**PROPOSAL**

**Date:** 2/25/2015  
**Company:** West Bay Builder, Inc  
**Project:** Replace Guardrail, Restore Portal Building, Install CCTV  
**Co Ca**

**Slab Saw Asphalt**

<table>
<thead>
<tr>
<th>Quantity</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>+/- Lf</td>
<td>Proposal to provide you the service for slab saw Asphalt &amp; Concrete Single or Double line with Scatter work. As Requested on this Project. Working hours from 7:00 am to 3:30 pm on this project.</td>
</tr>
<tr>
<td>Note: #1</td>
<td>Slab saw Single or Double line such as Lateral, Street Crossing, Point Repair, Curbs &amp; Gutter, Sidewalks and Driveways. (From 1” to 6” thick Asphalt or Concrete)</td>
</tr>
<tr>
<td>Note: #2</td>
<td>Wall saw From 1” to 15” thick concrete slab. (minimum 4 hour call out)</td>
</tr>
<tr>
<td>Note: #4</td>
<td>Bay line can provide vacuum @ No charge if is run by your labor.</td>
</tr>
<tr>
<td>Exclusions</td>
<td>Lay out, Traffic Control, Wash down, Sand bag drains, Slurry discharge, Concrete wash out, Water meter, Access, Liability Umbrella Insurance and Vacuum.</td>
</tr>
</tbody>
</table>

**Unit**  
- $160.00 Pr/Hr  
- $180.00 Pr/Hr  
- $0  
- $375.00

Bay Line is not responsible for unmarked utilities on private or public properties, within the depth of cut. NO Exceptions.

Any alterations or deviation from above specifications involving extra will be executed. Only upon Written order, and will become an extra charge over and above estimate.

Thank you for the opportunity of considering our proposal, should you have any further questions. Please call us @ 510 527-1000

Payment to make as follow: Payable net. (30) Days.

Respectively: Tony Arreguin  
This proposal will be withdrawn if not accepted with in (15) Days.

### DBE GOOD FAITH EFFORTS DOCUMENTATION

**STATE OF CALIFORNIA • DEPARTMENT OF TRANSPORTATION**

**DBE GOOD FAITH EFFORTS DOCUMENTATION**

**DES-OE-0102.11A (REV 11/2014)**

**Bidder’s Name**

**Westbay Builders, Inc.**

**Contract No.**

**04-4A4804**

**PAGE 1 OF 4**

1. List items of work the Bidder made available to DBE firms. Identify items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible timeframes for performance and delivery schedules in a manner that encourages and facilitates DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

AN EQUAL OPPORTUNITY EMPLOYER
GENERAL CONDITIONS

BID # 5409

1. Unless specifically excluded in our SPECIAL CONDITIONS, subcontractor will provide traffic control for his items of work at no cost to Contractor and includes ONE MOVE-IN for his work.

2. INSURANCE - Limits of liability, $2,000,000 general aggregate. Limits of workers compensation, $1,000,000. Excess/Umbrella Liability, $5,000,000. Excludes railroad, Pollution Liability, or Rigger’s Liability Insurance. Cannot provide insurance or additionally insure home builders.

3. MBI’s obligations with regard to defense and indemnity stated in any Subcontract Agreement shall be consistent with and limited by the provisions of Senate Bill 474, Civil Code Section 2782, and Civil Code Section 2782.05.

4. If requested, Subcontractor will furnish Surety Bonds on MBI’s Surety or UCON forms only. Premium of 1% of Subcontract amount for projects less than 2 years in duration, plus additions, shall be paid by Contractor. Guarantee/Warranty is valid for one year per Section 6-3.06 of the CDOT 2010 Standard Specifications. Longer Guarantee periods can be provided. Costs of such extensions shall be paid by Contractor.

5. Contractor shall furnish Subcontractor one set of contract plans and specifications, including all addenda.

6. Subcontractor excludes survey controls and staking, all electrical and lighting work, permits and fees, as built or record drawings.

8. Contractor shall furnish Subcontractor a progress schedule and all subsequent revisions, showing the dates the Subcontractor’s items of work will be required. Subcontractor will furnish Certificates of Labor Non-Performance if required by the Specifications.

9. When extra work is paid on a force account or agreed price basis for work performed by the subcontractor, the additional mark up as described in FORCE ACCOUNT PAYMENT OF the STANDARD SPECIFICATIONS shall be total reimbursement to the contractor for his administrative and/or other costs.

10. Contractor shall reduce each payment to Subcontractor by the same retention percentage as the Contractor’s payment from the Owner is reduced. Retained percentage shall be paid to Subcontractor promptly after Contractor receives payment of retention from Owner.

11. Addendum(s) number 1-4 - (is) are acknowledged.

12. Project is (A+B) bid for completion within 55 plus NTE 220 Working Days as stated in Special Provisions.

13. Subcontract documents will not be accepted and executed if applicable General and Special Conditions are not attached to the subcontract, as quoted. Contractor’s signature, or by first allowing MBI to begin work on the project, shall serve as evidence of acceptance of these conditions.

