General work description: Scour Mitigation and Repair Spalled Surface Area

Contract No. 03-0F2704, Bid Date: March 10, 2015 at 2:00 p.m.

Steelhead Constructors, Inc. (Steelhead) will be bidding the referenced project as a prime contractor. Plans and specifications for this project may be viewed on the Caltrans Website (at the same place where you opt-in), at your local builder's exchange and are available for review in our office. If you require additional information regarding the requirements of the contract, please don't hesitate to call our office. In order that we may give your bid maximum consideration, please supply us with a FAX letter prior to the bid describing the scope of your work.

We are requesting quotes from all qualified subcontractors and suppliers, including all certified DBE/MB subcontractor.

We are soliciting quotes for (including but not limited to):

The quotations may be broken down into comparable units as reasonably necessary. Steelhead will work with suppliers and subcontractors to identify opportunities and break down items into economically feasible units.

Steelhead is an Equal Employment Opportunity Employer. We encourage and actively solicit proposals from DBE and MB subcontractors and suppliers on all our projects. All qualified DBE and MB subcontractors must be registered and certified by the California Department of Transportation. Steelhead is signatory to Operating Engineers, Laborers, Carpenters and Cement Masons Unions. All subcontractors must possess a current contractor's license, insurance, and worker's compensation coverage meeting Steelhead's requirements and will be required to sign Steelhead's Subcontract Agreement. Performance and payment bonds up to 100% may be required for the full amount of the subcontract price. Prior to the bid, upon request, you can contact our office if you require assistance in bonding, lines of credit, insurance, obtaining necessary equipment, supplies, materials or services etc., which may be required by the Owner.

Please contact our office and advise us if you are interested in bidding on this project.

Dear Kelly

I would love to try to supply signs for your CALtrans project. The small business rep at Caltrans sent me a solicitation but it did not include the project name for me to get the specs so I can give you a quote. It was posted 2/18 according to the email. What project are you needing help with?

February 27, 2015

Yolanda with Yolanda Construction and Traffic Control called about job 03-0F2704. She called wanting to know exactly what we wanted her to quote. I said what do you provide and what items from the bid items page would you be interested in providing? She said she didn't want to talk to me she wanted an estimator. She said she is Black and a Women so that is double goals. She said she like talking to the estimators to help negotiate the prices with them. I said that is called shopping and we do not shop. She said oh yea well...um uh... she would prefer talking an estimator anyway. I said I am the DBE person and I could help her get to the bid items page and then we could discuss what it is she was interested in providing. She yelled at me and said do you want a quote or are you just doing the good faith... I asked her again, what items could she provide and she rattled off the items in her warehouse. She said, I have 100 cones, 200 delineators with base, 4 message boards, 2 arrow boards and she can get fiber rolls. I said okay now that is a place to start. I told her if she is truly interesting in bidding items on this job that she needs to opt-in on the Caltrans Website at the Contractors Corner, and do her part by searching the specs and plans. She said that part was up to me. I told her that I had talked to Rochelle Jenkins at Caltrans and she said that it is up to the DBEs to take an active role and look at the specs and plans themselves. Yolanda said oh Rochelle is just a clerk she knows nothing... She (Yolanda) said she had spoken to Rochelle's supervisor who said otherwise. I emailed them the entire specs and plans PDFs and also sent her the link that Rochelle Jenkins provided with helpful hints on how to find the specs and plans and how to opt-in at the Contractors Corner. As of 3-3-15 Yolanda still has not opted in or called me back.
