

# Second Bidder

03-11-14 11:42 RCVD

This information may be submitted with your bid proposal. If it is not, and you are the apparent low bidder or the second or third low bidder, it must be submitted and received as specified in section 2 of the specifications. Failure to submit the required DBE information will be grounds for finding the bid nonresponsive.

CONTRACT NO: 04-4S4504

BID AMOUNT: \$ 748,693.00

BID OPENING DATE: 3-5-14

BIDDER'S NAME: Engelke Construction, Inc.

DBE GOAL FROM CONTRACT, %: 9%

DBE PRIME CONTRACTOR CERTIFICATION<sup>1</sup>:  
None

BID ITEM NO.	ITEM OF WORK AND DESCRIPTION OF SERVICES TO BE SUBCONTRACTED OR MATERIALS TO BE PROVIDED <sup>2</sup>	FOR CALTRANS USE ONLY	NAME OF DBEs (Must be certified on the date bids are opened - include Caltrans certification #, DBE address and phone number) (Indicate 2nd and lower tier subcontractors)	DOLLAR AMOUNT DBE <sup>3</sup>
36 Partial	Midwest Guardrail System		Professional Conc. Sawing #238110 P.O. Box 3348 Merced, CA 95344 809-722-2226	1,800
	A/C Saw cut

**GOOD FAITH EFFORTS DOCUMENTATION - DBE**

DES-OE-0102.11A (NEW 06/2012)

4. List the names and dates of each publication in which a request for DBE participation for this project was placed by the bidder. Attach copies of published advertisements or proofs of publication:

Publications	Dates of Advertisement
DBE Goodfaith - Focus Journal	02/17/2014
Outreach Impact - Trade Journal	02/17/2014

5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
Cal Trans	02/18/2014	Query DBE Database, Ad website	DBE's contacted us via Cal Trans query search results and ad posted
NAMC - No. CA	02/17/2014	E-mail	No response
SBDC - Sonoma	02/17/2014	E-mail	No response
NAWBO - SFBA	02/17/2014	E-mail	No response

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

Identified on the notices faxed and e-mailed, advertisements (see advertisements and notices attached). DBE's contacted us via Cal Trans query search results and ad posted.  
 See attached list.

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Identified on the notices faxed and e-mailed, advertisements (see advertisements and notices attached). DBE's contacted us via Cal Trans query search results and ad posted.  
 See attached list.

8. Include additional data to support a demonstration of good faith efforts.

Telephoned DBE Goodfaith on 2/17/14. On 2/17/14 sent emails to following and no response:

- National Association Woman Business Owners - SF Bay Area
- National Association Minority Contractors - Northern CA
- Small Business Development Centers - Sonoma

**NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.**

**State of California CALTRANS certified:**

**Disadvantaged Business Enterprise (DBE) # 484110 under ID # 38042**

and

**State of California, Department of General Services certified:**

**Small Business Concern (SB) # 1000659**

**Providing a "Commercially Useful Function" since 1984**

**Terms & Conditions:**

1. All quotes must be on an R & S Trucking quote sheets (pages 1, 2, 3 & 4); all purchase orders/letter of intent to duplicate the same. **PLEASE ATTACH A COPY OF QUOTE, WITH ALL PURCHASE ORDERS OR WORK AUTHORIZATIONS.**
2. **Purchase orders/letter of intent must be issued within 14 working days of bid date; Hourly rates only will be honored during the transition period.**
3. When per load / un-scaled loads are quoted, the following allowable times apply: Quarry site / Load site with Aggregates for all truck (4 and 5 axle) types: **5 minutes**. And at the Dumpsite / Job site with Aggregates for Double bottoms / Semi ends / Super dumps: **5 minutes**.
4. **Demurrage / Standby Time charges will be charged, after the standard allowable times listed, based on the hourly rates quoted, on page 1) as an example: \$85.00 hourly = \$1.42 per minute. Or \$ 90.00 hourly = \$1.50 per minute, or \$ 98.00/hourly = \$ 1.63 per minute, etc. Also standby time / demurrage starts upon arrival at the jobsite, including but not limited too; when governmental agencies/general contractors require traffic control points before the actual jobsite (traffic control points, flagmen control, lane closure etc.), and then standby time / demurrage charges will commence starting at the point of that traffic control location.**
5. **It will be the contractor's /customers sole responsibility to collect all demurrage /standby time at any quarry site/ load site.**
6. **Never will any "Averaging of Standby Time" be allowed.** In other words; standby averaging is not allowed at all, as first stated on page 1, reflective in qualifying maximum allowable times in tonnage rate quotes. Demurrage / standby time will be billed and become due & payable after the maximum allowable times listed at the rate per minute quoted.
7. **Semi End Dumps, Double bottoms, Semi Bottoms and 10-Wheelers are hourly unless agreed in writing by R&S Trucking & Contractor prior to job commencing.**
8. **All quotes reflect 100% trucking of said job. R & S Trucking reserves the right to void any /all prices if less than 100%.**
9. **Please call truck orders in by 2:00 p.m., to check availability. Please notify us several days in advance of any new jobs starting and/or any large truck orders of 10 or more.**
10. **On all jobs that require certification rosters, additional names may be added at any time.**

*Continued.....*

11. **PROBLEMS ON PROJECTS:** The contractor must FAX into our main office a detailed description of the occurrence, including the sub hauler and/or drivers name, owner of the truck, truck number/trailer(s) number and description of truck/trailer(s), and copy of the freight tag that pertains to this incident or occurrence, along with estimated dollar (\$) amount of loss (when applicable) on the same day of the incident or occurrence. R&S Trucking will accept "NO DEDUCTS OR BACK CHARGES" unless they are notified as stated above. R & S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following ).
13. **Saturday rates:** add 12.5% to the weekday rates, listed on Page 1. Also, **Sunday & Holiday rates:** add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.
14. **Minimum Show-up time:** On every truck dispatched to customers project, customer will be responsible for paying at least a 4 hour minimum daytime, & 6 hour minimum nighttime, unless previously arranged with dispatch.
15. All un-scaled tonnage quotes will be based on 26.20 tons per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.
16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays.
18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20<sup>th</sup> day following the last day of the calendar month in which the work was performed, billed by the 5<sup>th</sup> day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. Contractor must provide a site on each job for all trackers to clean out trailers daily at end of the last load.
21. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
22. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitled. This agreement will be governed by and construed in accordance with the laws of the State of California.
23. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
24. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
25. R&S Trucking is not responsible for project production due to availability of trucks or any other reason, on any job.
26. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its terms & agreements. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.

*Continued.....*

- 27. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
- 28. Yearly escalation raise on top of the base rate quoted shall occur at 6% yearly, commencing 1 year after the job start date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
- 29. All Asphalt mix designs, such as Polymer blends, Rubberized, Open-Grade, etc., require the contractor to supply a designated clean-out area on the jobsite, and to supply additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
- 30. All rates quoted reflect a diesel cost per gallon up to and including: \$ 4.10/per gallon. After it rises to: \$ 4.11/per gallon, R & S Trucking will apply a diesel fuel surcharge rate of 1% for every \$ .10 cent per gallon cost increase, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after \$ 4.11/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
- 31. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. \$ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
- 32. If & when and any & all Teamsters Local 315 or any other union local initiation fees and monthly union dues are required for any type of on-site/off-site/import/export trucking or trucks or owner-operators or independents that are pulling R & S Trucking's boxes or trailers = All dues payable will be paid out thru the general contractor awarded the above mentioned job. This applies to Project Labor Agreements also. R & S Trucking is not obligated to be a member of the Teamsters or join any other agreement with any organized union, or any project labor agreements.
- 33. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.