Re: CA/DOT:04-4A4804 Replace Guardrail – Precast Relief Panels

To Whom It May Concern,

Congratulations on being among the low bidders on the CalTrans Guardrail project.

We would like to have the opportunity to provide you with the Precast Concrete Architectural Relief Panels on this project, if you are eventually awarded the project.

We faxed you our Price Quote #3697 prior to bid and wanted to get it out to you once again along with this cover page. If you have any questions, please feel free to contact us. We hope to have the opportunity of working with you on this project.

Please visit our website: www.universalprecast.com to see the variety of precast concrete products we make. In addition, I am sending you our product line card for easy reference for any future precast concrete needs you may have.

Regards,

Arthur Templeman

Payment shall be made to Seller as follows:
50% of total cost to be invoiced by Seller upon execution and return of signed contract to Seller.
Seller will not proceed with order until receipt of the 50% deposit.
The remaining 50% shall be paid to Seller upon delivery.
Failure to make payment when due shall cause the delinquent sum owed to Seller to incur a late charge of 2% per month or 24% per year, and allows Seller the right to delay shipment of product(s) until payment is received.

**Production Lead Time & Delivery**

Production Lead Time is estimated at 8 to 10 weeks.
Production Lead Time begins upon receipt of approved submittal, change orders, and deposit.
 Expedited production may be available at an additional cost. Contact your sale representative for details.

Please provide desired Delivery Date: ______________________________

Buyer shall provide any necessary equipment and rigging and labor at time of delivery to offload the product(s) at the time the truck(s) are scheduled. Seller is not responsible for the offloading or installation of the product(s). Each scheduled delivery affords a two hour period in which to offload the product(s). Any additional time beyond the two-hour window in which to offload the product(s) will be back-charged at a rate of $85.00 per hour. Buyer shall notify Seller at least 72 hours prior to any confirmed delivery date if Buyer needs to reschedule delivery. Any damage to the product(s) during off-loading is responsibility of Buyer. Failure to photograph and document the damaged product(s) prior to offloading of the product(s) is grounds for Seller to reject any claim for compensation of damaged product(s). Buyer shall be responsible for verification of product(s) for submittal accuracy prior to installation. Installation of any damaged product(s) is deemed acceptance of the product(s) and operates as a waiver of any warranty claim. Buyer shall be responsible for all permits/fees necessary at sites if required. Universal Precast will not be held liable for missed/late deliveries due to acts of Gods, war or strike.

**Miscellaneous**

Color and Finish: Universal Precast Concrete uses integral concrete colors for products. For custom color matching a specified pigment and/or color chip shall be submitted to Seller prior to any work/production. Any price difference resulting from the custom coloring will be borne entirely by Buyer; however, Seller must notify Buyer of the escalated cost arising from Buyer's request for custom coloring, which Buyer must acknowledge and accept in writing before product production begins.

Take-Offs/Estimates/Hardware: Seller is not responsible for the accuracy of any take-offs. All dimensions and/or quantities shall be verified by Buyer and each shop drawing shall be signed by Buyer and received by Seller before production begins. Failure to sign shop drawings as provided herein shall not operate as a defense to any claim brought by Seller to enforce the contract. Unless expressly noted as included in this contract, all installer's hardware/materials is excluded. Changes in design, quantities, etc. may affect price.

Warranty: The product(s) purchased new are guaranteed free from defects in material or workmanship, normal wear and tear excluded, for a period of one (1) year from the initial date of delivery of the product(s). Seller is not responsible for damage caused by vandalism, abnormal use of, misuse of or abuse of the product(s) or Acts of God. In the event of a claim of defective product(s), Seller shall be allowed to inspect the product(s) in its defective state as discovered by Buyer, and failure to preserve the product(s) in such state shall operate as a waiver of any warranty and/or liability claim against Seller. Seller's warranty is limited to replacement of the product(s); however, Seller reserves the right, in Seller's sole discretion, to credit to Buyer the value of the product(s) in place of replacement. In no event shall Seller be liable to Buyer for anything beyond the replacement or credit as set forth herein, including but not limited to any installation charges, removal charges, special damages, general damages, or damages arising from loss of use of the product(s).

Attorney's Fees: In any action brought to enforce the terms of this contract or any breach thereof, the prevailing party shall recover reasonable attorney's fees and costs.
Submittals: After signing this document and returning it to UPC, you will receive from UPC submittal drawings for the product(s) indicated. UPC will not begin production of the product(s) ordered until the submittal drawings are signed or otherwise acknowledged as approved by Buyer and returned to UPC. Buyer or Buyer's agent may forward the submittals with an approval stamp of the reviewing architect or engineer for the owner, and such approval shall also be deemed the express approval of the submittals by Buyer and treated as such for all respective purposes. UPC will manufacture the product(s) in strict conformance with the submittals and therefore it is imperative that Buyer review the submittals in conjunction with its field investigation to ensure the product(s) represented on the submittals meet the needs of the Buyer or any end user. UPC is not responsible for any damage, liability or loss that arises from the product(s) not fitting field conditions unless such damage, liability or loss is the direct result of UPC not manufacturing the product(s) as expressly represented in the submittals/drawings.

