<b>TOTAL:</b>				<b>\$754,670</b>

*yes*  
*+5000 = 20k*

*20 days*

**Piling to include:** Drilling, hole dewatering to other's location, casing and hole stabilization as required, baker tank for slurry as required, setting steel soldier piles, providing and placing lean and structural concrete.

General Contractor to provide steel piles adjacent to hole locations.

**Tieback Anchors to include:** Drilling, provide and place DCP tieback anchors, tieback bearing plates with trumpets, tieback grout, testing and lock off of tiebacks.

Add \$5,000 to delete Tiebacks from our scope.

Hillside drilling to provide an 80,000 LB Soil-Mec excavator mounted drill rig or similar with a 65' mast, 12' wide tracks, 4' tail swing, and a 6' reach from the tracks to the center of the drilled hole. GC to provide safe clearances to power lines, relocation, or de-energizing power lines as required.

#### EXCLUSIONS

Permits, bond premium (2%), inspection, wet weather construction, testing, welding, providing steel beams, concrete block-outs or casting trumpets in forms or shotcrete, chipping lean concrete, forming, dowels, sand blasting, painting, demolition, structure excavation, structure backfill, structure concrete, field engineering, block outs, formwork, site dewatering, submittal or implementation of water pollution control plan, erosion control, water supply at drill rig 25 GPM, dust control, survey, layout, line & grade, USA utility location or markings, location/removal of utilities, shoring and protection of existing structures, streets, sidewalks and utilities, off-haul or removal of spoils and water, sediment pond or tank, off-haul of concrete over break, all costs related to any known or unknown hazardous or contaminated materials, 40 hour Hazmat Training. Traffic control provided by others.

#### GENERAL CONDITIONS

Hillside Drilling's (HSD) bid is based on one move ins to the job with continuous operation until completion of subject move-ins; add \$8,000 to the contract for each additional move. Contractor will provide 18-foot wide level, unobstructed access with no overhead obstructions adjacent to all locations as required for drill rig, R.T. crane, concrete pump and concrete trucks. Contractor will provide 16 foot wide level bench 2' +/- below tieback, with no overhead obstructions adjacent to all tieback locations as required for a drill rig with a 25' horizontal mast, forklift, concrete pump and miscellaneous equipment. Contractor to remove drill spoils concurrent with drilling as required to provide access for setting and pouring operations. Concrete pour crew may require additional overtime work hours to complete pours. Contractor will provide a clean out area for drilling equipment and concrete pumps and trucks. Bid is based on day work Mon.-Fri. 8 hours per day. Contractor to provide three weeks minimum notice of start date. Contractor to provide area on site for storage of Hillside Drilling's equipment and materials. Changes in start date shall be made 72 hours in advance of given start date and may result in a delay to the rescheduled work. Hillside Drilling will be given one working day to verify grade, access, and layout before moving on to the site. If casing or dewatering is needed, rebar cages shall not block access of casing or sump pumps. Price based on groundwater being discharged at site into de-silting pit or basin provided by General Contractor 100' from work area. If any man-made/man-placed materials are encountered such as bricks, concrete, rip rap, pea gravel, etc., the general contractor will provide Hillside Drilling with written authorization to proceed with the work utilizing any required special tools and equipment. A daily log of labor, equipment and material will be maintained and subsequently billed at the rate of \$425.00 per drill rig hour including two men, plus costs of materials, other equipment and labor, plus appropriate markups. All standby time due to delays by others will be billed at the same hourly rate. Standby rate for equipment left on site due to delays by others is \$1,200/day for the drill rig plus any additional equipment left on site. Back charges will only be accepted when properly documented and acknowledged on a daily basis by our authorized representative. Payments will be made with in 30 days of invoice. Retention will not

exceed the percentage with held by the owner. Balance of retention will be paid in full within 35 days after completion of Hillside Drilling's work.

For shafts to be drilled deeper than soil borings indicate, we have assumed that the materials to be drilled are similar to those indicated on the soil borings lowest depth explored adjacent to the drilled shaft. Conditions differing shall be considered a changed condition. Soil conditions or water table elevations that are different than those indicated in the soils report/borings shall be considered a differing site condition.

This quotation includes the following insurance coverage for HSD with the general contractor to be named as additional insured. Hillside Drilling shall only indemnify Owner and/or Prime Contractor for Hillside Drilling's proportionate fault or neglect.

1. Worker's compensation & Employers Liability - \$1,000,000.00 each accident, \$1,000,000.00 disease policy limit & \$1,000,000.00 disease each employee (excludes waiver of subrogation)
2. General Liability - \$2,000,000.00 (Excludes pollution liability, professional liability, riggers liability, builders risk and rail road insurance)
3. Automobile Liability Coverage - \$1,000,000.00.

This quotation is subject to acceptance within 30 days and the terms herein will be incorporated into any subsequent sub-contract agreement. In the event that legal counsel is retained to collect any sums due, HSD will be reimbursed for legal expense incurred. Should any dispute arise out of this Proposal/Agreement; the prevailing party shall be entitled to recover reasonable attorney's fees and cost.

Portland cement concrete grinding is excluded from this quotation unless specifically quoted.

Removal of Asphalt Concrete over gutter damages can't be guaranteed by ABSL.

ABSL Construction will cold plane as close as possible to existing manholes, water valves, and other obstructions in cutting plane. Handwork and placing temporary asphalt tapers around these objects or at pavement edge for safety requirements are excluded.

Contractor to post streets with "No Parking" signs prior to subcontractor's phase of work, provide water or water meter and provide traffic control during cold planing operation.

All areas to be ground shall be clearly marked by the general or the job inspector.

A minimum of two weeks notice is requested prior to move in.

Anything not specifically included in this price should be considered excluded.

ABSL Construction does not accept backcharges due to machine breakdown during operation above the machine's daily rental fee.

Back charges will only be based on the time the machine is broken and will reflect the cost of the equipment for that time. All others costs due to the equipment breakdown will not be charged to ABSL Construction.

All teeth over one complete set will be charge to the contractor.

ABSL does not accept force account rates or retention.

This quotation will be part of our contract or purchase order agreement and is valid till a new change of the rates.

If you have any questions regarding the above quote please call me at (510) 727-0900 or fax at (510) 727-0912.

Sincerely,

**Daryl Vorne**

**GRINDING JOB AGREEMENT**

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

- 1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 2) Modification to the work may require a change in the quote.
- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 5) All teeth over one complete set will be charge to the contractor.
- 6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
- 7) In the event there is an increase in the cost of fuel of more than \$0.50 per gallon during the performance of this contract, ABSL will be entitled to a \$75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at [www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp](http://www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp).
- 8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: \$425.00 per hour.
- 9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 10) This proposal to be attached and made part of any and all resulting contracts.
- 11) The above price does not include permits, fees, bonding, state or local taxes.
- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
- 15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
- 16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
- 17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

*Daryl Vorne*

# CALIFORNIA UNIFIED CERTIFICATION PROGRAM DISADVANTAGED BUSINESS ENTERPRISE CERTIFICATE

## A B S L CONSTRUCTION

29334 PACIFIC STREET  
HAYWARD, CA 94544

Owner: LUIS ALLENDE

**NOTICE TO OWNER**

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid.

It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.
