43 These Standard Terms and Conditions, together with our proposal, make up the Agreement between the

157 **OTHER**

158 This Agreement shall be governed by California law. The above terms and conditions regarding Limitation

165 of this Agreement are severable; if any provision is unenforceable, it shall be appropriately limited and
166 given effect to the extent that it is enforceable. Headings in these Terms and Conditions are for

GENERAL CONDITIONS

This Proposal and Construction Contract assumes that mutually agreeable commercial and legal terms and conditions will be reached.

This Proposal and Construction Contract, including, General Conditions and attachments hereto, if any identified in Special Conditions (herein "Contract") is entered into as of the date of proposal by and between Intermountain Slurry Seal, Inc and Hat Creek Construction herein called "Owner". Owner and Contractor agree as follows: Contractor shall commence and continue thereafter to diligently perform the Work in accordance with mutually agreed upon schedule. The mutually agreed upon schedule shall provide for 11 working days in which to complete the Work. A working day is defined as any day except Saturday, Sunday, and Legal Holidays and except days on which Contractor is prevented from proceeding with at least seventy percent of the normal labor and/or equipment force required to perform the Work due to events or circumstances beyond the control of Contractor including, but not limited to, those events or circumstances identified in Sections 7 and 8 in the General Conditions.

- WORKMANSHIP AND MATERIALS:** Contractor acknowledges that it is familiar with the nature and location of the Work. All Work shall be performed by Contractor in a workmanlike manner, and in accordance with industry standards.
- PAYMENTS:** Contractor shall receive progress payments monthly in proportion to the amount of Work performed during the period covered by Contractor's billing. Progress payments will be made within ten (10) days after Owner receives a billing from Contractor setting forth the amount due for the Work performed and covered by the billing. Owner shall pay to Contractor, as full compensation for performance by Contractor of the Work (herein "Contract Amount") the following amount. Progress payments shall be 100% of the estimate and the sum of 1.5% per month shall be added to any balance unpaid when due. The Contract amount shall include all applicable Sales, Use, Franchise, Excise and other taxes which may now or hereafter be levied. In the event the above price is a unit price based on quantities, final payment shall be for actual quantities jointly determined by the Owner and Contractor, upon completion of all Work hereunder. Contractor shall have the right to terminate this Contract if Owner is unable to demonstrate to the satisfaction of Contractor prior to commencement of Work (or at anytime during the course of the Work in response to the written request of Contractor) Owner's ability to make payments for the Work to be performed hereunder in the manner and at the times set forth herein. Final payment shall be due to Contractor within ten (10) days after (i) Owner's receipt of a final billing from Contractor or (ii) completion of the Work, whichever shall occur last. The proportionate amount of Work billed on Contractor's progress billings shall be subject to the approval of Owner. Progress payments shall not be construed as an acceptance of any Work, the entire Work being subject to final inspection and approval by Owner. As it would be extremely difficult to fix and ascertain the actual damages the Contractor would sustain by Owner's failure to pay moneys due to Contractor under the terms of this Contract at the times and in the manner specified herein, it is hereby agreed by the parties hereto that the Owner shall pay to the Contractor in addition to all sums due hereunder the sum of the percentage per month. Nothing contained herein shall be deemed consent by the Contractor for extending the due date for payment under this Contract. No retention will be held on private work.
- CHANGES IN THE WORK:** Owner may, from time to time, by instructions or drawings issued to Contractor, make changes to the scope of the Work, issue additional instructions, request additional Work or direct the omission of Work previously ordered, and the provisions of this Contract shall apply to all such changes, modifications and additions with the same effect as if they were embodied in the original contract. The price or a formula for establishing the price and any time impacts to the schedule for such Work shall be set forth in a written change order either prior to the commencement of work or as soon as practical thereafter and shall be mutually agreed upon with Contractor. Absent the parties' agreement to price and/or time extension for a change in the Work, Owner shall pay Contractor its actual direct costs in completing said extra Work plus a mark-up of 15 percent thereon for overhead and profit.
- INDEMNITY:** Contractor shall indemnify and hold Owner harmless against all claims, damage suits, actions, recoveries and judgments caused by the negligence of Contractor, its agents, employees, or subcontractors, in performing the Work.
- RESPONSIBILITY FOR WORK:** Contractor shall be responsible for and shall bear any loss of or damage to the Work and all materials, supplies and equipment until such time as Contractor has de-mobilized from the Work site. In no event, shall Contractor be liable for such loss or damage that results from the actions, omissions, fault or negligence, either active or passive, of the Owner, Owner's representatives, agents, employees, its other contractors or anyone acting on Owner's behalf or others over whom Contractor has no authority or control.
- INSURANCE:** Contractor shall maintain such insurance as will protect it from claims under workers' compensation acts and from claims for damages because of bodily injury, including death, or injury to property which may arise from and during the operation of this Contract. A certificate of such insurance shall be provided to the Owner if the Owner so requests.