Start of Production: The prices set forth in the contract necessitate that UPC start manufacturing within 4 months of UPC's receipt of approved submittals. Failure to start manufacturing within 4 months permits UPC to invoice Buyer for any increased actual costs incurred to manufacture the product(s) caused from delay, which shall be shown as a separate line item and invoiced to Buyer for payment net 30. Any storage of product(s) at UPC's site beyond _____ 30 _____ days after desired delivery date will subject Buyer to a reasonable storage fee not to exceed $____ 50 ____ per day.

Applicable Law: This contract and all rights and obligations of the parties shall be governed by the California law and any action brought to enforce this contract shall be filed and litigated through settlement, dismissal or judgment, through a California State Court of competent jurisdiction.

Excises, Levies, or Taxes: Any excise, levies, or taxes which Seller may be required to pay or collect under any existing or future law, with respect to the sale, purchase, delivery, storage, processing, use or transportation of any material covered hereby shall be the responsibility of Buyer, and Buyer agrees to pay such excise, levy, or tax to Seller.

Entire Agreement: This is the entire agreement between the parties and supersedes all other and previous agreements, and shall not be modified, changed or altered, unless by written addenda and signed by both parties.

Counterparts and Fax/E-mail Receipt: This document may be executed in counterparts with each part making a whole. This document and any signature thereon may be transmitted by fax or e-mail whereby such transmission may be treated as an original for all purposes.

Buyer/Company
CERTIFICATIONS & AFFILIATIONS

Universal Precast has been producing high-quality precast concrete products in our manufacturing plant since the founding of our company in 1996. Although we continue to offer many standard precast items including picnic tables and other site furnishings, our niche has become the design and manufacture of architectural, structural, and custom precast items. Our innovative technology gives us a sustainable advantage in the precast industry by allowing us to make any item per customers' specifications—there is really no limit to the variety of precast products within our scope.

We would like to highlight the fact that our manufacturing plant has met the certification requirements for the Precast Concrete Institute (PCI), the National Precast Concrete Association (NPCA), the California Department of Transportation (Caltrans), and the International Play Equipment Manufacturers Association (IPEMA). Ours is the only company on the West Coast to be certified for architectural and custom precast items with all of these organizations—a clear indicator that the quality of our products is top notch.

PCI Certification is the precast concrete industry's most proven, comprehensive, and trusted certification program. In addition to the initial inspection, PCI ensures through several audits throughout the year that our plant has developed and documented an in-depth, in-house quality system based on national industry standards.

The NPCA Certification Program assures a high degree of excellence in plant facilities, production, processes, and quality control operations. Along with company recognition, our NPCA membership allows us to benefit from industry programs and resources, ensuring that we always have up-to-date information on achieving superior precast production performance.

Our Caltrans certification allows us to provide precast concrete items for various Caltrans projects throughout the state of California, especially ones involving the manufacture of precast MSE panels. This certification indicates that our products are deemed of such high quality as to be used for some of the state's biggest highway and rest area projects.

Our CPA affiliation ensures that we are informed and included in the changing dynamics of the precast concrete industry. Attending the annual CPA Conference gives our company a voice by enabling us to influence legislation, regulations, product quality and economic growth of our precast industry.

Date of Acceptance
To: General Contractors

Subject: Asbestos Abatement Proposal.

Reference: Posey Tube Buildings

Dear General Contractors:

Sterling Environmental is pleased to submit our proposal for the performance of asbestos abatement work at the above referenced site. The proposed scope of work is based on the information we have received on the URS Corporation report dated October 26, 2012 and the Asbestos and Lead Survey created by RGA and dated October 3, 2012 to date and would be as follows.

**Asbestos Abatement Scope of Work**
In accordance with the Limited Asbestos and Lead Survey dated 10/06/2012, prepared by RGA Environmental

**Alameda Building**
- White Window frame caulking throughout and debris at lower roof 2% asbestos 2000 Linear feet
- Transite panels lower roof at north and south elevations 40% asbestos, 1200 square feet

**Oakland Building**
- Vinyl floor tile 9"x9" grey with yellow glue north side office area 2% 600 square feet
- White Window frame caulking throughout and debris at lower roof 2% asbestos 2000 Linear feet
- Brown mastic associated with 12" fiberboard ceiling tile at the corridor outside restroom 400 square feet
- Transite panels lower roof at north and south elevations 40% asbestos, 1200 square feet
- Set up of negative pressurized containment for floor tile and ceiling tile removal

Sterling Environmental would provide all labor, material, equipment, waste transportation and disposal and other services necessary to complete the work as referenced herein. The work would be performed in accordance with current regulations.
Exclusions to Asbestos Abatement Scope of Work
- Removal and disposal of other asbestos containing materials not specifically identified herein.
- Removal and disposal of lead containing materials.
- Removal of loose and peeling paint from the interior and exterior of the Building
- Removal and disposal of other potentially hazardous materials; such as solvents, oils, paints, batteries, etc.

