3. TERMS: Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).

## ASSUMPTIONS

1. Job Site Management assumes a project duration of 90 days (field work), or 18 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$395.00.

$$18 \text{ weeks} \times \$395.00/\text{week} = \$7,110.00$$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required SWPPP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

2. The SWPPP and the LCP are **guaranteed** acceptance for the quoted bid.
3. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
4. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at [tim.anenson@veridicogroup.com](mailto:tim.anenson@veridicogroup.com) if we can provide anything further.

**NOTICE TO OWNER**

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.
