R&S Trucking will accept "NO DEDUCTS OR BACK CHARGES" unless they are notified as stated above. R & S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).
13. **Saturday rates:** add 12.5% to the weekday rates, listed on Page 1. Also, **Sunday & Holiday rates:** add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.
14. **Minimum Show-up time:** On every truck dispatched to customers project, customer will be responsible for paying at least a **6 hour minimum daytime, & 6 hour minimum nighttime, unless previously arranged with dispatch.**
15. All un-scaled tonnage quotes will be based on 26.20 tons per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.
16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays.
18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20<sup>th</sup> day following the last day of the calendar month in which the work was performed, billed by the 5<sup>th</sup> day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load.**
21. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
22. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitled. This agreement will be governed by and construed in accordance with the laws of the State of California.
23. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
24. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
25. R&S Trucking is not responsible for project production due to availability of trucks or any other reason, on any job.
26. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, if R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its terms & agreements. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.

- 27. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
- 28. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job start date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
- 29. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.**, require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
- 30. All rates quoted reflect a diesel cost per gallon up to and including: **\$ 4.00/per gallon**. After it rises to: **\$ 4.01/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every \$ .10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after \$ 4.01/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
- 31. All quoted rates **DO NOT** reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. \$ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
- 32. If & when and any & all Teamsters Local 315 or any other union local initiation fees and monthly union dues are required for any type of on-site/off-site/import/export trucking or trucks or owner-operators or independents that are pulling R & S Trucking's boxes or trailers = All dues payable will be paid out thru the general contractor awarded the above mentioned job. This applies to Project Labor Agreements also. **R & S Trucking is not obligated to be a member of the Teamsters or join any other agreement with any organized union, or any project labor agreements.**
- 33. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.