Cutler Trucking Inc. dba: R&S Trucking

Contractor or Agent

\*includes bridge toll

**Hourly Trucking Rates (non-prevailing wage):**

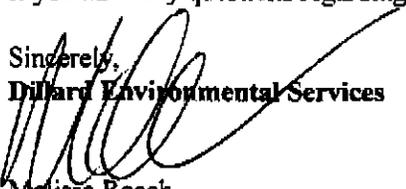

Bottom Dumps .....	\$ 94.00/hr
Semi End Dumps .....	\$ 94.00/hr
10 Wheelers .....	\$ 84.00/hr
Transfers.....	\$ 95.00/hr
Super Dumps.....	\$ 95.00/hr

**Other Terms and Conditions**

Standard Terms and Conditions attached are incorporated herein and made part of this agreement.

If you have any questions regarding this quotation, feel free to contact me at your convenience.

Sincerely,  
Dillard Environmental Services

  
Melissa Roach  
Vice President

Standard Terms and Conditions

1. Rates do not include the application of prevailing wages and contractor agrees that if required the additional costs will be reimbursed.
2. Trucks are based on schedule and availability and must be mutually agreed upon before commencement of work.
3. Minimum charges apply for late cancellations (less than 2 hours before appointment times) not less than 4 hours at our standard hourly rates.
4. Tonnage rates are based on 8 hour trucking shifts and unless incurred standby time is paid in full, tonnage rates will not be honored.
5. Tonnage rated work is subject to a 24 ton minimum charge for double bottoms or Dillard owned semi bottoms (40' long) and 20 ton minimum charge for semi ends, super dumps, and standard semi bottoms.
6. Damage to trucks and trailing equipment caused by the contractor or its subcontractors will be reimbursed at cost.
7. For hourly work, minimum charges apply: 6 hours at night and 8 hours during the daytime.
8. Dillard is a UDBE truck broker but cannot guarantee UDBE participation as filling orders takes priority over achieving any UDBE participation. Dillard never agrees to provide any certain number of UDBE trucks for any project at any time and does not agree to any lump sum participation amount. We make every effort to fill truck orders as they are received.
9. Fuel surcharges apply at a rate of 5% unless agreed to be waived in writing and are subject to further increases as fuel prices adjust upward without notice.
10. Customer agrees to pay our legal fees and all collection costs if the account becomes delinquent.
11. Payment terms are strictly 30 days from invoice date with finance charges accruing on the unpaid balance at a rate of 1.5% per month.
12. Project specific quotes are valid for 90 days until secured by a contract or Dillard ATP.
13. Multi-year contracts are subject to increases of 4% per year without notice.
14. Bridge tolls will be reimbursed at cost.
15. All proposed back-charges to Dillard for lateness, lost materials, or other costs directly caused by Dillard or one of its sub-haulers will be presented in writing to Dillard for consent or rebuttal within 10 days of the alleged incident. No late back-charges will be honored.
16. Dillard is certified with various agencies as a SDB, DBE, SDBE, WBE, LBE, and UDBE.
17. In the event the account becomes delinquent and it is necessary to institute legal proceedings, CUSTOMER agrees to pay DES' attorney's fees incurred in such proceeding, action or suit or in any appeal thereon. Any proceeding, action or suit arising from this agreement will be tried exclusively in the courts located in Contra Costa County.

The customer will provide slurry disposal at the job site or applicable disposal fees will be added to the invoice. Dump fees will be added to all invoices as applicable. Due to difficult or hazardous conditions, or restricted work locations, we reserve the right to bill any job hourly. Professional Concrete Sawing, Inc. is not responsible for layout or any damage to hidden or buried utilities, conduits, tensioning wire/cables, wood, or steel beams. The standard billing rate for operators is \$135.00 per hour/per man unless otherwise noted above. The standard billing rate for helpers is \$90.00 per hour/per man. The standby rate is \$90.00 per hour/per man. For over time add \$25.00 per hour/per man (4 hour minimum, weekdays included). For double time add \$45.00 per hour/per man (4 hour minimum, weekdays included). Travel charges will be added to all invoices for both directions at \$90.00 per hour unless otherwise noted above. All jobs will be COD unless credit is established prior to the job. All prices are subject to change without notice. All invoices will be billed per the price list except for jobs for which a bid was requested. TERMS: Net 30 days from date of invoice. A late charge of 5% per month will be added to any invoice not fully paid within 30 days.

As an authorized representative of the company/individual listed below, I understand and agree to meet all Professional Concrete Sawing, Inc.'s terms of credit. I also agree to pay service charges assessed, reasonable attorney fees, and court costs in the event of default. The undersigned promises to pay in full all invoices in accordance with the terms listed above.

## Bid - Proposal

March 3, 2014

To All General Contractors Requesting Sub-Bids.

Re: Caltrans Project 04-Mrn-1-31.2, Caltrans Contract No. 04-4S4504, Construct steel soldier piles and install MBGR in Marin County near Point Reyes Station at 1.9 miles north of Point Reyes Petaluma Road. Bid Date: March 5, 2014 (2:00 p.m.).

**Certified as DBE #217 (exp. 12/01/15), as WMBE VON #10120139 (exp. 12/28/16) per CPUC Supplier Clearinghouse, and as SBE (Micro) #0011303 (exp. 05/31/14). CCL #401640 C-27, C-61/D-59 (exp. 03/31/15). Quotation is valid for (60) calendar days from bid date and unless quantities, scope of work and/or date of installation change(s). Nitta, Inc. dba Nitta Erosion Control is full signatory member of Local 185 of the Laborers' Union. Most current Laborers' Trust Fund Employer's Contribution Letter is available upon request to verify union membership status.**

<u>Item No.</u>	<u>Item</u>	<u>Unit of Measure</u>	<u>Estimated Quantity</u>	<u>Item Price</u>	<u>Total</u>
16	Temporary Reinforced Silt Fence	LF	300	\$ 20.00	\$ 6,000.00
21	Temporary Fence (Type ESA)	LF	1,800	\$ 5.65	\$ 10,170.00
	<b>Totals</b>				<b>\$ 16,170.00</b>

### BID ITEMS MAY BE SEPARATED.

- Notes:
- 1) Total price includes submittals, certified payrolls, standard certificates of insurance, waiver of subrogation (if required), materials, labor, equipment (air pollution control (CARB PERP- and DOORS-compliant)), taxes on materials, incidentals and installation as per specifications (unless as otherwise noted).
  - 2) Total price excludes clearing bedding area of obstructions (debris greater than 1 inch in diameter prior to installation) for Temporary Reinforced Silt Fence and for Temporary Fence (Type ESA), re-installation of Temporary Reinforced Silt Fence (Type 1), maintenance and removal of Temporary Reinforced Silt Fence (Type 1), Type 2 Temporary Reinforced Silt Fence, wood posts, commercial quality nails or staples for Temporary Fence (Type ESA), backfilling of holes caused by the removal of Temporary Fence (Type ESA), maintenance (repair or replacement of damaged Temporary Fence (Type ESA)) and removal of Temporary Fence (Type ESA), re-installation of Temporary Fence (Type ESA), Fiber Rolls, rolled erosion control products (RECPs), Bonded Fiber Matrix (BFM), straw mulching,

04-Mrn-1-31.2, 04-4S4504, in Marin County near Point Reyes Station at 1.9 miles north of Point Reyes Petaluma Road.

Nitta Erosion Control Bid-Proposal dated March 3, 2014.

