Terms & Conditions:

All prices quoted are subject to fuel, labor and bridge toll increases. All quotes based on truck equipment, material and disposal site availability. All tonnage based on 2,000 lb tons. All disposal quotes are based on waste characterization (as identified above) and waste acceptance at landfills quoted. Please add 5% per calendar year to all rates. These prices do not include any possible new taxes at the landfills.

Testing of any kind is not included in any rates. Testing and analytical results will be required according to the designated landfill(s) requirements and the General Contractor is to supply each as requested. Landfills quoted require a completed profile, analytical data and a signed service agreement to approve a waste stream. Once all the information is submitted we will provide you with a unique approval number and manifest to transport your material. Payment terms are net 30 days from invoice date. Any non-conforming loads will be rejected and all associated costs are the responsibility of the customer. Standby time charged after 15 minutes on job site at current hourly rate.

Prevailing rates and certified payroll are available upon advance written request for an additional fee. Request must be made before truck order is placed.

Thank you for considering Team North for your material needs. Please contact Rob at (415) 467-0300 or Jennifer at (650) 430-4633 if you have any questions.

DBE Good Faith Efforts Documentation**

To Whom It May Concern:

The following is a summary of the DBE Good Faith Efforts Documentation.

Exhibit A: We have listed items of work that DeSilva Gates Construction made available to DBE firms, and have identified items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedule in a manner that encourages and facilitates DBE participation.

- DeSilva Gates Construction Attachment A-1

Exhibit B: We have attached copies of solicitations, email messages, telephone records, and fax confirmations.

- Tuesday, June 14th 2016 conducted a DBE query on CUCP directory for 63 work categories. Resulted in 1387 DBEs.
- Tuesday, June 14th 2016 conducted an Opt-In query where 19 firms were listed. Faxed "Bid Invitations".
- Wednesday, June 15th 2016 "Bid Invitations" emailed and faxed to 1387 DBE firms who indicated interest in District 4 and in the 63 work categories.
- Monday, June 27th 2016 conducted a second Opt-In query where 27 firms were listed. Called to follow up.

- Conducted follow up phone calls on June 27th 2016, June 29th 2016, June 30th 2016 and July 1st 2016.
- Attached sample “Bid Invitation” announcements dated June 14th 2016 and June 15th 2016.
- Spreadsheet on “Bid Invitation” announcement, phone/fax/email log, and results.

Exhibit C: DeSilva Gates Construction provided plans and specifications specific to the items of work being offered. A list of selected firms and its status as a DBE, the DBEs that provided quotes and the price quote for each firm and the price difference for each DBE if the selected firm is not a DBE. Provided copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

- The Bid Invitation and the advertisements provided the DBE with information on where to obtain the plans and specifications, including access to the plans and specs at DGC’s offices in Dublin and Sacramento.
- Attached spreadsheet with the Select/Reject and quotes.

Exhibit D: Attached you will find our outreach efforts to identify and solicit the interest of all certified DBEs that have the capacity to perform the work of the Contract.

- Solicited 1387 DBEs from CUCP and Opt-In, by email, fax and phone in 63 work categories. Solicitations occurred on June 14th 2016 and June 15th 2016 (See attachments in Exhibit B).
- Advertised in California Department of Transportation, Minority Bidders Bulletin and Construction Update, Small Business Exchange, Daily Construction Service and Daily Pacific Builder. Advertisements occurred on June 13th 2016, June 14th 2016 and June 22th 2016. See attached advertisement announcement.

Exhibit E: Attached are our efforts made to provide interested DBEs with adequate information about the plans, specifications and requirements of the Contract.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract to assist them in responding to a solicitation. See attached.
- No DBE requested assistance.

Exhibit F: Attached you will find our efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

- Bid Invitation provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit G: Attached you will find our efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit H: Below are the names of agencies and the dates on which they were contacted to obtain assistance in contacting, recruiting, and using DBE firms.

