**ASSUMPTIONS**

- 1. Job Site Management assumes a project duration of 90 days (field work), or 18 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$995.00.

$18 \text{ weeks} \times \$995.00/\text{week} = \$17,910.00$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

- 2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **\$2,500 per day** including all labor, travel, per diem, materials, supplies, and lab costs. For bidding purposes, assume **ONE (1) day** for the lead monitoring; or a **total of \$2,500.00** for the on-site monitoring.
- 3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
- 4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
- 5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

**Veridico is a certified DBE contractor (No. 39572)** with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at [tim.anenson@veridicogroup.com](mailto:tim.anenson@veridicogroup.com) if we can provide anything further.

**ASSUMPTIONS**

1. Job Site Management assumes a project duration of 90 days (field work), or 18 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$995.00.

$$18 \text{ weeks} \times \$995.00/\text{week} = \$17,910.00$$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **\$2,500 per day** including all labor, travel, per diem, materials, supplies, and lab costs. For bidding purposes, assume **ONE (1) day** for the lead monitoring, or a **total of \$2,500.00** for the on-site monitoring.
3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at [tim.anenson@veridicogroup.com](mailto:tim.anenson@veridicogroup.com) if we can provide anything further.

3. Purchase order must be received within sixty (60) days from date of quote or quotation is invalid.
4. If a job is cancelled by customer after APCO's equipment and crew has been dispatched, regardless of conditions, customer will assume responsibility for all mobilization charges incurred. If a job is cancelled by customer after APCO has been on jobsite, regardless of conditions, customer will assume responsibility for time incurred. (minimum 2 hr show-up)
5. We require 15 days notice prior to start of work.
6. Proposal is for Monday through Friday (Non-Holiday) normal daytime hours, unless otherwise noted.
7. By accepting this bid, the customer agrees to pay Asphalt Dike Construction, Inc. within thirty (30) days of Asphalt Dike Construction, Inc. invoice date. After 30 days 18% APR will be charged to outstanding balances. Customer's receipt of payment is not a condition to customer's obligation to pay Asphalt Dike Construction, Inc. Customer agrees that the funds for this project will not offset from any claims or disputes on other projects. No retention is to be held on any daily rental rate work.
8. APCO will not be held responsible for costs accrued from any claims or disputes from this project as APCO has no control over the outcome of projects from daily rentals. Customer agrees to indemnify and hold APCO harmless from any claims or disputes regardless of whether such claims are founded in whole or in part upon any negligent act or omission of APCO.
9. APCO shall not be responsible to customer or any third party for any loss, damage or injury caused by, resulting from, or in any way attributable to the operation of, use of, or any failure of the equipment.

FOR OFFICE USE ONLY

**ASSUMPTIONS**

1. Job Site Management assumes a project duration of 90 days (field work), or 18 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$995.00.

$$18 \text{ weeks} \times \$995.00/\text{week} = \$17,910.00$$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **\$2,500 per day** including all labor, travel, per diem, materials, supplies, and lab costs. For bidding purposes, assume **ONE (1) day** for the lead monitoring; or a **total of \$2,500.00** for the on-site monitoring.
3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

**Veridico is a certified DBE contractor (No. 39572)** with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at [tim.anenson@veridicogroup.com](mailto:tim.anenson@veridicogroup.com) if we can provide anything further.