PRICE:

$39,853.00 lump sum

General Exclusions and Clarifications

1. The work would be performed on weekday, after the store closes. Overtime premium costs have not been included.

2. Sterling Environmental provides the following types of insurance coverage for all of its operations: Workers Compensation & Employers Liability, Automobile Liability, Commercial General & Pollution Liability and Excess Liability. The insurance has a BEST’s rating of A+15 and is occurrence form.

3. Payment and Performance Bond costs have not been included.

4. Access to adequate, on-site power & water supplies and bathroom facilities are required so that the work may be safely and efficiently performed.

5. The building owner or facility operator will be listed as the generator of the manifested waste streams. Disposal of hazardous wastes will require the owner/operator to obtain an EPA number from Department of Toxic Substances Control (DTSC).

6. Personnel exposure level air sampling, as mandated by Cal OSHA, will be performed. An independent, third party laboratory will perform air sample analysis.

7. The prices do not include third party monitoring or clearance air sampling and analysis.

8. City or county building permit costs have not been included.

9. Notification fees payable to the Bay Area Air Quality Management District for removal of Regulated Asbestos Containing Material (RACM) are included.

10. Some concrete surfaces may have a rough, uneven or cracked finish. Complete removal of mastic from these types of surfaces is not possible.
Please do not hesitate to contact me if you have any questions or need additional information. Thank you for contacting Sterling Environmental regarding your abatement needs.

Sincerely,

[Signature]

Glazing Proposal

Project: **04-4A4804 Posey Tube Bridge Rehabilitation**

To: Estimators

From: Choowang Chia @ ACR Glass & Doors
Office #: (510) 430 2977
Fax #: (510) 430 2885

ACR Glass and Doors is pleased to submit a scope of work for this project, based on our interpretation of the following list of documents, design criteria, inclusions, exclusions, and general terms & conditions.

- Architectural drawings by Cal. Dept. of Transportation Dated 2/26/2014
- Plans and Spec.
- Addendum 1, 2, 3 and 4 acknowledged

**General Scope of Work: Furnish and Install**

1. **Alameda Portal Building North Elevation (Window # N1, N2, N3, N4, N5, N6, N7, N8)**
   - Replace putty and install laminated anti-reflective glass
2. **Alameda Portal Building South Elevation (Window # S1, S2, S3, S4, S5, S6, S7, S8, S9, S10, S11, S12)**
   - Replace Putty and install laminated anti-reflective glass
3. **Oakland Portal Building North Elevation (Window # N1, N2, N3, N4, N5, N6, N7, N8, N9, N10, N11, N12)**
   - Replace putty and install laminated anti-reflective glass
4. **Oakland Portal Building South Elevation (Window # S1, S2, S3, S4, S5, S6, S7, S8)**
   - Replace putty and install laminated anti-reflective glass
5. Glazing Putty and Sealants apply to Glazing scope of works only.

**SPECIFIC EXCLUSIONS:**
- Remove glass and Solid Panels
- Remove Paint on Frames
- Repair and Paint Frames

**Pricing:**

Total Bid: $237,848.00

(Two hundred thirty-seven thousand eight hundred forty-eight and 00/100)
Project: 04-4A4804 Posey Tube Bridge Rehabilitation

GENERAL TERMS & CONDITIONS

Coordination:
We include coordination with other trades. Said coordination shall include sharing with other trades information about the materials we shall provide within this proposal. The sharing of information is intended to accurately communicate to the other trades the requirements of the systems we are to provide. Should coordination with other trades reveal that additional work is required, and it is not reasonably inferable to have originally assumed that the additional work was to be required, then the said additional work shall be considered an additive change order, and written approval from GC shall be required prior to proceeding with the planning and providing of the additional work.

RE: Replace Guardrail, Restore Portal Building, Install CCTV / Caltrans Contract 04-4A4804

Jeffco will furnish all labor, equipment, materials, insurance and taxes necessary to complete the surface prep and coatings on the above referenced job in accordance with the following specifications:

Section 09900 - Painting
Section 099600 - High Performance Coatings

CLARIFICATIONS:

1. Our bid is based on working 8 hours per day, 5 days per week. No overtime or weekend work has been included.
2. All new structural steel and miscellaneous metal, etc. to be furnished shop primed by others and in accordance to specifications.
4. Jeffco's proposal includes the following scope of work:
   a. Removal of existing cementitious coating from Alameda & Oakland Portal Buildings via pressure washing according to Specification Section 099600 3.2 D.
   b. Application of new elastomeric coatings to Portal Buildings according to specifications.
   c. Pressure washing and recoating of both tube entrances and approaches according to specifications. No coating below walkway level is included. Jeffco will provide access for our work on the approach walls and tunnel entrances.
   d. Collection and disposal of rinse water from washing process.
   e. Surface prep and recoat steel window frames including curtain walls on Portal Buildings according to specifications.
   f. Surface prep and recoat crane, doors, ornamental metal, handrails and misc. metal on Portal Buildings according to specifications.
g. Surface prep and recoat sump access door in Alameda Portal Building according to Sheet A2-1.2 Note 1A.

h. Surface prep and recoat glass louver frames and wrought iron grill frames on Portal Buildings according to specifications. All glass and wrought iron grille inserts to be removed by others. Proposal includes shop prep and coating of wrought iron grille inserts. Delivery and pick up to and from shop by others.

i. Shop prep and painting of wooden lattice. Delivery and pick up by others. Minor touchup is included after installation.

j. Proposal includes containment and abatement of lead paint at Oakland Portal Building locations Pb-06 Exterior Metal Railing, Pb-08 Wrought Iron Grating, Pb-12 Exterior Metal Door and at Alameda Portal Building locations Pb-11 Exterior Metal Railing, Pb-12 Wrought Iron Grating as listed in Appendix 2 Lab Report.