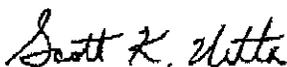

Page 2 of 2.

straw incorporation, night work, dust control (our straw mulching machines are retrofitted for dust suppression with the "Dust Dog" (United States Patent US 8,550,384 B2 10/08/13)), costs of local licenses, permits, fees and/or other taxes, watering, pedestrian protection and traffic control.

- 3) Two (2) move-ins is included in the total bid price (one for each bid item). Additional move-ins caused by weather related issues, other delays in work and other conditions out of our control is at \$950.00 each. Approximately one (1) working day (weekends and holidays excluded) is required to complete an estimated 300 LF of Temporary Reinforced Silt Fence. Approximately three (3) working days (weekends and holidays excluded) is required to complete an estimated 1,800 LF of Temporary Fence (Type ESA). Stand-by time will be billed at \$370.00 per hour.
- 4) Bond premium (performance and payment) rate is 2%. Minimum bond premium charge per project is \$150.00. Bond premium amount is not included in the bid price. Commercial Liability Insurance does not cover Railroad Protective Insurance, Coverage for "volunteers," Umbrella Liability Limits and/or Excess Liability Limits, Professional Liability, Avian Influenza A (Avian Flu - Absolute), Employment Related Practices, Silica (Absolute), Residential Construction Defect PCO, Construction Wrap-UP/OCIP Exclusion, EIFS & Spray-on Siding, Known Damage or Injury, Biological Contaminants - Mold, Fungus, Micro-Organisms (covered under Pollution policy), Engineers, Architects, or Surveyors Professional Liability, Nuclear Energy Liability, Lead (Absolute), Asbestos (Absolute), Injury to Independent Contractors, Residential Construction Activities (Absolute except Apartments), Condominium Conversion, Beryllium, Advertising Liability and Certified Acts of Terrorism. With the exception that our bid-proposal shall in no event be construed to require indemnification by Subcontractor to a greater extent than permitted under the public policy of the State of California, Subcontractor shall indemnify and save harmless Owner and Contractor only arising out of or in connection with Subcontractor's operations to be performed under this bid-proposal.
- 5) Terms: Due and payable within 30 days from date of installation and/or as per Business and Professional Code §7108.5 and Public Contract Code §10262.5 (for progress payments) and/or as per Public Contract Code §7107 (for retention due).
- 6) Attorney fees and interest: If court action be instituted on this invoice, general contractor promises to pay reasonable attorney fees. A late payment charge of 1 1/2% per month will be charged on all invoices not paid within terms of quote. This is annual percentage rate of 18 %.
- 7) General Contractor to provide good, drivable truck access to each site to be treated with Temporary Reinforced Silt Fence and with Temporary Fence (Type ESA).
- 8) Final field measured quantities shall be provided by General Contractor and/or Owners' Representative prior to installation of Temporary Reinforced Silt Fence and of Temporary Fence (Type ESA). If final field measurement shall be required of Nitta Erosion Control at jobsite, it shall be performed on a time and material basis with an authorized representative from the General Contractor and Owner in attendance.

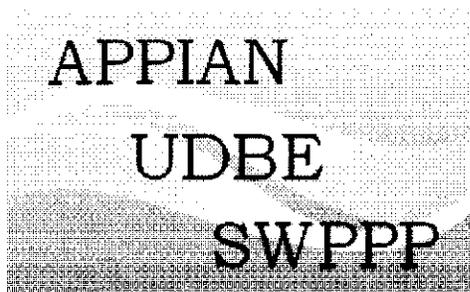

Thank you for the opportunity to quote on this project.

Yours truly,

Scott K. Nitta, President  
Nitta Erosion Control

**Subject: Disadvantaged Business Enterprise Certification No. 38334**

Dear Ms. Koprek:

We are pleased to advise you that after careful review of your application and supporting documentation, the Bay Area Rapid Transit District (BART) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS Codes form of the Application Package:

**NAICS Codes**

541620

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. Any additions and revisions must be submitted to the Bay Area Rapid Transit District (BART) for approval.

Near the end of your five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation updates necessary several weeks prior to the renewal due date.

Page 2.  
Appian UDBE SWPPP's  
April 15, 2010

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you), along with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the end of your five-year certification period.

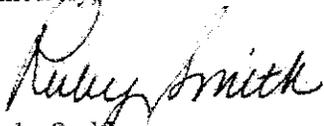

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/mailling address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify me immediately. DBE certification is subject to review at any time. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

You should know that all U.S. DOT recipients in California will honor your DBE certification status if your firm is certified by any one of the CUCP certifying agencies listed below:

- California Department of Transportation (Caltrans)
- Central Contra Costa Transit Authority (CCCTA)
- City of Fresno
- City of Los Angeles
- Los Angeles County Metropolitan Transportation Authority (METRO)
- Orange County Transportation Authority (OCTA)
- San Diego County Regional Airport Authority
- San Francisco Bay Area Rapid Transit District (BART)
- San Francisco International Airport
- San Francisco Municipal Transportation Agency (SFMTA)
- San Mateo County Transit District (SamTrans)/Peninsula Corridor Joint Powers Board (JPB)
- Santa Clara Valley Transportation Authority (VTA)
- Yolo County Transportation District (Yolobus)

Congratulations, and thank you for your interest in the DBE Program. I wish you every business success and look forward to hearing from you if I may be of any assistance to you in this regard.

Sincerely,

Ruby Smith  
Senior Civil Rights Officer

## Drilling Proposal

Date: 3-05-2014

To: Estimating Department

Project: 04-4S4504

### Scope of Work

We hereby quote the following items in accordance with the plans, soil borings and specifications for the subject job, and the following inclusions exclusions and general conditions. Addenda Acknowledged- Call if portions of work want to be taken out.

<u>Item #</u>	<u>Description</u>	<u>Quantity</u>	<u>Unit Cost</u>	<u>Total Cost</u>
28	Concrete Backfill	72 CY	\$300.00 CY	\$21,600.00
32	24" Drilled Hole	620 LF	\$178.00 LF	\$110,360.00
33	Steel Soldier Pile (HP 14x48)	580 LF	\$38.00 LF	\$22,040.00
34	Clean and Paint Steel Soldier Piling (Partial)		\$12,500.00 (Partial)	\$12,500.00 *
<i>Item 56 is Partial Doesn't Include Touch Up</i>				
40	Mobilization	2 EA	\$5,000.00 EA	\$10,000.00
<b>Total</b>				<b>\$176,500.00</b>

Work to Include: Drilling shafts includes 10 hr shift 5 Days a Week.

Bouthillier's Construction is to set, align and brace steel, Twist Casing into Required Holes, Dewater Shafts into Prime Contractors location, provide and place concrete, concurrent with drilling operations as required. Drill Rig has a 10' 2" Track Width plus Tail Swing. 325D

Excavator is used for handling casing and a concrete bucket, it has a 11' 2" Track Width plus a 4' tail swing.

**Exclusions:**

Permits, bond premium, inspection, survey and layout of holes, hole covers, fall protection, scaffolding, demolition, structure excavation, field engineering, block outs, formwork, site dewatering, submittal or implementation of water pollution control plan, erosion control, water supply at work area 20 GPM, dust control, survey, layout, line & grade, USA utility location or markings, location or removal of utilities, shoring and protection of existing structures, streets, and utilities, off haul and removal of spoils and water, sediment pond, off-haul of concrete over break, all costs related to any known or unknown hazardous or toxic materials. Traffic control provided by others.