Total Commitment for Columbia Electric = \$156,700.00

4. Appian UDBE SWPPP

No analysis required since Appian UDBE SWPPP has a complete package quote for Bid Items No. 1 & 10 and is a qualified DBE firm.

Total Commitment for Appian UDBE SWPPP = \$2,650.00

5. Team North Construction Services

Team North Construction Services is a qualified DBE firm and will provide water trucks and sweeper services for Bid Items No. 13, 21, 22, 26-28, 31, 32:

Sweeper – 160 hrs x \$135/hr = \$21,600

Water Truck – 160 hrs x \$100/hr = \$16,000

Total – \$21,600 + \$16,000 = \$37,600

Total Commitment for Team North Construction Services = \$37,600.00

6. Chavez Trucking

Chavez Trucking is supplying asphalt oil to DeSilva Gates Aggregates, and also a qualified DBE firm to perform work under Bid Items No. 31 & 32:

PG 64-10 Material = 250 tons x \$310 x 8.625% tax @ 60% = \$50,511

PG 64-10 Delivery = 250 tons x \$16/ton @ 100% = \$4,000

PG 64-16 Material = 175 tons x \$310 x 8.625% tax @ 60% = \$35,357

PG 64-16 Delivery = 175 tons x \$16/ton @ 100% = \$2,800

Total = \$50,511 + \$4,000 + \$35,357 + \$2,800 = \$92,668

Total Commitment for Chavez Trucking = \$92,668.00

7. Western Traffic Supply

Services offered: D&M Traffic Services Inc, manufactures, sells, rents and installs active and passive traffic control systems. We have the capabilities to remove, reset, relocate, furnish and install these systems in all temporary or permanent applications. Our scope includes: Zoneguard Steel Barrier; A Caltrans approved temporary barrier for use in standard and minimum deflection applications. Zoneguard is a MASH approved device that weighs only 66LBS per LF VS concrete k-rail at 396LBS per LF. Due to this reduction, 750LF fit on a single truck reducing trucking costs by up to 600%. Each standard piece is 50LF long (though shorter pieces and mitered sections are available upon request) and 1500LF can be set per hour. Smart Cushion Crash Attenuator: SCI100GM and SCI70GM are available in a variety of configurations. The SCI crash cushions are a MASH approved device available in configurations that protect unidirectional and bidirectional fixed objects up to 150 inches wide. Ruby Lake Bike Lane Material: is high friction surface treatment used for bus and bike lane demarcation. Made from 100%, post-consumer recycled glass, Ruby Lake boasts both the lowest lifecycle costs and also the highest skid resistance number than any other similar product. Other products and services include; Construction Area Signs, Traffic Control Flagging, Flashing Arrow Signs, Changeable Message Signs, Extinguishable Message Signs, Rapid Flash Beacons (RRFB), Flashing LED Signs, Crosswalk Systems, Pedestrian Safety Systems, Guardrail Material, Midwest Guardrail System (MGS), Flared Terminal Systems, In-Line Terminal Systems, Alternative Temporary Crash Cushion Systems, Alternative Permanent Crash Cushion Systems, Armor Guard Barrier, Armor Guard Gate, Roadside Signs/Posts/Structures, Overhead Signs/Structures, Traffic Cones, Barricades, Channelizers, Delineators, Object Markers, Pavement Markers, Thermoplastic and pre-form materials. Locations Servicing Northern and Southern California.

Hello Deborah,

Thanks for the notification. Yes, we are a DBE certified firm in California. However, we are not in construction trade and do not bid on construction jobs. We provide CADD drafting and BIM services to A/E/C client and can work remotely, if necessary. We are based in Portland OR. I'll be happy to discuss your specific needs if they arise.

Have a nice day!

Best regards,

Vijay Deodhar

RE: Proposal for WPCP for Caltrans 04-4H2224, bidding 7/6/16

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

A. Prepare Water Pollution Control Program (WPCP)

Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.

Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager, for weekly inspection

- I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Practitioner (QSP) certification.
- II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSP.
- III. Provide quarterly non-stormwater monitoring inspection.
- IV. Check NOAA weather forecast daily.
- V. Provide stormwater inspection reports once a week.
- VI. Prepare WPCP Amendments as needed.
- VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
- VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item C below for rain event inspection).