5. All lead paint abatement not included above is to be directed by GC and paid for on a T&M basis. Jeffco’s daily two man crew rate is $2500 and includes truck and all lead abatement tools and supplies needed for spot abatement only (does not include abrasive blasting). Disposal of hazardous waste accumulated by Jeffco is included.

6. Jeffco will need approximately 65 work days per building and 45 work days per tunnel approach. If access to both Portal Buildings can be made simultaneously Jeffco will provide second crew so building work can overlap.

EXCLUSIONS:

1. Scaffold for Portal Buildings to be supplied by others. Scaffold must be included for the interior of the Longitudinal Sections and Curtain Walls. Scaffold on exterior of building must also be supplied by others to prevent releases of water, dust and paint overspray. Netting will not be acceptable.

2. Shop priming or finish painting of any items not listed above.

3. Any painting of new galvanized guardrails in tunnel.

4. All work related to relief panels.

5. Window and putty removal.

6. Repair of galvanized surfaces.

7. Coating of dissimilar metal surfaces.

8. Removal or reinstallation of mechanical or electrical equipment to facilitate painting.

10. Lead abatement unless listed above.

11. All caulking, spall repairs, crack injection and coating of exposed rebar.

12. Traffic control and shuttle services.

13. Certified Industrial Hygienist services.

14. Water for washing operations provided by others.

15. All permits.
JEFFCO

GENERAL TERMS AND CONDITIONS:

1. This proposal to be accepted within 30 days after award of contract.
2. This scope and proposal are to be made part of the subcontract issued to Jeffco.
3. Bid is to be accepted for total dollars bid, not divided or with estimator agreement.
4. With award of contract, Jeffco will need an estimated time schedule for our work. This will make sure we get submittals approved and manpower reserved.
5. Jeffco will need notification of all change orders issued on this project.
6. Pricing for this quote is based on straight time hours.
7. Indemnification and pollution insurance is limited to the terms of our insurance coverage and a maximum of $10 million.
8. Jeffco is CA DVBE Certified.
9. Jeffco is a merit shop contractor and will not sign any union agreements.
10. Jeffco is QP 1 & 2 Certified as required in specifications.
11. Current Jeffco EMR is .64 and TIR is 0.
12. Job site security by general contractor
13. Bonding is not included in the price below. If needed please add 1.2%.

Bid Item 45: Building Work

Lump Sum: $1,289,000.00

Additional Alternate Price to include:
Shop prep, prime, finish coat and field touchup of 9600LF of new galvanized railing in the tunnel

Lump Sum: $445,000.00

Should you have any questions please call.

Bid Date: 2/19/2015
04-ALA-260R0.8/R2.0
Proposal: 105017
Estimator: PARRISH BOWES

A contract and 10 working days notice must be given prior to any move in. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon. PAYMENT TERMS ARE - 100%, NET 30.

Lump sum items are based on “working days” listed in the Special Provisions or working days bid for this project. Additional compensation (standard rental rates) will be applied if working days are exceeded.

All Construction Area Signs to be installed at one time or in stages, covered if needed at installation. Contractor to uncover and recover if needed.

Construction area signs include one mobilization per stage, additional mobilizations $1,500.00 each. Additional signs required due to damage, theft, or plan inadequacies will be billed as extra work.

Traffic Control not included in installation, removal, or repair of any item. Stand-by time charged at $175.00/hr.

Portable equipment will be delivered and picked up from one location. Contractor to maintain. Contractor is liable for loss and or damaged equipment. Barricades do not include flashing lights or sign panels unless otherwise noted. Palets are not included with crash cushions.

Contractor is liable for lost or damaged equipment removed or relocated by contractor’s forces.

Statewide Safety & Signs, Inc. does not accept charges or back charges of any kind unless agreed to in writing prior to work beginning.

Statewide Safety & Signs, Inc. shall fully indemnify Contractor for any liability arising out of Statewide Safety & Signs, Inc. work or products, but only to the extent of Statewide Safety & Signs, Inc. liability and not that of anyone else. Statewide Safety & Signs, Inc. maintains insurance coverage for their work hereunder, including $2,000,000.00 Products – Comp/OP Aagg and a 10/03 Additional Insured Endorsement.

If there are any issues or concerns regarding Statewide Safety & Signs, Inc. products or work, Contractor shall promptly notify and give Statewide Safety & Signs, Inc. first opportunity to correct any such problems.