**General Conditions:**

Bouthillier's Construction bid is based on one move in to the job with continuous operation until completion, add \$5,000 to the contract for each additional move. Contractor to provide a 14' wide, smooth, unobstructed access with no overhead obstructions adjacent to all locations as required for drill rig, concrete trucks, and concrete pump. Contractor to remove drill spoils concurrent with drilling as required to provide access for setting and pouring operations. Concrete pour crews may require overtime to complete pours. Bid is based on Mon- Fri 10 hours per day. Contractor to provide three week minimum notice to start date. Contractor to provide area on site for storage of Bouthillier's equipment and materials. Changes in start date shall be made 72 hours in advance of given start date and may result in delays to the rescheduled work. Bouthillier's Construction will be given one working day to verify grade, access, and layout before moving on to the site. If any man made materials are encountered such as bricks, concrete, rip rap, drain rock, etc. the general contractor will provide Bouthillier's Construction with written authorization to proceed with the work utilizing any required special tools and equipment. A daily log of labor, equipment, and material will be maintained and subsequently billed at a rate of \$400.00 per drill rig hour including two men, plus costs of materials, other equipment and labor, plus appropriate markups. All standby time due to delays by others will be billed at the same hourly rate. Standby rate for equipment left on site due to delays by others is \$1,200 per day for the drill rig plus any additional equipment left on site. Back charges will only be accepted when properly documented and acknowledged on a daily basis by our authorized representative. Payments will be made within 30 days of invoice. Balance of retention will be paid in full with 35 days after completion of Bouthillier's work.

This quotation includes the following insurance coverage for Bouthillier's' Construction with the general contractor to be named additional insured . Workers Comp. \$1,000,000.00, General Liability \$2,000,000.00, and Auto \$1,000,000.00

This quotation is subject to acceptance within 30 days and the terms herein will be incorporated into any subsequent sub contract agreement. In the event of legal counsel is retained to collect and sums due, Bouthillier's will be reimbursed for legal expense incurred.

Should any dispute arise out of this Proposal/Agreement; the prevailing party shall be entitled to recover reasonable attorney's fees and costs.

Jamie Bouthillier

Overtime is \$95.00/8 - 12hr/man; Doubletime \$115.00/over 12 hr/man  
 SATURDAY CLOSURES MULTIPLY ABOVE RATES BY 1.4; SUNDAY CLOSURES BY 1.7  
 \* DOES NOT INCLUDE CHANGEABLE MESSAGE SIGN OR 'IMPACT ATTENUATOR VEHICLE'  
 Time begins upon arrival at job site. Rates include travel time to quoted jobsite only.  
 \*\* Contractor to supply "qualified" help if needed for set up and pick up.

**NO RETENTION HELD FOR TRAFFIC CONTROL OR RENTAL EQUIPMENT**

IMPACT ATTENUATOR VEHICLE RENTAL RATES; - 20 miles included per day - No Driver  
 \$350.00/day, \$1,200.00/1 week, \$3,000.00/4 weeks; \$175.00 Delivery & \$175.00 Pickup Each  
 (Surcharge \$0.75 per mile, portal to portal)

CHANGEABLE MESSAGE SIGN RENTAL RATES - CALL FOR PURCHASE PRICES  
 \$150.00/day, \$400.00/1 week, \$1,000.00/4 weeks; \$100.00 Delivery & \$100.00 Pickup Each  
 NO delivery or pick up charge if STSSI performs traffic control THAT DAY.  
 "DAY" rate is applied if STSSI tech maintains PCMS boards

## Proposal/Quote

Statewide Traffic Safety & Signs  
 License # 975518  
 130 Grobric Ct.  
 Fairfield, CA 94533  
 Ph (707) 864-9952  
 Fax (707) 864-9956

Bid Date: 41733  
 Contract Information:  
 04-4S4504  
 04-MRN-1-31.2  
 Proposal: 103417  
 Estimator:

*Adam Freeland*

- A contract and 10 working days notice must be given prior to any move in. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
- Lump sum items are based on "working days" listed in the Special Provisions or working days bid for this project. Additional compensation (standard rental rates) will be applied if working days are exceeded.
- All Construction Area Signs to be installed at one time or in stages, covered if needed at installation. Contractor to uncover and recover if needed
- Construction area signs include one mobilization per stage, additional mobilizations \$1,500.00 each. Additional signs required due to damage, theft, or plan inadequacies will be billed as extra work.
- Traffic Control not included in installation, removal, or repair of any item. Stand-by time charged at \$175.00/hr.
- and or damaged equipment. Barricades do not include flashing lights or sign panels unless otherwise noted. Pallets are not included with crash cushions.
- Contractor is liable for lost or damaged equipment removed or relocated by contractor's forces.
- Statewide Safety & Signs, Inc. does not accept charges or back charges of any kind unless agreed to in writing prior to work beginning.
- Statewide Safety & Signs, Inc. shall fully indemnify Contractor for any liability arising out of Statewide Safety & Signs, Inc. work or products, but only to the extent of Statewide Safety & Signs, Inc. liability and not that of anyone else. Statewide Safety & Signs, Inc. maintains insurance coverage for their work hereunder, including \$2,000,000.00 Products - Comp/OP Agg end e 10/93 Additional Insured Endorsement.
- If there are any issues or concerns regarding Statewide Safety & Signs, Inc. products or work, Contractor shall promptly notify and give Statewide Safety & Signs, Inc. first opportunity to correct any such problems.
- **All sign and marker location / mark-out to be done by others and must be completed prior to Statewide Safety & Signs, Inc. starting work. Statewide Safety & Signs Inc. is not responsible for damage to underground facilities, not shown on plans or, not marked out by other agencies. (ie. Caltrans)**
- Sign panels for roadside sign items are supplied by others unless purchased through bid items of this quotation. Roadside sign panels will not be received by Statewide Safety & Signs, Inc. earlier than 15 working days prior to scheduled installation. No storage. 45 working days advance notice for sign panel orders. All sign plan discrepancies are to be resolved before any sign panel orders are placed.
- Permanent sign and marker installation: maximum move-ins: ONE (1) . Additional move-ins \$1,500.00 each. **45 working days notice for metal post orders. Mounting hardware supplied to, and installed by contractor.**
- Removal, relocate, and reset items are to be completed in whole per the Special Provisions for the project, and completed in, ONE (1) move-in. Additional move-ins \$1,500.00 each.
- Sign installation does not include coring or breaking
- All change order work must be approved by agency / owner prior to work being performed by Statewide Safety & Signs, Inc.
- Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other documents.
- No retention is to be held on Traffic Control and Equipment Rental.

## 2014 BILLING RATE SCHEDULE

GRADES	STANDARD RATES	PREVAILING RATES
Certified Operator	\$80	\$112
Operating Supervisor	\$100	\$118
CADD Technician	\$90	N/A
Consultant	\$125	N/A
Controls Programmer	\$165	N/A
Professional Engineer	\$195	N/A

### NOTES

- Overtime is billed at 1.5 times applicable rates for overtime and 2 times applicable rates for double time.
- Overtime and double time are billed based on California and Federal labor law requirements at the time the work is performed.
- Rates do not include travel costs, which will be billed as a mileage rate of \$0.75/mile.
- Rates do not include per diem, which will be billed at the applicable GSA rate at the time the work is performed.
- Travel time is billed port to port from Loomis, CA, unless otherwise specified in a fully executed contract or P.O.
- Rates apply to work performed off of the project site for equipment loading and cleaning, permitting, planning meetings, safety meetings, and other approved project requirements that cannot be fulfilled on site.