C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection

- I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
- II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
- III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces 1/2" or more of rain with a 48 hour or greater period between rain events.
- IV. Inspections will be done or overseen by a QSP.

Fee:

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

- A. Prepare WPCP (Part of Bid Item No. 10) \$ 625

Civil Engineering and Stormwater Solutions

B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager \$ 375 per week

\$125/hr x 3 hours = \$375/week x 24 weeks = \$9,000 Not to Exceed

C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection \$ 375 EA

\$125/hr x 3 hours = \$375 per visit x 5 visits = \$1,875

For quantity purposes, we estimate no more than 5 events

This is based on the project lasting 24 weeks.

Additional QSP services will be billed at rate of \$125 per hour.

Additional QSD services will be billed at rate of \$135 per hour.

Contractors should take note that Items B and C above are required items under the Caltrans "Prepare WPCP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The WPCP will be provided within 1 week of receipt of signed contract. The document will be provided in hard copy (4 copies) and electronic PDF format.

We appreciate the opportunity to present this proposal. Please feel free to contact me if you have any questions via cell at (707) 628-4219 or at our office number below.

Sincerely,

Terms & Conditions:

All prices quoted are subject to fuel, labor and bridge toll increases. All quotes based on truck equipment, material and disposal site availability. All tonnage based on 2,000 lb tons. All disposal quotes are based on waste characterization (as identified above) and waste acceptance at landfills quoted. Please add 5% per calendar year to all rates. These prices do not include any possible new taxes at the landfills.

Testing of any kind is not included in any rates. Testing and analytical results will be required according to the designated landfill(s) requirements and the General Contractor is to supply each as requested. Landfills quoted require a completed profile, analytical data and a signed service agreement to approve a waste stream. Once all the information is submitted we will provide you with a unique approval number and manifest to transport your material. Payment terms are net 30 days from invoice date. Any non-conforming loads will be rejected and all associated costs are the responsibility of the customer. Standby time charged after 15 minutes on job site at current hourly rate.

Prevailing rates and certified payroll are available upon advance written request for an additional fee. Request must be made before truck order is placed.

Thank you for considering Team North for your material needs. Please contact Rob at (415) 467-0300 or Jennifer at (650) 430-4633 if you have any questions.

Additional information to demonstrate Good Faith Efforts.

FACT SHEET
Federally Funded Contracts
Evaluating DBE Participation
Role of OBEO, Contract Evaluation Unit
May 2013

The California Department of Transportation (Caltrans), Office of Business and Economic Opportunity (OBEO), Contract Evaluation Unit (CEU), is responsible for evaluating all Caltrans federally funded contracts and is responsible for counting Disadvantaged Business Enterprise (DBE) participation towards contract goals according to federal regulation. The CEU determines whether the goal has been met or an adequate good faith effort has been made by the contractor.

Bidder's Responsibility – For Meeting DBE Requirements

Refer to the Special Provisions of the specific contract you are bidding on for your responsibilities. Contracts are advertised on the Office Engineer's (OE) website at http://dot.ca.gov/hq/esc/oe/weekly_ads/index.php and the Division of Procurement and Contracts' (DPAC) website at <http://caltrans-opac.ca.gov/contract.htm>.