All sign and marker location / mark-out to be done by others and must be completed prior to Statewide Safety & Signs, Inc. starting work. Statewide Safety & Signs, Inc. is not responsible for damage to underground facilities, not shown on plans or, not marked out by other agencies. (ie. Caltrans)

Sign panels for roadside sign items are supplied by others unless purchased through bid items of this quotation. Roadside sign panels will not be received by Statewide Safety & Signs, Inc. earlier than 15 working days prior to scheduled installation. No storage. 45 working days advance notice for sign panel orders. All sign plan discrepancies are to be resolved before any sign panel orders are placed.

Permanent sign and marker installation: maximum move-ins: ONE (1). Additional move-ins $1,500.00 each. 45 working days notice for metal post orders. Mounting hardware supplied to, and installed by contractor.

Removal, relocate, and reset items are to be completed in whole per the Special Provisions for the project, and completed in, ONE (1) move-in. Additional move-ins $1,500.00 each.

Sign installation does not include coring or breaking

All change order work must be approved by agency / owner prior to work being performed by Statewide Safety & Signs, Inc.

Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other documents.

No retention is to be held on Traffic Control and Equipment Rental.

SEE ATTACHED STIPULATIONS FOR THIS QUOTATION
STIPULATIONS

The following stipulations are hereby incorporated into and made part of the quotation from Linear Options, Inc. dated February 19, 2015 for the following project:

04-Ala-260 ; 04-4A4804

These stipulations shall be incorporated into any subcontract entered into between LOI and Contractor.

- Linear Options, Inc. requires 10 Calendar Days written notice prior to proceeding with any of the work.
- Scheduling for all work shall be by telephone with LOI project manager.
- Linear Options, Inc. includes move-ins for its work as follows:
  - Removal: Two (2) Only.
  - Permanent Striping: Two (2) Only
- Linear Options, Inc. will remove contractors floppies placed for lane lines and centerlines only (no edgelines or shoulders). No Tape removal. Floppies to be placed so that striping may be placed before removal of floppies.
- Linear Options, Inc. will furnish Lead Compliance Plan for Thermo Removal Only.
- Linear Options, Inc. will furnish and install temp striping after removal.
- This quotation is based upon and the work shall be performed per project plans and specifications.
- This quotation excludes Payment & Performance Bonds (Add 1.875%).
- This quotation excludes Waiver of Subrogation (Add $700)
- This quotation excludes Primary Liability Insurance greater than $2,000,000.
- This quotation excludes Excess Liability Insurance.
- This quotation excludes Portable Changeable Message Boards.
- This quotation excludes a Fire Plan.
- This quotation excludes all work associated with the project SWPP and WPCP.
- This quotation excludes DRB and DRA costs except when DRA or DRB is requested LOI for LOI Claim.
- This quotation excludes Traffic Control (4 shifts required for LOI Work)
- This quotation excludes performing its work while other operations are in progress on jobsite.
- This quotation excludes the removal & disposal of non-hazardous grindings & spoils from jobsite.
- This quotation excludes area lighting for night work.
- Contractor to provide secured area for storage of hazardous materials on jobsite.
- Contractor to provide staging area on jobsite for all work performed by Linear Options, Inc.
- Contractor to provide water source on jobsite.
- Linear Options, Inc. requires 4 working days for its work.
Willis Construction Co. Inc.
Standard Bid Form

Bid Date: 2/5/2015
Project: CalTrans - Relief Panels
Alameda & Oakland Portals
Drawings: 7/23/2014
Spec. Section: 097514
Addenda: #1, #2, #3

Willis Construction Co. Inc. proposes to furnish F.O.B. the precast relief panels for the above referenced project. This proposal relies on the information contained in the drawings and specifications listed above. Our price is based upon the specific inclusions, exclusions, and special conditions listed below and on Page 2. In addition, the standard inclusions and exclusions, and conditions for manufacture and delivery that follow are integral to this proposal. This proposal is the entire proposal and may be modified only in writing. This proposal two weeks from bid date.

Specific Conditions

Base Bid is based on the "Relief Panels" being precast concrete.
Precast production methods shall be according to industry standards using PCI recommended practices.

Base Bid is based on furnishing panels FOB jobsite for installation by others.
All work at the jobsite is excluded.
Any required field dimensions to be provided by others.

Base Bid is based on Willis furnishing precast concrete relief panels only.
All Connections & Hoisting Inserts are excluded.
Engineering of connections is excluded.
Willis will design for reinforcing, lifting and handling only.
GC to hoist troughs using slings.

Base Bid is based on Plain, mild steel reinforcing only.
Grade 60 rebar
Standard W4xW4x4x4 Welded Wire Mesh
Galvanizing or Epoxy Coating of reinforcing is excluded.

Base Budget excludes precast panels for a Mock-up.
Base Budget includes 12" x 12" color and finish samples only

Base Bid excludes all Third Party and/or Independent testing or inspection.
Testing and reports listed in Specification 097514.1.4.B.1 are excluded.

Base Bid excludes any and all stainless steel

Base Bid excludes all rubber or neoprene shims or gaskets.

Base Bid excludes all items cast or installed into CIP concrete.

Base Bid excludes all Third Party and/or Independent testing or inspection.