Active Treatment Systems, Inc.  
WATER SOLUTIONS FOR THE ENVIRONMENT

## Attachment 2

### STANDARD TERMS & CONDITIONS

The Scope of Work and the related Budget Estimate provided in this Proposal are predicated on the terms and conditions delineated below. These terms and conditions shall be considered an integral part of the Active Treatment Systems, Inc. (ATS) Budget Estimate, and must be included in any contract or subcontract executed with ATS for the services and work addressed. Because the schedule for mobilizing water treatment equipment is often critical to the timely commencement of construction of the overall project, we present this information in conjunction with ATS's proposal, to avoid unnecessary delays in processing and executing the contract or subcontract for the related services and work.

1. As a condition of receiving this Proposal as submitted by ATS, the customer (Client) and any members of the Client's team agree that the information, design concepts, and sizing guidance contained within this package are designated as the proprietary and uncompensated work product of ATS, and that the information provided is for the sole use of the Client for budgeting and planning for the project as addressed in this package; further, use of this information by the Client for construction of this project or other projects, or use by any company, including other contractors, subcontractors, or ATS competitors, is not authorized unless specifically approved by ATS and appropriate compensation made.
2. The only indemnity provision which ATS will accept when ATS operates is as follows:  
*ATS agrees to defend, indemnify and hold Client harmless from all claims, demands, losses and liabilities to or by third parties arising from, resulting from or connected with services performed or to be performed under this Subcontract by Subcontractor or Subcontractor's agents or employees; EXCEPT, Subcontractor's duty to indemnify Contractor for liability for damages arising out of bodily injury to persons or damage to (a) Contractor or Contractor's agents or employees, and (b) Subcontractor or Subcontractor's agents or employees, shall apply only to the extent of negligence of Subcontractor or Subcontractor's agents or employees. Further, Subcontractor's duty to indemnify Contractor shall not apply to liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of Contractor or Contractor's agent or employees.*
3. The Budget Estimate for mobilization will be affected by the actual locations of the equipment at the site at the time the systems are set up. Parameters such as the proximity of the treatment system to the storage basin or vault and the location of the treated water discharge can affect the budget estimate.
4. Client acknowledges and agrees that volumes, durations, and frequency of any rainfall; volumes and rates of groundwater flow; interferences which may affect treatability; and other similar variables cannot be known in advance, and that the actual labor required over the course of the project may be more than, or less than, any estimate. Any negative impact of such conditions on the ability of Subcontractor to fully perform its services under this Subcontract shall not result in the waiver of Subcontractor's entitlement to receive payment for its services rendered. Cycle charges will be based on actual hours expended for operations, maintenance, and monitoring; EXCEPT, charges for the minimum number of labor hours per cycle identified in the Budget Estimate will also apply.
5. As a condition of service, should ATS agree to mobilize its treatment systems and support equipment to the associated project based on a written or verbal request and/or notice to proceed issued before a formal contract or subcontract for the associated services and work is fully executed, and if, subsequently, final contract terms and conditions cannot be mutually agreed upon, ATS is hereby authorized to withdraw from the project and shall be entitled to full payment for mobilization and demobilization, for all services rendered, for expendable supplies consumed, and for the minimum rental charges delineated in this Proposal.
6. ATS's estimate assumes that no surety bonds will be required (we have never been required to provide bonds due to the nature of ATS services). If a surety bond is required, additional charges will apply.

7. ATS's estimate assumes that ATS's standard insurance coverage and limits are satisfactory. If additional coverage and/or higher limits are required, an additional charge will apply.
8. ATS's estimate assumes that no retainage will be withheld from payments due. If retainage is required, all unit prices will be increased so that net payments remain the same as under the original price proposal without retainage; in such case the amount of retainage actually withheld will be credited back at the end of the project.
9. The Terms and Conditions of any contract or subcontract which ATS may enter to carry out the services and work described in this proposal shall supersede the terms and conditions of any other contract which may be in effect among or between other parties regarding this project (i.e., we will not agree to be bound by any master contract unless we are given a copy of the contract in a timely manner for review, and unless no terms and conditions of the master contract contradict the terms and conditions described in this Proposal). In the event of a conflict between these Terms and Conditions and the Master Agreement, these Terms and Conditions shall apply.
10. Regarding the increasingly common contract terms under which the Contractor/Owner has sole discretion to negotiate and settle certain disputes: ATS will not agree to accept settlements negotiated or awarded to contractor if such settlement is not in its best interest; nor will ATS accept Contractor's/Owner's decision as final and conclusive regarding any matter.
11. ATS requires alternative dispute resolution terms and conditions which require the use of mediation and arbitration for resolution of any disputes between the parties. The venue and jurisdiction of any such action shall be Placer County, California.
12. The budget estimate for mobilization assumes that the site contractor will provide a suitable pad on which the treatment equipment can be staged. Such pad must be located on firm ground capable of bearing 600 pounds per square foot; such pad must be covered with approximately 6" of 2x4-inch quarry spalls overlain by approximately 3" of 3/4-minus crushed gravel. The installation of the support pads must be coordinated with ATS's project manager.
13. All filtration media and/or consumable chemicals or additives are sold on a no-return/non-refundable basis unless arrangements (in writing) were made prior to this proposal/contract. All used filtration media, such as sand, gravel, GAC, cartridge filters and/or bag filters become the property of the Client upon termination of this rental. Disposal or spoiling of the said media to the site shall not be the responsibility of ATS.
14. Cleaning of all tanks and vessels including the removal of liquids/solids shall not be the responsibility of ATS and shall be completed prior to the demobilization from the site. Equipment not cleaned properly shall remain on rent and on the site. Equipment cleaning which requires decontamination will be at additional cost.
15. The budget estimate assumes Client shall provide necessary equipment and operators to facilitate the off-loading and loading of all equipment, supplies, and/or materials being delivered to or removed from the job site as directed by ATS and at no charge to ATS during mobilization, remobilization, demobilization, placing treatment units *i.e.* sand filters, and maintenance operations.
16. Client acknowledges that water treatment is most effective and efficient when the turbidity at the system inlet is less than 500 NTU, and that the effort required to achieve the discharge criteria for both turbidity and pH will be largely dependent on how Client and Client's subcontractors control their work on the subject project.
17. Permits: ATS will not discharge any treated water until appropriate permits and/or, permission documents have been secured for the subject site. Whether or not the scope of work and budget estimate include ATS's providing assistance to the Owner in preparing documents, discharge identification numbers (such as Waste Discharge Identification (WDID) Number), and applications for securing permits for the project, any costs associated with permit fees (including sanitary sewer discharge fees) shall be paid directly by the owner. ATS requires that it has copies of said permits at least 10 business days prior to commencing treatment.
18. ATS will warrant that the real time water treatment and monitoring services that it provides under any contract or subcontract will be carried out in accordance with the associated permits for the project. Certain effluent water quality parameters specified by the permit may require third party testing. The costs for such tests are not covered by or considered a part of this contract. External influences to water quality are beyond the control of ATS and are considered the responsibility of others. If requested by Client, ATS will provide at additional

cost, a formal record of all operations it performs at the project site under this contract/subcontract; such reports will delineate supporting data, which document compliance with the established water quality criteria, as well as any exceptions.

