GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

- 1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 2) Modification to the work may require a change in the quote.
- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 5) All teeth over one complete set will be charge to the contractor.
- 6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
- 7) In the event there is an increase in the cost of fuel of more than \$0.50 per gallon during the performance of this contract, ABSL will be entitled to a \$75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
- 8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: \$425.00 per hour.
- 9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 10) This proposal to be attached and made part of any and all resulting contracts.
- 11) The above price does not include permits, fees, bonding, state or local taxes.
- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
- 15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
- 16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
- 17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Daryl Vorne

Good morning,

My name is Chad Lodel, I'm with Bay Area Traffic Solutions and we are responding to your bid invitation and have a quick question, so I can be accurate on my numbers.

On sheet #52 the quantity counts for 86 signs to be mounted on type III barricades. now on sheet 70 the quantity is also reflecting 86 type III barricades. Are these the same so I don't count them twice? I have the quote about ready to send just that issue to clear and I can make adjustments.

Thank you,

*Chad Lodel

Denise,

I'm glad to hear that you are reaching out to DBEs and SBEs. You have used the two main databases that Caltrans uses. The SB database allows you to search for companies using keywords and location. You can choose the location where the project is located and all companies willing to do work in that area will come up. Also, there is the "looking for help" button on the OE website. Our subs are very good about opting in.

I have seen contracts coming in with higher DBE goals than required, so they are out there. You just need to reach out to them with enough time to allow them to put their bids together. Let me know if you have any more questions.

Graniterock is bidding contract no. 04-2A2504 to Caltrans on December 3rd as a prime. Caltrans has recommended to us that we contact district 4 Small Business Liaisons in an effort to search for more DBE firms that would be interested in participating as subcontractors on this and other projects. I have already searched Caltrans UCP database and will be sending bid invitations to those firms coming up in my search. At one time it was suggested to me that I search out DBE's on the small business database, but there doesn't seem to be a way to do that on the query form.

Can you recommend any other outlet or way to search for DBE firms? Thank you in advance for your help.

Thank you for your direction. I have completed a download on the CUCP site, and have included the 'Opt In' subcontractor firms interested in participating in contract no. 04-2A2504. Graniterock solicits DBE participation in all areas of work listed on the bid item list, but some of the larger subcontractor scopes would be striping, construction area signs, traffic control, clearing & grubbing, erosion control, shotcrete, & soil nails. If you have some contacts that might help us, that would be great. I hope to send bid invitations out early next week as the project bids December 3rd.

Thank you again for your help.

Hi Denise,

George Crosby of the District 4 Small Business Program asked that I contact you regarding your need to reach out to DBE contractors. The primary site for the search is the CUCP site you used. However, the Office of Engineering (OE) has the 'Opt In' feature where primes can search for subs who have submitted for interest in particular projects (http://www.dot.ca.gov/hq/esc/oe/contractor_info/). You can go to the 2nd column, 4th from the top, and click there to begin your search.

Lastly, if you send me a description of the scope of work you are seeking to fill with DBEs, I can put together a list of contractors from our internal contacts list and send it to you.

Respectfully,

Osayahde Nesbitt