Base Bid excludes all DBE (SBE, MBE, WBE, DVBE, etc.) participation.
Standard Inclusions

1. Fabrication and erection drawings.
2. In-house testing and Q.C per PCI certification program.
3. Concrete mixes shall include local aggregates.
4. Exterior finish(es) to match approved sample(s). Grey cement 5,000 PSI mix design.
5. Interior faces have float finish
6. Openings over 8” will be provided as shown on bid documents.
7. Hauling to the jobsite.
8. All steel to be black, unfinished steel unless noted otherwise in specific provisions.
9. Repair of precast/GFRC damaged during transportation.
10. Panels will arrive at the jobsite clean.

Standard Exclusions

1. Willis is a precast concrete material supplier only, and will perform NO work at the jobsite. Sales tax excluded.
2. Prevailing wages in plant.
3. Building department plan check fees, and other permits, licenses and fees except business licenses.
4. All outside testing and inspection and related fees
5. Field water leakage test.
6. Precast pavers, parking bumpers, stone, scuppers, or splash blocks, brick, buried precast, catalogue precast items.
7. Surveying or field verification of as-built conditions.
8. Insulation, firestopping, flashing, reglets, steel metal work.
9. All grouting and caulking
10. Openings and penetrations under 8" and openings not shown on bid documents.
11. All labor and materials associated with embedded items of other trades. Costs to install embeds to be negotiated prior to start of production
12. All steel and miscellaneous iron sized on the architectural or structural drawings. All welding thereof.
13. All work associated with structural bracing of any kind.
14. Barricades, flagmen, traffic control.
15. Correction of any panels to match misplaced embeds in CIP
16. Any shoring of structure.
17. Repair of precast damaged by others.
18. Protection, painting, anti-graffiti coating and final cleaning.

Standard Conditions

Subcontract

1. Every provision of this proposal shall automatically be incorporated into any purchase order agreement between the General Contractor and Willis Construction Co. Inc. In any case where there is a conflict or apparent conflict between any provision of such a purchase order agreement and the provisions of this proposal, this proposal prevails. In any event that a purchase order agreement is not fully executed on or before the expiration date of this proposal, this proposal becomes null and void. Willis Construction reserves the right to withdraw or modify this proposal at any time.
2. Any contractual disputes shall be settled by arbitration. Arbitration shall be by the rules of the America Arbitration Association and shall be binding.
3. Willis will be notified in writing of any potential back charges within 72 hours of discovery. All back charges filed late will be rejected.
4. All warranties shall be for one year.
5. Add 5% to any portion of our work not completed after 18 months from notice to proceed and again after 24 months.
6. After 30 months the balance due on the purchase order becomes negotiable.
7. Delivery schedule to be mutually agreed upon by Willis and General Contractor. Any changes to the schedule will be agreed upon in writing.
8. Acceleration of our work shall not be required unless agreed upon in writing.
9. Willis will not be held responsible for delays and costs due to strikes, labor disputes, fire, flood, changes in scope, unusual delays in transportation, adverse weather including rain days, acts of God, Owner, Architect, and/or General Contractor.
Standard Conditions (cont.)

Payment
10 No retention to be held on a purchase order agreement.
11 All costs of bonds will be paid in full at time of bond execution.
12 Monthly progress payments shall be made according to a schedule of values proposed by Willis and accepted by the General Contractor.
13 10% of purchase order agreement to be paid upon execution of purchase order.
14 Monthly payments required for all items on the schedule of values.
15 Monthly progress payments shall be made for labor, materials and equipment, whether incorporated into the product or accessory to production, handling, storage, shipping or installation.
16 Monthly progress payments must not be delayed for any reason, including lack of funding by the owner or lender, with the remaining balance to be paid upon final delivery of product.
17 All monthly invoices are due in 30 days. Interest @ 1-1/2% per month shall be paid on any billing not paid within 30 days of the billing date.

Manufacture
18 Precast/GFRC may be made at any Willis PCI certified plant. Choice of plant will be at the option of Willis Construction.
19 Products are manufactured in accordance with ACI 533.3R70, Fabrication, Handling, and Erection of Precast Wall.
20 Panel joints may vary from the contract drawings due to constructability, architectural and/or structural requirements. Architect shall approve panel break-up on Shape Submittal Package.
21 Color and finish may vary slightly from panel to panel. Local materials shall originate within a 50 mile radius from the casting plant. Panels are typically cast face down in a flat mold. Any surfaces cast against a vertical mold surface will be have less density of large aggregate and a greater amount of air holes than surfaces cast flat. We normally fill air pockets that are larger than 1/2" in diameter. To fill and patch holes smaller than this will cause a spotty appearance due to the lack of large aggregate in the patch.

Delivery
22 The General Contractor is to provide a safe working area at all times.
23 The General Contractor shall furnish sound, all-weather roads around all buildings necessary to deliver the precast/GFRC products. Offloading of precast and accessories shall be provided and paid for by the General Contractor. Access roads and working areas shall be free of overhead and underground obstructions. The General Contractor shall provide traffic control as necessary. Drive through access for delivery trucks shall be provided.
24 All deliveries shall occur on the day shift, unless otherwise agreed upon by the General Contractor and Willis.
25 All street traffic control, closures, permits by others.

