GENERAL NOTES, TERMS & CONDITIONS - Please read carefully

- **Acknowledgement & Agreement:** By appointing or listing Force Traffic Control as a subcontractor on this project, the Prime Contractor acknowledges and agrees to all applicable terms and conditions as stated above and in the descriptions below.
- **Durability of Rates Quoted Above:** Based upon the Advertisement Date of this project, all labor rates quoted above shall remain in effect through June 30, 2014. Should the State of California increase the applicable rates for work on this project thereafter, our rates above will increase by no more than 5% more than the State's net increase.
- **Radios:** Our flaggers and pilot car(s) will be equipped with VHF or UHF 2-way radios. Additionally, pilot cars are equipped with CB radios for coordination with your truckers and other CB-equipped equipment.
- **Rental equipment** (excludes non-powered devices): For this project, the Portable Changeable Message Signs are covered herein under. The Prime Contractor shall be responsible for any damage or loss to/of the equipment due to traffic conflicts, vandalism, theft, acts of nature or mishandling by Prime Contractor's staff. The Prime Contractor will NOT be responsible for maintenance of the operational capabilities, except for operational difficulties and repairs brought about by such traffic conflicts, vandalism, acts of nature or mishandling by Prime Contractor's staff.
- **Night Work:** (a) No increase is applicable to any labor rates quoted above; (b) All added costs associated with illuminating the flaggers stations shall be borne by the Prime Contractor; (c) we will provide the two required 12" flashing beacons at no additional charge.
- **Labor Agreements:** Signatory to the AGC-No. California Laborers' Traffic Control & Lane Closure Agreement.
- **Insurance:** Force Traffic Control, Inc. maintains insurance coverages as required by USDOT-FHWA, CalTrans and Nevada DOT (Commercial General Liability, Workers Comp and Commercial Auto). Any additional coverages required by the Prime Contractor can be acquired by us at the Prime Contractor's sole per-value expense (e.g., Workers' Comp Waiver of Subrogation, Excess Liability umbrella).
- **Mobilization:** For this project our initial advance notice requirements are 21 calendar days for USA-locate and installation of Construction Area Signs, and 10 calendar days for mobilization of CMS boards, flaggers, pilot car, etc.
- **Inclusion of these entire quotations in Subcontract or Work Order** is required either within the body of the Subcontracts/Work Orders or appended to and referenced within the Subcontracts/Work Orders. Such inclusion and /or referencing in no way obligates the Prime Contractor to use any of the optional quotations above.

Should you have any questions regarding these quotations, please call Vern at 559.786.9856.

Office of Business & Economic Opportunity

The California Department of Transportation (Caltrans), Office of Business & Economic Opportunity (OBEO) is dedicated to increasing the participation of small business (SB), disadvantaged business enterprise (DBE), and disabled veteran business enterprises (DVBE) firms in both Federal and State contracting and procurement.

The OBEO ensures non-discrimination in the execution of contracts and promotes positive external customer relations.

In addition, the OBEO ensures Caltrans employees' work environment is free of discrimination and reflects the diversity of California's workforce.

DBE Supportive Services Contracts

The DBE/Supportive Services (DBE/SS) contracts for Northern and Southern California were recently awarded to GCAP Services, Inc. (GCAP), and we are working with GCAP to finalize the training curriculum and schedules. GCAP has drafted a needs assessment survey form that will be available soon. Issues identified through the needs assessment survey form will help us fine tune the curriculum so that the courses we offer address current barriers to DBE business growth and DBE utilization in Caltrans contracts.

Contract 88A0087 covers Northern California, Districts 1-4, and contract 88A0088 covers Southern California, Districts 7, 8, 11, and 12. The DBE/SS contracts will offer technical assistance and training to certified or potential DBEs at no cost; however, each potential participant must complete the needs assessment survey form in order to participate in the DBE/SS program.

Caltrans District Small Business Liaisons should receive training schedules for both contracts before the end of this month and will email these schedules to their distribution lists. These schedules will also be posted on the OBEO website. At this time, we plan to deliver some courses both in the classroom and online.