19. Charges for equipment that is re-rented for the subject project will start upon shipment of the equipment from the vendor's location and ends when the equipment comes off rent from the supplier. Metered equipment such as pumps and generators may be subject to additional charges as set forth by the supplier. Charges are assessed at actual cost (including applicable sales/use tax) plus 25% markup.
20. Due to the nature of this project, the total cost associated with consumables is not quantifiable and will be charged at actual cost (including applicable sales/use tax) plus 25% markup.
21. The budget estimate for operations and maintenance labor is not quantifiable for the subject project. Labor to process water or to manage specific site requirements will be charged as necessary. Charges accrue from portal to portal. Any hours over 8 hours in a day will be charged at 1.5 times the standard rate. Any hours over 12 hours in a day will be charged at 2 times the standard rate. Saturdays will be charged at 1.5 times the Standard rate. Sundays or any hours worked on an official company holiday will be charged at 2 times the standard rate.
22. California State Sales and Use Taxes shall be added to all applicable invoiced amounts as required unless Client provides ATS with a valid California resale certificate.
23. Certain unit rates for equipment rental delineated in this Proposal are predicated on the minimum rental periods identified with the associated line items shown in the budget estimates. When minimum rental periods are identified, these are the minimum durations for rental of the equipment so identified.
24. Due to the fluctuating nature of the market for actual costs to ATS, this proposal expires in thirty (30) days from the date of preparation.
25. Invoices shall be due within thirty days from the date of invoice (or other limited time period acceptable to ATS if specified prior to execution of the related contract or subcontract). Interest of 15% per annum is due on outstanding invoices. ATS will not accept payment terms commonly referred to as "pay when paid" or "pay if paid".
26. The budget estimate for equipment is based on the assumption that all water requiring treatment will be conveyed to the associated detention basins or storage tanks by others at no expense to ATS, unless otherwise indicated in this Proposal.
27. Unless rental of an electric generator is identified in the scope of work and budget estimate, the budget estimate for equipment assumes that the contractor shall provide sufficient 480 Volt, 3-phase alternating current power to the treatment system components at no cost to ATS. If a generator is a component of the project, the Budget Estimate assumes the contractor shall maintain an adequate fuel supply. If ATS provides fuel, charges will be actual cost plus 25% markup.
28. Mobilization and set-up costs are the responsibility of the Client unless they are included in the Client's Scope of Work for ATS. Rental charges for equipment commence upon arrival at the project site.
29. At the conclusion of the project, the Client will return the ATS equipment in the same condition as when delivered to the Client. ATS reserves the right to charge for any repairs or instrument replacements that may be necessary, including any cleaning of interior or exterior.

 Marin County, CA

**Rental Estimate - 100 GPM Active Treatment System (ATS)**

This Budget Estimate includes the following items (any items not specifically included are considered excluded):

ITEM	DESCRIPTION	QTY	UNIT	UNIT PRICE	EXTENSION
<b>SUBMITTALS, IF NEEDED (not included in total)</b>					
1.00 A	Dewatering Plan	1	Each	\$ 3,500.00	\$ 3,500.00 ✓
2.00 A	NPDES Permit (regulatory fees excluded)	1	Each	\$ 9,500.00	\$ 9,500.00 ✓
<b>BASE ITEMS</b>					
1.00 B	<b>Mobilization:</b> Includes labor, media, hauling, mobilization (start-up excluded).	1	Estimate	\$ 12,935.00	\$ 12,935.00 ✓
2.00 B	<b>Rental Includes:</b> (1) Active Treatment System, rated at 100 GPM, including: (1) ATS Control Unit, (1) CESF Filter, (1) Process Pump and necessary pipe and/or fittings to connect ATS to pump and filter, not to exceed 150 linear feet. Holding tank(s), or basin(s) supplied by others. All supply pumps, pipe and fittings and all discharge pumps, pipe, and fittings by others. All power supplied by others.	1	Cycle	\$ 6,789.00	\$ 6,789.00 ✓
3.00 B	<b>Demobilization:</b> Includes labor, hauling and removal (excludes media disposal).	1	Estimate	\$ 6,062.00	\$ 6,062.00 ✓
<b>BASE BID TOTAL:</b>					<b>\$ 25,786.00</b>
<b>LABOR &amp; CONSUMABLE ITEMS (as needed - not included in Total)</b>					
1.00 C	Consumables (for turbidity, as needed)	1	50 Gal	\$ 12.00	\$ 12.00
2.00C	Consumables (for pH adjustment, as needed)	1	50 Gal	\$ 10.50	\$ 10.50
3.00 C	Operator Base Labor Rate	1	Hour	\$ 80.00	\$ 80.00
4.00 C	Superintendent Base Labor Rate	1	Hour	\$ 98.00	\$ 98.00
5.00 C	Consultant Base Labor Rate	1	Hour	\$ 115.00	\$ 115.00
<b>Total</b>					<b>\$ 315.50</b>

We hereby propose to furnish material & labor - complete in accordance with above specifications, for the sum of:

Subtotal	\$	25,786.00
Estimated Tax	\$	595.73
<b>Total with Equipment Rental</b>	<b>\$</b>	<b>26,381.73</b>

Active Treatment Systems, Inc.  
WATER SOLUTIONS FOR THE ENVIRONMENT

## STANDARD TERMS & CONDITIONS

The Scope of Work and the related Budget Estimate provided in this Proposal are predicated on the terms and conditions delineated below. These terms and conditions shall be considered an integral part of the Active Treatment Systems, Inc. (ATS) Budget Estimate, and must be included in any contract or subcontract executed with ATS for the services and work addressed. Because the schedule for mobilizing water treatment equipment is often critical to the timely commencement of construction of the overall project, we present this information in conjunction with ATS's proposal, to avoid unnecessary delays in processing and executing the contract or subcontract for the related services and work.

1. As a condition of receiving this Proposal as submitted by ATS, the customer (Client) and any members of the Client's team agree that the information, design concepts, and sizing guidance contained within this package are designated as the proprietary and uncompensated work product of ATS, and that the information provided is for the sole use of the Client for budgeting and planning for the project as addressed in this package; further, use of this information by the Client for construction of this project or other projects, or use by any company, including other contractors, subcontractors, or ATS competitors, is not authorized unless specifically approved by ATS and appropriate compensation made.
2. The only indemnity provision which ATS will accept when ATS operates is as follows:  
*ATS agrees to defend, indemnify and hold Client harmless from all claims, demands, losses and liabilities to or by third parties arising from, resulting from or connected with services performed or to be performed under this Subcontract by Subcontractor or Subcontractor's agents or employees; EXCEPT, Subcontractor's duty to indemnify Contractor for liability for damages arising out of bodily injury to persons or damage to (a) Contractor or Contractor's agents or employees, and (b) Subcontractor or Subcontractor's agents or employees, shall apply only to the extent of negligence of Subcontractor or Subcontractor's agents or employees. Further, Subcontractor's duty to indemnify Contractor shall not apply to liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of Contractor or Contractor's agent or employees.*
3. The Budget Estimate for mobilization will be affected by the actual locations of the equipment at the site at the time the systems are set up. Parameters such as the proximity of the treatment system to the storage basin or vault and the location of the treated water discharge can affect the budget estimate.
4. Client acknowledges and agrees that volumes, durations, and frequency of any rainfall; volumes and rates of groundwater flow; interferences which may affect treatability; and other similar variables cannot be known in advance, and that the actual labor required over the course of the project may be more than, or less than, any estimate. Any negative impact of such conditions on the ability of Subcontractor to fully perform its services under this Subcontract shall not result in the waiver of Subcontractor's entitlement to receive payment for its services rendered. Cycle charges will be based on actual hours expended for operations, maintenance, and monitoring; EXCEPT, charges for the minimum number of labor hours per cycle identified in the Budget Estimate will also apply.
5. As a condition of service, should ATS agree to mobilize its treatment systems and support equipment to the associated project based on a written or verbal request and/or notice to proceed issued before a formal contract or subcontract for the associated services and work is fully executed, and if, subsequently, final contract terms and conditions cannot be mutually agreed upon, ATS is hereby authorized to withdraw from the project and shall be entitled to full payment for mobilization and demobilization, for all services rendered, for expendable supplies consumed, and for the minimum rental charges delineated in this Proposal.
6. ATS's estimate assumes that no surety bonds will be required (we have never been required to provide bonds due to the nature of ATS services). If a surety bond is required, additional charges will apply.
7. ATS's estimate assumes that ATS's standard insurance coverage and limits are satisfactory. If additional

---

6301 Angelo Court, Unit #9, Loomis CA 95650 • Phone (916) 652-9745 • Fax (916) 652-9705 • www.ats-env.com

coverage and/or higher limits are required, an additional charge will apply.