Design
26 The Primary Structure is that which has been designed by the engineer of record to accept service loads and distribute them to the foundation. Load Points are those locations on the Primary Structure where forces are transmitted by the precast/GFRC system. Bracing and stiffening is sometimes required to allow the Primary Structure to accept forces at the Load Points. Connection Steel transmits forces from the panel to the Load Point on the Primary Structure. Refer to the Specific and General Inclusions and Exclusions of this bid for clarification of scope.
27 Temporary and permanent inserts, sleeves, blockouts and anchors required by our design to be embedded in the structure shall be furnished per the Specific Provisions of this proposal. These embedded items shall be installed by others. Verification at the jobsite prior to casting is excluded. Costs to correct any panels to match misplaced embeds in CIP is excluded.

Bid Proposal

TO: Contractor
COMPANY: 

LOCATION: Oakland, CA
ACCEPTED BY: 

CONTRACT #: Colman 94-44404
DATED: 

SPECIAL PROVISIONS: ALL ITEMS OR NONE UNLESS NEGOTIATED PRIOR TO BID TIME. THE BELOW TERMS AND CONDITIONS ARE INCORPORATED AS PART OF THE SUBCONTRACT AGREEMENT.

1. Bond premium not included.
2. CSS, Inc. is a Certified SBE.
3. Central Striping Service, Inc. is signatory to the Laborers' of Northern California, Southern California, Nevada and the Painters of California and Hawaii.
4. It is agreed, the terms and provisions of any subcontract agreement between the parties shall never waive any of subcontractors rights as prescribed in the applicable Federal and State Prompt Payment Statutes.
5. Unless otherwise noted and agreed to in writing by Central Striping Service, Inc., prior to time of bid, no items may be excluded from the subcontract/purchase order.
6. Backcharges: Contractor acknowledges that Central Striping Service, Inc. will not accept, nor be held liable for any backcharges, including Liquidated Damages, without prior written mutual agreement.
7. This quotation shall remain valid for 30 calendar days from the date of bid, and shall become part of any and all subcontract agreements and/or purchase orders related to this project, unless otherwise agreed upon in writing.
8. Central Striping Service, Inc. requires an executed subcontract agreement, purchase order or signed quote prior to start of work.
9. The parties acknowledge and agree the provisions of these Terms and Conditions precede any language in the subcontract agreement.
10. Overtime, Double Time or Holiday Time is not included in this proposal. Contractor agrees to pay, in addition to items quoted, for any premium time incurred.
11. Contractor installed temporary delineation or pavement markers shall be offset a minimum of 2" from permanent alignment.
12. Changeable message boards are not included, unless otherwise noted.
13. Contractor to provide fifteen (15) working days notice prior to scheduling CSS, Inc. work.
14. Contractor agrees to provide a written progress schedule 30 days in advance of our scheduled work and acknowledges any changes to the progress schedule may require additional advance notification for mobilization to perform our work.
15. This quotation does not include installing permanent delineation items while other operations are in progress on the jobsite.
16. Contractor to provide clean pavement surfaces, and unobstructed access to the jobsite.
17. All work associated with the SWPP and/or WPCP is excluded.
18. Notification and/or signing to residents or businesses is excluded.
19. Items not specifically identified in this quote are excluded.
20. Contractor agrees to provide a source of clean water should any of our items require it.
21. Central Striping Service, Inc. is not responsible for lighting beyond our vehicles, equipment and personnel.
22. Payment Terms:
   - Retention is not to be taken and held on our items of work.
   - Net 30 or per California Prompt Payment Statutes.
23. Traffic Control is NOT included for our items of work, unless otherwise noted.
24. Traffic Control plan is not included.
25. __EA. Mobilizations are included. $15,000.00 EA. Additional Mobilization
26. SECTION 7-142C EMISSION REDUCTION (CARB) COMPLIANT
27. Contractor to provide secure location for storage of hazardous removal.
28. Addendums recognized - 1, 2, 3, and 4.
4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract so that they may respond to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contact. Provide copies of supporting documents.

Our advertisements and solicitations give details on how to obtain plans and specs from our office, local builder's exchanges or emailed.

6. Describe the Bidder's efforts made in assisting interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

We listed additional information (website addresses) for DBEs regarding bonding, lines of credit, insurance, financial assistance as well as a West Bay Builder's contact name for assistance.

It should be noted no assistance was request by DBE's.

7. Describe the Bidder's efforts made in assisting interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

Our advertisements and solicitations offer a West Bay Builder's contact name for equipment, supplies, materials, etc. It should be noted that no such assistance assistance was requested by any DBE's for this project.

See attached solicitations and advertisements.
8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

9. Include additional data to support a demonstration of good faith efforts.

Advertising in trade and focus journals. Ads run through the bid date. Utilizing the Caltrans CUCP database for DBE's on this contract. A second set of phone calls were made to DBE's days before the bid.

NOTE: Use additional sheets of paper if necessary.
