but shall be deemed a material alteration thereof, and the offer by SPECS shall be deemed accepted by Buyer without said additional or different terms.

2. ACCEPTANCE OF ORDERS. All Buyer purchase orders shall be deemed accepted when SPECS issues an order acknowledgment to Buyer or when SPECS begins performance of the order. All orders accepted by SPECS shall be governed by these Standard Terms and by any additional terms and conditions which are expressly agreed upon by authorized representatives of the parties in a fully executed Supply Arrangement. Unless otherwise agreed to in a Supply Arrangement, SPECS shall have no obligation to accept any particular Buyer purchase order and these Standard Terms shall control.

3. SHIPMENT/DELIVERY DATES. The delivery date is only an estimate of when the product will be shipped. SPECS shall use reasonable efforts to meet any shipment or delivery date stated in any Buyer purchase order, but SPECS assumes no liability for loss or damage (including any direct, incidental, consequential or punitive damages) due to delays or failure to meet any Buyer-specified delivery date. If SPECS cannot meet such shipment or delivery date, it will promptly notify Buyer. Buyer will designate common carriers for the shipment of all products (but if Buyer fails to designate a carrier, SPECS shall have the right to select a carrier on Buyer's behalf). To the extent a quoted price for any product does not expressly include shipping, the cost thereof shall be paid directly by Buyer. SPECS reserves the right to make delivery in installments (including both advance shipments and back orders). All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delivery of an installment shall not relieve Buyer of its obligation to accept remaining deliveries. SPECS shall have no responsibility to ship goods to any location other than those in the United States, Canada or Mexico unless Buyer has previously secured all applicable permits and licenses for the transfer of goods.

4. TAXES/DUTIES. Applicable sales, excise, use and other taxes, and import/export duties and other charges, are in addition to any prices quoted by SPECS and shall be paid by Buyer.

5. PRICE CHANGES. The price shall be as set forth on the Supply Arrangement and due within thirty (30) days of delivery unless otherwise specified in writing. With respect to any "open" or "blanket" purchase order of Buyer, or if any Supply Arrangement contemplates the purchase/sale of products or services beyond a 6 month period, SPECS may from time-to-time (but no more than once in any 6 month period) increase the price of any particular product or service by an amount proportional to any increase in SPECS' labor, utility or other verifiable costs respecting such product or service. Additionally, in the event SPECS' raw material costs materially increase, SPECS may pass on such increases to Buyer at any time. Prices shall be adjusted to SPECS' prices in effect at the time of shipment.

6. CREDIT; LATE PAYMENTS. Any obligation of SPECS to extend credit to Buyer is conditional upon Buyer's timely payment of invoices, and upon the continued financial stability of Buyer. SPECS reserves the right to limit, cancel or revoke credit of Buyer at any time for any reason, and SPECS may require or demand payment or adequate assurances of performance from Buyer prior to performing any aspect of the sale of goods hereunder. Late payments on invoices shall bear interest at 1.5% per month or the highest rate allowed by applicable law, whichever is less. SPECS shall be entitled to recover its costs of collection of any past due invoice, including court costs and reasonable attorneys' fees. Buyer agrees that SPECS shall have the right to obtain financial information on a quarterly basis and shall be entitled to annual tax returns.

7. WARRANTY. SPECS shall provide an "industry standard" warranty on all of its goods and services. If there is no industry standard, then SPECS' sole warranty obligation for all goods and services that are or become defective in material or workmanship within twelve (12) months from the date of shipment or performance shall be limited to the replacement or repair of the defective goods or services free of charge. SPECS' warranty obligations hereunder are contingent upon the following conditions: SPECS is promptly notified of the defect; Buyer establishes to SPECS' reasonable satisfaction that any goods have been properly handled, stored, installed, maintained and operated; the goods were not materially altered; the defect did not occur after receipt of shipment; and upon SPECS' request, Buyer will return the defective goods or part thereof to SPECS. The foregoing warranty is a limited warranty, and is in lieu of all other warranties, express or implied. EXCEPT AS EXPRESSLY STATED IN THIS SECTION, SPECS DISCLAIMS AND DOES NOT MAKE ANY ADDITIONAL REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES OF ANY KIND (WHETHER BY IMPLICATION OR OPERATION OF LAW) WITH RESPECT TO THE PRODUCTS, INCLUDING WITHOUT LIMITATION ANY REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES AS TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PRICE, PATENT OR ANY OTHER MATTER. THIS SECTION SURVIVES THE TERMINATION OR CANCELLATION HEREOF.