8. ATS's estimate assumes that no retainage will be withheld from payments due. If retainage is required, all unit prices will be increased so that net payments remain the same as under the original price proposal without retainage; in such case the amount of retainage actually withheld will be credited back at the end of the project.
9. The Terms and Conditions of any contract or subcontract which ATS may enter to carry out the services and work described in this proposal shall supersede the terms and conditions of any other contract which may be in effect among or between other parties regarding this project (i.e., we will not agree to be bound by any master contract unless we are given a copy of the contract in a timely manner for review, and unless no terms and conditions of the master contract contradict the terms and conditions described in this Proposal). In the event of a conflict between these Terms and Conditions and the Master Agreement, these Terms and Conditions shall apply.
10. Regarding the increasingly common contract terms under which the Contractor/Owner has sole discretion to negotiate and settle certain disputes: ATS will not agree to accept settlements negotiated or awarded to contractor if such settlement is not in its best interest; nor will ATS accept Contractor's/Owner's decision as final and conclusive regarding any matter.
11. ATS requires alternative dispute resolution terms and conditions which require the use of mediation and arbitration for resolution of any disputes between the parties. The venue and jurisdiction of any such action shall be Placer County, California.
12. The budget estimate for mobilization assumes that the site contractor will provide a suitable pad on which the treatment equipment can be staged. Such pad must be located on firm ground capable of bearing 600 pounds per square foot; such pad must be covered with approximately 6" of 2x4-inch quarry spalls overlain by approximately 3" of 3/4-minus crushed gravel. The installation of the support pads must be coordinated with ATS's project manager.
13. All filtration media and/or consumable chemicals or additives are sold on a no-return/non-refundable basis unless arrangements (in writing) were made prior to this proposal/contract. All used filtration media, such as sand, gravel, GAC, cartridge filters and/or bag filters become the property of the Client upon termination of this rental. Disposal or spoiling of the said media to the site shall not be the responsibility of ATS.
14. Cleaning of all tanks and vessels including the removal of liquids/solids shall not be the responsibility of ATS and shall be completed prior to the demobilization from the site. Equipment not cleaned properly shall remain on rent and on the site. Equipment cleaning which requires decontamination will be at additional cost.
15. The budget estimate assumes Client shall provide necessary equipment and operators to facilitate the off-loading and loading of all equipment, supplies, and/or materials being delivered to or removed from the job site as directed by ATS and at no charge to ATS during mobilization, remobilization, demobilization, placing treatment units *i.e.* sand filters, and maintenance operations.
16. Client acknowledges that water treatment is most effective and efficient when the turbidity at the system inlet is less than 500 NTU, and that the effort required to achieve the discharge criteria for both turbidity and pH will be largely dependent on how Client and Client's subcontractors control their work on the subject project.
17. Permits: ATS will not discharge any treated water until appropriate permits and/or, permission documents have been secured for the subject site. Whether or not the scope of work and budget estimate include ATS's providing assistance to the Owner in preparing documents, discharge identification numbers (such as Waste Discharge Identification (WDID) Number), and applications for securing permits for the project, any costs associated with permit fees (including sanitary sewer discharge fees) shall be paid directly by the owner. ATS requires that it has copies of said permits at least 10 business days prior to commencing treatment.
18. ATS will warrant that the real time water treatment and monitoring services that it provides under any contract or subcontract will be carried out in accordance with the associated permits for the project. Certain effluent water quality parameters specified by the permit may require third party testing. The costs for such tests are not covered by or considered a part of this contract. External influences to water quality are beyond the control of ATS and are considered the responsibility of others. If requested by Client, ATS will provide at additional cost, a formal record of all operations it performs at the project site under this contract/subcontract; such

reports will delineate supporting data, which document compliance with the established water quality criteria, as well as any exceptions.

19. Charges for equipment that is re-rented for the subject project will start upon shipment of the equipment from the vendor's location and ends when the equipment comes off rent from the supplier. Metered equipment such as pumps and generators may be subject to additional charges as set forth by the supplier. Charges are assessed at actual cost (including applicable sales/use tax) plus 25% markup.
20. Due to the nature of this project, the total cost associated with consumables is not quantifiable and will be charged at actual cost (including applicable sales/use tax) plus 25% markup.
21. The budget estimate for operations and maintenance labor is not quantifiable for the subject project. Labor to process water or to manage specific site requirements will be charged as necessary. Charges accrue from portal to portal. Any hours over 8 hours in a day will be charged at 1.5 times the standard rate. Any hours over 12 hours in a day will be charged at 2 times the standard rate. Saturdays will be charged at 1.5 times the Standard rate. Sundays or any hours worked on an official company holiday will be charged at 2 times the standard rate.
22. California State Sales and Use Taxes shall be added to all applicable invoiced amounts as required unless Client provides ATS with a valid California resale certificate.
23. Certain unit rates for equipment rental delineated in this Proposal are predicated on the minimum rental periods identified with the associated line items shown in the budget estimates. When minimum rental periods are identified, these are the minimum durations for rental of the equipment so identified.
24. Due to the fluctuating nature of the market for actual costs to ATS, this proposal expires in thirty (30) days from the date of preparation.
25. Invoices shall be due within thirty days from the date of invoice (or other limited time period acceptable to ATS if specified prior to execution of the related contract or subcontract). Interest of 15% per annum is due on outstanding invoices. ATS will not accept payment terms commonly referred to as "pay when paid" or "pay if paid".
26. The budget estimate for equipment is based on the assumption that all water requiring treatment will be conveyed to the associated detention basins or storage tanks by others at no expense to ATS, unless otherwise indicated in this Proposal.
27. Unless rental of an electric generator is identified in the scope of work and budget estimate, the budget estimate for equipment assumes that the contractor shall provide sufficient 480 Volt, 3-phase alternating current power to the treatment system components at no cost to ATS. If a generator is a component of the project, the Budget Estimate assumes the contractor shall maintain an adequate fuel supply. If ATS provides fuel, charges will be actual cost plus 25% markup.
28. Mobilization and set-up costs are the responsibility of the Client unless they are included in the Client's Scope of Work for ATS. Rental charges for equipment commence upon arrival at the project site.
29. At the conclusion of the project, the Client will return the ATS equipment in the same condition as when delivered to the Client. ATS reserves the right to charge for any repairs or instrument replacements that may be necessary, including any cleaning of interior or exterior.

# WATER MANAGEMENT SERVICES

Active Treatment Systems, Inc. (ATS) offers a variety of services to assist businesses with difficult water quality challenges. This includes technical consulting, operations and maintenance, design-build, equipment rental, engineering and regulatory permitting required to discharge to the environment.

## STORMWATER TREATMENT

When conventional BMPs aren't effective, ATS can provide stormwater treatment solutions to meet all of a project's needs. ATS systems include real-time water quality monitoring, automated recirculation, alarm systems and an onsite lab. ATS systems help keep projects open during wet weather and minimize the risk of stop work orders and fines from regulatory violations.

## INDUSTRIAL WASTEWATER TREATMENT

Industrial applications often involve dealing with metals or other difficult to eliminate contaminants. ATS can custom design a treatment system to manage tough water conditions. These systems can address multiple pollutants simultaneously and allow operations to proceed without worrying about water quality issues. ATS has worked in dredging operations, mining operations, timber industries, boat yards, power plants, food processing, and in sand & gravel quarries.