Contract Evaluation Unit's Responsibility – Counting DBE Participation

Step 1	A contract is received from Office Engineer (OE) or Division of Procurement and Contracts (DPAC) and the CALTRANS Bidder-DBE Commitment form from the prime contractor is reviewed to see if the prime contractor met the goal. If not, the good faith effort will be evaluated. See 49 CFR, Part 26, Appendix A, for good faith efforts guidance. This determination is based only on information timely submitted with the bid.
Step 2	<p>Review the CALTRANS Bidder-DBE Commitment form from the prime contractor to:</p> <ul style="list-style-type: none"> • ensure that the DBEs are certified by checking the California Unified Certification Program (CUCP) database [cross referencing DBE work category code(s) with contract bid items] <i>(If the DBE is not certified, their participation will not be counted.)</i> • ensure that the DBEs possess the correct work category code for the type of work they are listed to perform http://www.dot.ca.gov/hq/bep/find_certified.htm <i>(If the DBE does not possess the correct work category code, their participation will not be counted.)</i> • verify the dollar amount claimed for credit is accurate <ul style="list-style-type: none"> ◦ amount claimed for credit on DBE Commitment form is consistent with written confirmation (quote) from DBE.** ◦ amount claimed for credit is consistent with the prime contractor's bid and subcontractor listing <p>Written confirmation (quotes) from the DBEs are reviewed to verify if the DBEs are committed to do the work on the Caltrans Bidder DBE Commitment form.**</p> <p>**Important Note: Rate sheets that are generic will not be accepted in lieu of written confirmation (quotes). This determination is based only on information timely submitted with the bid.</p>
Step 3	<p>Counting DBE participation: DBE participation is "counted" only where it is demonstrated that a certified DBE possessing the correct work codes will be actively participating on the contract. CEU will count DBE participation as follows:</p> <ul style="list-style-type: none"> • The entire amount of that portion of a construction contract that is performed by the DBE's own forces are counted. • DBE' participation will not be counted if the DBE is not certified at the time of bid or if a certified DBE does not possess the correct work codes. • The method for counting trucking towards the DBE goal requires the following additional documentation: motor carrier permit, truck title, registration, and proof of insurance, trailer or tanker registration, bills of lading, sub-hauling agreements, existing commitments of trucking on other jobs, and subcontract specific information (e.g., type of material hauled, number of trucks/trailers/tankers, load capacity, distance traveled, and schedule). Truckers need to own at least one, operable, insured truck. • DBE trucking firms receive 100 percent credit for the value of the hauling. DBE trucking firms who sublease to other DBE firms or DBE owner operators receive 100 percent of the value of the hauling. • DBE trucking firms who sublease to non-DBE trucking firms or non-DBE owner operators receive credit for the transportation arrangement or broker fees <u>only</u> – typically from 5 -20 percent of the value of the hauling. • Cost of material or supplies are counted at 60 percent for regular dealers. Those claiming to be regular dealers of bulk items must additionally demonstrate that they own and operate appropriate distribution equipment. <p>Important Note: There may be times when further clarification of commitment is requested for other types of work.</p>
Step 4	<p>Determination is made regarding whether goal was met. If goal was not met, the good faith effort documentation will be evaluated.</p> <p>Important Note: The steps above are not all inclusive. Other steps may be taken in the contract evaluation process.</p>
Step 5	The contracts are returned to OE or DPAC, whichever is applicable.

FACT SHEET
Federally Funded Contracts
Monitoring DBE Participation
During Construction
May 2013

Role of the Division of Construction

California Department of Transportation (Caltrans) resident engineers and inspectors monitor the contract work to ensure the DBEs listed on the approved CALTRANS Bidder-DBE Commitment form perform the items of work specified at the time of bid opening and that no improper substitutions occur. Monitoring includes documenting the work DBEs perform by completing inspection reports. Resident engineers and inspectors ensure that all DBEs are performing a commercially useful function (CUF).

CUF is a matter of contract compliance that achieves two objectives: (1) ensures that dollars counted towards DBE goals are merited, and (2) ensures the Federal Government that funds entrusted to the State of California meet federal requirements.

Code of Federal Regulations 49, Part 26.55(c)(1)(2) states, "A DBE performs a commercially useful function when it is responsible for execution of the work on the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved."

To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating a price, determining quality and quantity, ordering the material, and installing where applicable and paying for the material itself.

A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.

To ensure DBEs are performing a CUF, the resident engineer or inspector documents the DBE's work in inspection reports and reviews additional documentation that verifies the DBE's participation. Some examples of the types of documents are:

- certified payroll records
- paid supplier invoices
- monthly trucking verification reports
- supplier bills of lading or purchase requests
- leases

Service and Architect and Engineering Contracts

Monitoring DBE participation, including whether a DBE is performing a CUF, are subject to the same guidelines as stated above [49 CFR, Part 26.55(c)(1)(2)].