8. REMEDIES AND LIABILITIES. BUYER AGREES THAT SPECS' LIABILITY AND BUYER'S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY KIND HEREUNDER OR RELATING TO THE GOODS OR SERVICES DELIVERED BY SPECS SHALL BE (A) THE REPAIR OR REPLACEMENT AT SPECS' OPTION OF DEFECTIVE GOODS OR SERVICES, OR (B) A REFUND OF THE PRICE ALLOCABLE TO THE DEFECTIVE GOODS OR SERVICES IF SPECS IS UNABLE TO EFFECTIVELY REPAIR, REPLACE OR CORRECT SUCH DEFECT IN A REASONABLE TIME AFTER USING ITS REASONABLE EFFORTS. UNDER NO CIRCUMSTANCES SHALL SPECS HAVE ANY LIABILITY WHATSOEVER FOR INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF BUSINESS OR PROFITS) OR PUNITIVE DAMAGES, NOR SHALL BUYER BE ENTITLED TO OBTAIN INJUNCTIVE RELIEF AGAINST SPECS FOR ANY REASON WHATSOEVER.

9. RISK OF LOSS; TITLE. Possession and risk of loss for all goods shall pass to Buyer upon SPECS' delivery of such goods to any carrier, common or otherwise. Title to such goods shall not pass until they have been fully paid for by Buyer. Buyer shall have been deemed to have accepted the goods and services as delivered within five (5) business days of delivery unless Buyer shall notify SPECS of any deficiency in writing.

10. ASSIGNMENT. Buyer shall not assign its interest in any Supply Arrangement without SPECS' prior written consent.

11. INDEMNITY. To the maximum extent allowed by law, Buyer shall reimburse, indemnify and hold SPECS and its employees and agents harmless from and against any claims, demands, liabilities, damages, suits, judgments, losses, costs and/or expenses (including attorneys' fees and other expenses of any litigation) suffered and paid by SPECS (collectively, "Losses") that relates to or arises on account of (a) Buyer's negligence, use, ownership, maintenance, transfer, transportation or disposal of the goods and services delivered by SPECS or (b) Buyer's violation or alleged violation of any federal, state, county or local law, rule or regulation.

12. INTELLECTUAL PROPERTY.

(a) If Buyer provides SPECS with any specifications for goods or services to be furnished by SPECS, Buyer shall reimburse, indemnify, defend and hold SPECS harmless from and against any Losses concerning, arising out of or relating to any claimed or actual infringement of any patent, copyright, trade secret or other intellectual property rights of any third party respecting such goods or services.

(b) Except with respect to any product that Buyer has specifically contracted with SPECS to design or develop, (i) any product or any improvement to any product developed by SPECS, and (ii) any method or process of production respecting the product or improvement thereto developed by SPECS, shall be the sole property of SPECS.

(c) Buyer may use SPECS' trademarks only to sell new SPECS products purchased by Buyer directly from SPECS, and for no other reason. Buyer shall not take any or fail to take any action that may dilute SPECS' trademarks.

(d) Except as expressly set forth herein, (i) SPECS shall have no obligation to sell, assign, license, or transfer intellectual property of any kind to Buyer, and (ii) Buyer shall have no right to use any intellectual property of SPECS without the express written consent of SPECS, which may be withheld in its sole discretion. SPECS may enforce this Section through injunction or otherwise.