- DELAYS BEYOND CONTROL OF CONTRACTOR:** In the event Contractor shall be delayed in the performance of the Work under this Contract by causes beyond the control of the Contractor and not caused by Contractor's negligence, including, but not limited to, Change Orders, Acts of God, or of the public enemy, acts of any governmental agency, fire, flood, epidemics, strikes, freight embargoes, inclement weather, over optimum moisture content of ground or base course, unsuitable ground conditions or delays caused by other contractors, their subcontractors of any tier and the suppliers to any of the foregoing, Contractor shall have a time extension to the mutually agreed schedule for the time caused by said delay and shall be paid its additional costs incurred as a result of the delay, including labor and material cost or price escalations, and extended jobsite and home office overhead.
- DIFFERING SITE CONDITIONS:** (A) Contractor shall promptly, and before the conditions are disturbed, give a written notice to Owner of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this Contract, including but not limited to any subsurface utilities not accurately shown on plans or drawings, or (2) unknown physical conditions at the site of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Contract, or (3) the existence of contaminated, toxic or hazardous materials or conditions not specifically described in type, character, or quantity in a Work Order, which existence is deemed to be a differing site condition. (B) Owner shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ or are deemed to so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the Work under this Contract, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the Contract price increased to reflect Contractor's increased costs plus a mark-up of 15 percent, and the mutually agreed schedule extended accordingly.
- LAWS AND REGULATIONS:** Contractor shall at all times comply with all applicable safety, licensing, employment and environmental laws, ordinances, statutes, rules and regulations of the federal Government, State, County, Municipalities or their Agencies of Government (herein "Law" or "Laws").
- OWNER:** Owner represents he/she/it is the Owner in fee simple of the real property upon which the construction improvement is to be made.
- ACCEPTANCE:** Upon receipt of written notice from Contractor requesting acceptance of the Work being performed hereunder, Owner and Contractor shall promptly inspect the job jointly and, in the event the same has been completed in conformity herewith, provide Contractor with a Notice of Completion in recordable manner and form. In the event the Work performed is subject to further inspection and/or final acceptance by another person or entity, and such inspection end/or final acceptance cannot be obtained through no fault of Contractor, then in such event the Work shall be deemed completed and accepted. Contractor shall warrant its Work against defects in materials and workmanship for a period of one year from the date of completion of the Work.
- PERMITS:** Owner will obtain and pay for all permits, inspection fees, soils test, engineering, staking, fees for utility connections, or other such similar items required for the performance of Work hereunder.
- SUBCONTRACTING:** Contractor shall have the right to subcontract any portion of the Work hereunder, and all Work performed by subcontractors shall be subject to all of the applicable Contract terms and conditions.
- LIENS AND CLAIMS:** Provided Contractor has been, and continues to be, timely paid all amounts due it, Contractor shall promptly pay valid claims of all persons, firms or corporations performing labor or furnishing equipment, materials and other items used in, upon or for the Work done hereunder.
- FAILURE TO MAKE PAYMENTS:** In the event Owner shall fail to make payment at the times and in the amounts provided for in this Contract, Contractor shall have the right to stop Work. In such event all amounts due Contractor, including retention, if any, shall immediately become payable and Contractor shall have the right to recover all damages sustained by Contractor as a result of such breach of contract by Owner.
- DEFAULT:** In the event Contractor shall fail to timely perform any provision of this Contract and if such failure should continue for thirty (30) days after receipt of written notice from Owner, then Owner may terminate this Contract and cause the balance of the Work to be completed by other parties. In any such event, if the reasonable cost of such completion exceeds the unpaid balance due on the Contract price, Contractor shall promptly pay such difference to Owner; otherwise, the unpaid contract balance shall be paid to Contractor. The Owner and Contractor each waive the right to recover from the other any indirect, incidental or consequential damages regardless of how such damages are caused.
- COSTS AND ATTORNEYS' FEES:** Should either party bring suit in court to enforce or interpret any of the terms hereof, or for a breach thereof, end/or to foreclose any mechanic's lien attributable to the Work done hereunder, the prevailing party shall be entitled to cost and reasonable attorneys' fees, which may be set by the Court in the same action or in a separate action brought for that purpose, in addition to any other relief to which the prevailing party may be entitled.
- NOTICES:** Any notice required or permitted hereunder shall be served personally on Contractor's construction manager or on the representative of Owner at the job site, or may be served by certified mail directed to the address of the party shown on the face of the Contract. Notices shall be effective upon receipt by the intended recipient.
- ASSIGNMENT:** Neither party shall assign all or any portion of this Contract without first obtaining the signed written consent of the other party. Subject to the foregoing, this agreement shall be binding upon and inure to the heirs, successors and assigns of the parties hereto.
- WAIVER OF RIGHTS:** Failure to enforce any rights hereunder shall not waive any rights in respect of other or future occurrences.
- SEVERABILITY:** To the best knowledge and belief of the Parties, this Contract now contains no provision that is contrary to any Laws. In the event that any provision of this Contract shall at any time contravene in whole or in part any applicable Law, then such provision shall remain in effect only to the extent permitted, and the remaining provisions hereof shall remain in full force and effect.
- JURISDICTION:** It is understood and agreed that each and every provision of this Contract, including any alleged breach thereof, shall be interpreted in accordance with the laws of the state where the Work is to be performed.