For further details, please refer to 49 CFR, Part 26.55.

**CALIFORNIA DEPARTMENT OF TRANSPORTATION
DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS
FEBRUARY 2015**

On October 2, 2014, the United States Department of Transportation published revisions to the Disadvantaged Business Enterprise (DBE) program regulations found in Title 49 of the Code of Federal Regulations, Part 26 (49 CFR 26). The DBE regulations in 49 CFR 26 form the basis for the California Department of Transportation's (Caltrans) DBE program.

As a result of the changes to 49 CFR 26, the California Department of Transportation (Caltrans) has completed significant revisions to the following sections of its Standard Specifications:

- Section 2: Bidding
- Section 5: Control of Work

Following is a summary of changes:

Counting DBE Participation 2-1.12A General

- To count toward meeting a DBE goal, each listed DBE, at bid opening, must possess the work category code(s) applicable to the type of work they will perform on the contract.
- If a DBE leases trucks from a non-DBE truck leasing company, it must use its own employees as drivers in order to be eligible to receive credit for the total value of the hauling services.

DBE Commitment Submittal 2-1.12B(2)

- All bidders must submit, no later than 4 p.m. on the 4th business day after bid opening, the following information:
 - DBE Commitment form.
 - Quote from each listed DBE that describes the type and amount of work shown on the DBE Commitment form.
 - DBE Written Confirmation form for each listed DBE to establish that the DBE has agreed to participate in the type and amount of work shown on the form.
 - If the contract goal is not met, good faith efforts documentation. Good faith efforts documentation submitted outside of the specified timeline will not be considered as part of Caltrans' evaluation of good faith efforts.
- Caltrans has modified its DBE Commitment and DBE Good Faith Efforts Documentation forms based on changes in 49 CFR 26.

Evaluation of Good Faith Efforts 2-1.2B(3)

- Appendix A to 49 CFR 26, "Guidance Concerning Good Faith Efforts," has been revised. Highlights include:
 - Additional emphasis on a bidder's efforts to identify and solicit DBEs.
 - Additional emphasis on a bidder's efforts to negotiate in good faith with interested DBEs, including evaluation of quotes provided by DBEs.
 - Caltrans must consider the performance of other bidders in meeting the contract goal as part of an evaluation of good faith efforts.

**CALIFORNIA DEPARTMENT OF TRANSPORTATION
DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS
FEBRUARY 2015**

Reporting 5-1.13B(1)

- Caltrans must begin collecting and reporting DBE payment data for all ongoing contracts. This is in addition to the collection and reporting of DBE final utilization upon acceptance of contract work.
- Prime contractors must submit by the 15th of each month a Monthly DBE Payment form documenting payments made to DBEs during the previous month. Failure to submit this form each month by the specified due date will result in withholds pursuant to section 9-1.16E(3), Performance Failure Withholds, of the Caltrans Standard Specifications.

DBE Substitutions 5-1.13B(2) General

- A substitute DBE, at the time of substitution, must possess the work category code(s) applicable to the type of work the substitute DBE will perform on the contract.
- The prime contractor must submit good faith efforts documentation for DBE substitutions within 7 days; the timeline may be extended an additional 7 days at the contractor's request.
- A prime contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding of good faith efforts to replace the original DBE.

.....

This summary was prepared by the Office of Business and Economic Opportunity (OBEO) to promote awareness of changes to the DBE regulations at 49 CFR 26. The information provided in this document is not intended to supplement or replace contract documents that contain information regarding contract-specific requirements.

Caltrans encourages bidders and DBEs to review on a contract by contract basis all bid documents, including but not limited to, standard specifications and standard plans, forms, and addenda to identify, understand, and comply with contract requirements.

For more information about the Caltrans' DBE program, please visit the OBEO's web site at <http://www.dot.ca.gov/hq/bep/>.