13. FORCE MAJEURE. SPECS shall be temporarily excused from performance under any Supply Arrangement to the extent such non-performance is caused by acts of God, war, terrorism, riot, embargoes, fire, floods or other severe weather problems, accidents or other casualty, quarantine restrictions, factory conditions, labor disputes, governmental acts, orders or regulations, delays in transportation, shortage of transport vehicles, labor or materials or other circumstances beyond the reasonable control of SPECS. SPECS shall use all available commercially reasonable efforts to remedy the circumstances causing the non-performance, or shall take steps to work around such circumstances. Promptly after the circumstances causing the non-performance are remedied, SPECS shall resume performing.

14. TERMINATION. Unless otherwise agreed to in a fully executed Supply Arrangement, SPECS may terminate any Supply Arrangement, including open or continuing purchase orders: (i) on reasonable ten day notice to Buyer, for any or no reason, or (ii) immediately, if Buyer fails to timely pay for goods delivered or services rendered, breaches any of its other obligations under any Supply Arrangement, violates or refuses to abide by or acknowledge these Standard Terms, or threatens any of the foregoing. Buyer has no right to terminate for convenience. Buyer may only terminate for SPECS' material breach if Seller, after written notice, fails to cure within 30 days of receipt of such notice. Any termination by Buyer must be in writing. In the event of a termination by Buyer or SPECS for any reason other than a material breach by SPECS that SPECS fails to cure, Buyer shall pay SPECS termination charges consisting of all of SPECS' costs and expenses incurred in connection with SPECS' performance (including without limitation labor, material and overhead), all costs and expenses incurred as a result of termination, any of SPECS' other incidental damages and SPECS' expectation damages. Regarding any by breach by Buyer hereunder, SPECS reserves all rights and remedies available hereunder.

15. MISCELLANEOUS. Notwithstanding any Buyer purchase order or Buyer standard terms and conditions to the contrary:

(a) Buyer shall have no right to (i) inspect SPECS' facilities, (ii) examine SPECS' books, records or other documents, or (iii) seek or obtain any information from SPECS deemed proprietary or confidential by SPECS in its sole discretion, without the express written consent of SPECS obtained in each instance, which consent may be withheld in SPECS' sole discretion.

(b) SPECS shall have no obligation to sell or otherwise transfer any raw materials, work-in-progress, tools, dies, jigs, fixtures, molds, patterns, templates, models, mock-ups, gauges, drawings, equipment/machinery or other means of production to Buyer except where the same was specifically designed, developed and/or purchased by SPECS solely for Buyer's account under a bona fide Supply Arrangement and has been fully paid for by Buyer.

(c) SPECS shall have no obligation to comply with any agreements between Buyer and any third party unless SPECS is furnished a written copy of such agreement and expressly agrees to so comply in a signed writing after SPECS' receipt of such copy.

(d) SPECS shall not be required to obtain any property, liability or other type of insurance for its own account or for the account of Buyer or its property.

(e) SPECS shall not be required to arbitrate any claim against Buyer or Buyer's customers or agents, or bring or defend any such claim in any particular forum.

(f) In the event of any formal dispute resolution proceeding between the parties, the prevailing party shall be entitled to recover its reasonable attorney's fees and other expenses of dispute resolution, such as arbitrator fees, case filing fees, costs of transcription and expert witness fess.

(g) The substantive laws of the State of California shall apply to all dealings and transactions between Buyer and SPECS.