GCAP is working diligently to implement these DBE/SS contracts as quickly as possible, and we shall provide updates regarding website development, outreach schedules, etc., as soon as details become available. Updated 8/6/2013

What is the CUCP?

The California Unified Certification Program (CUCP) provides "one-stop shopping" certification services to small, minority and women businesses seeking to participate in the United States Department of Transportation (USDOT) Disadvantaged Business Enterprise (DBE) Program. Certification services are offered to businesses seeking to obtain either DBE or airport concessionaire disadvantaged business enterprise (ACDBE) status.

As mandated by USDOT in the DBE Program, Final Rule 49 Code of Federal Regulations (CFR), Parts 23 and 26, all public agencies that receive USDOT federal financial assistance must participate in a statewide unified certification program. These public agencies, commonly referred to as "recipients" of USDDT funds, include municipalities, counties, special districts, airports, transit agencies, and the State Department of Transportation (Caltrans).

The California Unified Certification Program (CUCP) went into effect on January 1, 2002. It is a "One-Stop Shopping" certification program that eliminates the need for a DBE or ACDBE firm to obtain certifications from multiple agencies within the State. A business certified as a DBE or ACDBE through the CUCP is automatically accepted by all USDOT recipients in California.

The CUCP is charged with the responsibility of overseeing the certification activities performed by various certifying agencies, and compiling and maintaining a single Statewide database of certified DBEs. The Database is intended to expand the use of DBE and ACDBE firms by maintaining complete and current information on those businesses and the products and services they can provide to all USDDT recipients in California. Select the "Database" link on the top to access the Statewide database.

The CUCP certifying agencies are responsible for certifying DBE firms. You only need to apply for DBE certification at one agency. If your firm meets the General Criteria for DBE certification as provided on the Application Package, submit your completed application, along with the requested documentation, to one of the Certifying Agencies serving the geographical area where your firm has its principal place of business.

IMPORTANT NOTE ABOUT DISCONTINUANCE OF DBE CERTIFICATES

Please note that effective **August 1, 2013**, the California UCP (including Caltrans) is no longer issuing DBE Certificates as evidence of certification. A copy of a printout from the DBE Database should be sufficient proof of a firm's certification. Prime contractors and awarding agencies should not impose on DBE firms the burden of providing a DBE certificate in their bid packages - it is not required.

Small Business Outreach Unit

[10 Steps \(/about/deod/10-steps/\)](/about/deod/10-steps/) | [Preparing to do Business with Metro \(/about/business/\)](/about/business/)

The Small Business Outreach Unit is responsible for providing assistance and guidance to small businesses interested in pursuing contracting opportunities at the Metro. The goal of the unit is to maximize small business participation on Metro contracts by performing the following types of activities:

- Coordinates internal and external outreach events and speakers
- Facilitates workshops regarding Metro small business programs
- Responds to public inquiries about upcoming procurement contracting opportunities and provides information as needed
- Develops and maintains corporate sponsorships with small business organizations
- Develops partnerships with public agency small business program representatives and DBE trade associations to coordinate outreach events and keep abreast of small business community activities
- Maintains an event calendar showing relevant small business events sponsored by the Metro
- Establishes and maintains annual budget for education and outreach opportunities
- Develops department marketing materials
- Prepares articles for Metro's newsletters and website

All small businesses interested in doing business with Metro should be familiar with the "10 steps – Preparing to do business with Metro" found above.

MBDA Business Centers

Minority-owned firms seeking to penetrate new markets — domestic & global — and growing in size and scale, can access business experts at a MBDA Business Center. Whether it's securing capital, competing for a contract, identifying a strategic partner or becoming export-ready, your success is our priority.

The Centers are located in areas with the largest concentration of minority populations and the largest number of minority businesses. The Centers are staffed by business specialists who have the knowledge and practical experience needed to run successful and profitable businesses. Business referral services are provided free of charge. However, the network generally charges nominal fees for specific management and technical assistance services.
