Hello Heidi, I would love to bid Electrical Supplies for anyone of your projects If you would really like a quote please send me a materials list to quote you. None of the Signal equipment vendors will allow me to quote you direct, they want to pick and choose who I quote and they do so because the market is locked and I can only buy that stuff from them If you need something I have such as fuses, wire boxes, grounding and bonding or panels please send me a materials list and I will quote you Otherwise there is little I can do.

Thank you

Do not go with a high percentage for trucking, each truck has to be a db e to qualify and there are not a lot in the Bay Area. Also keep in mind that if you use a db e owned truck with an employee, **all public works projects are prevailing wage** and that driver will need to be paid as such so we use db e owner operators and there are very few because Cal Trans does not like to certify owner operators.