16. CONFLICT OF TERMS. These Standard Terms supersede any prior purchase orders, supply agreements, nomination letters, proposals, quotations, requisitions, oral statements and/or representations, Buyer standard terms and conditions, correspondence or similar matters (collectively, "Supply Arrangements") between the parties or their representatives. Any conflict between these Standard Terms and other Supply Arrangements shall be resolved in favor of these Standard Terms. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms. If at any time (i) Buyer claims or asserts that these Standard Terms are not applicable to any Supply Arrangement between SPECS and Buyer, or (ii) a determination is made by a court, arbitration panel or other legal authority that these Standard Terms do not apply to any Supply Arrangement between the parties, SPECS shall have the right to immediately terminate such Supply Arrangement without liability or further obligation to Buyer. However, the failure or refusal of SPECS to so terminate any Supply Arrangement shall not constitute or be deemed a waiver by SPECS of the effectiveness or enforceability of these Standard Terms. SPECS reserves the right to amend these Standard terms from time to time.

17. WAIVER. Either party hereto may waive any requirement, condition or obligation to be performed by the other party, provided any such waiver is in writing and executed by the party waiving the requirement, condition or obligation and shall be specifically designated as a waiver hereunder with reference to the applicable section. A waiver by a party of any breach of any term, covenant, or condition contained herein to be performed by a party, or the delay, forbearance, indulgence or failure of a party in exercising any right hereunder on account of such breach, or the partial exercise of such right, shall not be deemed a waiver of any subsequent breach of the same term or any other term, covenant or condition hereof.

18. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the want date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:

(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Sellers' discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings.

(b) Cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were specially fabricated for the Buyer.

19. SEVERABILITY. If any provision of this Agreement or any related document or instrument is held to be illegal, invalid or unenforceable under present or future laws, such provision shall be either reformed by a court of competent jurisdiction to reflect the intent of the parties, or deleted from the Agreement by the court, whichever course of action in the opinion of the court would best reflect the intent of the parties, taking into consideration all provisions of this Agreement. If a provision is deleted, the remaining provisions hereof shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by severance herefrom.

20. WAIVER OF JURY TRIAL. BUYER AND SPECS ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH OF THE BUYER AND SPECS, AFTER CONSULTING (OR HAVING THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS CHOICE, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO ANY OTHER DOCUMENT PERTAINING TO ANY ORDER.

21. VENUE, The parties hereby agree that all actions or proceedings arising directly or indirectly, from this Agreement shall be litigated in courts having a situs within the state of California, and the parties hereby consent to the jurisdiction of any local, state or federal courts that is located within the state of California.

22. STATUTE OF LIMITATIONS. Any action resulting from any breach on the part of SPECS as to the goods or services delivered hereunder must be commenced within one year after the cause of action has accrued.

High Visibility Fabric

High visibility fabric shall be machine produced, orange colored mesh manufactured from polypropylene or polyethylene. High visibility fabric may be made of recycled materials. Materials shall not contain biodegradable filler materials that can degrade the physical or chemical characteristics of the finished fabric. High visibility fabric shall be fully stabilized ultraviolet resistant, shall be a minimum of 1.22 m in width with a maximum mesh opening of 50 mm x 50 mm. High visibility fabric shall be furnished in one continuous width and shall not be spliced to conform to the specified width dimension.

Posts

Posts for temporary fence (Type ESA) shall be of one of the following:

A. Wood posts shall be fir or pine, shall have a minimum cross section of 50 mm x 50 mm, and a minimum length of 1.6 m. The end of the post to be embedded in the soil shall be pointed. Wood posts shall not be treated with wood preservative.
B. Steel posts shall have a "U", "T", "L" or other cross sectional shape that resists failure by lateral loads. Steel posts shall have a minimum mass per length of 1.1 kg/m and a minimum length of 1.6 m. One end of the steel post shall be pointed and the other end shall have a high visibility colored top.

Fasteners

Fasteners for attaching high visibility fabric to the posts shall be as follows:

A. The high visibility fabric shall be attached to wooden posts with commercial quality nails or staples, or as recommended by the manufacturer or supplier.
B. Tie wire or locking plastic fasteners shall be used for attaching the high visibility fabric to steel posts. Maximum spacing of tie wire or fasteners shall be 600 mm along the length of the steel post.

