Additionally, the Caltrans Special Provisions requires the Contractor Supplied Biologist be onsite during tree felling that occurs from February 1 to August 31.

Depending on the timing of tree felling and how quickly the project is completed, the total number of monitoring days may vary greatly. Therefore Gallaway Enterprises has provided a daily monitoring rate and not to exceed amount for Bid Item 25. In the table below, Gallaway Enterprises has estimated the need to have a Contractor Supplied Biologist onsite for 240 days; however if less days are required, billing will reflect the actual number of days. Please use the daily rate of $860 to adjust the total lump sum price depending on the estimated number of days to complete the project.

Item No.	Description	Quantity	Unit	Price	Total
25	Contractor Supplied Biologist	240*	Daily	$860	$223,320
26	Natural Resource Protection Plan	1	LS	$3,000	$3,000
				Lump Sum Total NOT TO EXCEED:	**$226,320**