Signs

The sign legend and dimensions shall be as shown on the plans. The sign shall be weatherproof and fade-proof and may include plastic laminated printed paper affixed to an inflexible weatherproof backer board. The sign panel shall be affixed to the high visibility fabric with tie wire or locking plastic fasteners. The top of the sign panel shall be flush with the top of the high visibility fabric. Sign panels shall be placed at 30 m apart along the length of the temporary fence (Type ESA), and at each end of the fence.

INSTALLATION

Temporary fence (Type ESA) shall be installed as follows:

A. All fence construction activities shall be conducted from outside the ESA as shown on the plans or as staked.
B. Posts shall be embedded in the soil a minimum of 380 mm. Post spacing shall be 2.5 m maximum from center to center and shall at all times support the fence in a vertical position.
C. Temporary fence (Type ESA) shall be constructed prior to clearing and grubbing work, shall enclose the foliage canopy (drip line) of protected plants, and shall not encroach upon visible roots of the plants.
D. Temporary fence (Type ESA) shall be located so that it is visible, as determined by the Engineer.

When Type ESA temporary fence is no longer required, as determined by the Engineer, the temporary fence shall become the property of the Contractor and shall be removed and disposed of in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications, except when reused as provided in this section.

Full compensation for maintaining, removing, and disposing of temporary fence (Type ESA) shall be considered as included in the contract price paid per meter for temporary fence (Type ESA) and no additional compensation will be allowed therefor.

STF P12

STF P12 geogrid is composed of polypropylene resin which is extruded into a stable geogrid structure. STF P12 geogrid is inert to biological degradation and resistant to naturally encountered chemicals, alkais, and acids.

STF P12 geogrid increases roadbed and foundation bearing capacity, while prolonging the service life of each by the confinement of the base course. STF P11 prevents lateral spreading of the base or sub-base aggregate and allows for shear interaction to develop between the aggregate and the geogrid.
STF P12 geogrid reduces the applied vertical pressure of heavy loads at depth of aggregate by spreading the load over a wider area, commonly known as the "snowshoe effect".

MACTEX® W1 53.47
WOVEN (MEDIUM STRENGTH) GEOTEXTILE

Maccaferri MacTex® W1 53.47 is a woven polypropylene geotextile containing heavy woven tape/fibrillated yarns and will meet the following 'Minimum Average Roll Values' (MARV) when tested in accordance with the methods listed below. These characteristics make MacTex® W1 53.47 ideal for the construction of embankments over soft soils, steepened slopes, and wrapped-faced retaining walls. The geotextile is resistant to ultraviolet degradation and to biological and chemical environments normally found in soils.

MacTex® W1 53.47 conforms to the property values listed below[1] and is subject to internal "Manufacturing Quality Control' (MQC) tests that have been accredited by the 'Geosynthetic Accreditation Institute – Laboratory Accreditation Program' (GAI-LAP).

Contech - CONDITION OF SALES

1. ACCEPTANCE. This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ATTACHED OR ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OF WARRANTIES NOT FULLY EXPRESSED HEREIN.

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the goods sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the goods sold under this contract are free from defects in material and workmanship for a period of one year after the date of delivery. There are no warranties, express or implied with respect to products sold hereunder which are misused, abused, or used in conjunction with mechanical equipment improperly designed, used or maintained or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty, governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller's is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the goods purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to goods manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph, paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify for itself that they conform to the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective goods within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES; CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. If this proposal includes furnishing labor to install products, applicable use taxes have been included in the prices quoted. However, no other tax imposed in respect of the sale of the products sold hereunder is included in any quotation by Seller. Any tax shall be added and paid by Buyer as part of the purchase price.

18. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination;
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price;
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired.termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:
(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings; or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller for a breach of this contract, including any action for breach of warranty, or otherwise in connection with the goods sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract will be brought and tried in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.