## GROUNDWATER TREATMENT AND SITE REMEDIATION

ATS, Inc. provides complete turnkey groundwater treatment solutions which can run 24/7 without an onsite operator, including project support from start to finish no matter the extent or complexity of the water quality. The systems can be semi-automated and include extensive monitoring and reporting capabilities via internet connectivity.

## SLUDGE MANAGEMENT

ATS provides a variety of techniques that can reduce sludge disposal costs. Using chemical processes, fine particles bind together and the water is removed from the sludge so that the material becomes "stackable" and more readily moved to a disposal site. ATS can manage sludge generated from dredging operations, municipal detention facilities, collection ponds, wastewater treatment plants, and various process involving food bi-products.

## LABORATORY SERVICES

ATS has the capability to analyze water and sludge to determine what treatment options to consider. Bench scale testing is used to help determine the most effective chemistry to employ. Projects can be pilot tested on a larger scale to prove their feasibility.

**Date:** Tuesday, September 17, 2013 12:16 PM

Ron,

Please find the attached proposal for our **100 GPM Ground Water Treatment System (GWTS)** as called for in the Bid Items List, for the above project.

**The Specification/Scope of Work** did not provide adequate information to determine if treatment is required, necessary, or for sizing flow (GPM) for a treatment system, if required.

**The system proposed** was selected for a mid-range application and is suitable for treatment/control of **Turbidity (NTU), pH adjustment, Heavy Metals Removal** and a variety of other contaminants.

**This system could easily adapt** to other applications and media, such as: **Modified Clay (OrganoClay), Granulated Activated Carbon (GAC)**, or similar media, at additional cost.

**Bench Scale Testing** would be required to determine efficiencies for a project's specific application, which would be at additional cost.

We hope this **Rental Estimate** will be helpful in the bidding process.

Regards,

*Jim Brown*

CONTRACTORS AND ENGINEERS

3/5/14

Attn: Estimator

Re: Caltrans 04-4S4504  
Bidding 3/5/14 at 2pm  
Subject: 24" Drilled Hole and Concrete Backfill

Estimator:

CJA is pleased to offer the following quote for the items listed below on the above referenced project. CJA will supply all labor, materials and equipment to perform the work in accordance with the plans, specifications, scope of work and qualifications as listed and as identified herein.

**BASE PROPOSAL**

<u>ITEM NO.</u>	<u>DESCRIPTION</u>	<u>UNIT</u>	<u>EST QTY</u>	<u>UNIT PRICE</u>	<u>ITEM TOTAL</u>
ITEM 28	Concrete Backfill (Soldier Pile)	CY	72	\$334.00	\$ 24,048.00
ITEM 32	24" Drilled Hole	LF	620	\$ 170.50	\$ 105,710.00
ITEM 40	Mobilization (CJA only)	LS	1	\$14,400.00	\$ 14,400.00
<b>LUMP SUM TOTAL</b>					<b><u>\$144,158.00</u></b>

**Scope Of Work:**

- Will Dewarke*
1. Drill 24" diameter drilled holes to specified elevation.
  2. Furnish and install Caltrans indicated temporary casing, to remain in place.
  - OK → 3. Install soldier piles (provided by others).
  - INC1 4. Furnish and install concrete backfill to the specified elevation.

**Qualifications for Soldier Pile Work**

1. For all drilled piles, General Contractor shall provide and maintain a flat, level, and stable drilling bench at or near original grade.
2. CJA will drill with a Soilmecc 312 drill rig. See attached specification for rig dimensions. Flagging (provided by others) will be necessary during drilling to protect traffic from counterweight.
3. CJA will place drill spoils in roadway for General Contractor to handle, stockpile, and remove.
4. Demolition and excavation to top of drilled hole elevation shall be performed by others prior to soldier beam installation. Others shall provide clearing required for access.

**GENERAL ENGINEERING • DRILLED SHAFTS • SHORING • CAISSONS • GROUND IMPROVEMENT**

Cost Proposal Dated 3/5/14

Page- 2 -

5. CJA excludes the installation, maintenance, and removal of handrail at top of wall.
6. General Contractor shall provide soldier pile centerline stakes and off-sets, including a minimum of 2(two) offset points at each pile, to shoring face at each soldier pile location.
7. General Contractor shall provide a water source (100gpm) within 100 feet of our work area.
8. General Contractor shall provide and maintain concrete washout facilities.

**Schedule Qualifications:**

1. CJA and General Contractor shall mutually develop and agree to a baseline CPM schedule prior to start of work and mutually update it through completion of CJA's work.
2. Schedule is based on performing work five days a week, 8-10 hours a shift, Monday through Friday.
3. CJA has included one mobilization to the site. Additional mobilizations, if required, to be billed and paid at \$15,000.00/Each.
4. CJA's proposal includes provisions that work will commence in Spring of 2014.
5. When the progress of the subcontractor work is interrupted for reasons beyond its control, CJA will bill and be paid stand-by without delay factor, for each individual production units affected by the interruption.

**General Qualifications/Exclusions:**

(Excluded by CJA but shall be provided to CJA by others.)

1. General Contractor shall provide a level, all-weather work and staging area with no headroom restrictions. Working platform shall permit unobstructed travel of track mounted equipment, drilling equipment and concrete trucks, and, maintenance thereof throughout the duration of our work. Use of mats is specifically not included and will be charged as extra work if required.
2. The plywood containment system in the plans shall be provided by others.
3. General Contractor shall provide clear and unobstructed access to the work and staging areas, for CJA's personnel and equipment.
4. CJA has not made any allowance to minimize vibration and/or noise during performance of our work. CJA excludes all monitoring of noise, vibration, settlement, or air quality.
5. CJA excludes the locating, protection, removal, replacement and support of all utilities existing or new, above or below the ground that may interfere with our work.
6. CJA excludes any re-routing of vehicular and pedestrian traffic and maintenance of access to adjacent properties, including all necessary signs, markers, barricades, crossings or flagmen.
7. CJA excludes the offsite discharge or disposal of any water and drilling spoils generated during our work operations.
8. CJA excludes installation of trenches, as necessary with traffic bearing covers for slurry pipelines at street crossings and other locations to avoid interference with traffic and pedestrians, and restoration of trenched areas at the completion of our work.
9. CJA excludes surveying services for layout and elevation control of work, monitoring or "as-builts".
10. CJA excludes all permits, testing, fees, notifications, inspection (s) and laboratory testing services.
11. CJA excludes all required fencing, barricades, security, and guard services.
12. CJA excludes demolition, removal and disposal of any existing foundations or other manmade structures in or on the ground that may otherwise impede CJA's work.
13. CJA excludes any reinstatement and/or restoration of its areas upon completion of its work.

Condon-Johnson & Associates, Inc.  
04-4S4504 Point Reyes Station  
Cost Proposal Dated 3/5/14

Page- 3 -

14. CJA excludes all provisions for protecting work in place, SWPP, dust and erosion control.
15. CJA excludes working in and/or around contaminated/hazardous materials.
16. General Contractor will provide a Health and Safety Plan that protects CJA workers from contaminated soils. All cost associated with implementing this plan will be paid by others.
17. CJA excludes any and all types of dewatering (both surface and below grade). The dewatering system shall be by others and it shall be coordinated with CJA's works.
18. CJA shall defend and indemnify Owner and Contractor with respect to any claim that arises from the negligence or fault, if any, of CJA in the performance of its work hereunder, but the extent of such indemnity shall be limited to CJA's proportionate share of the total fault, as agreed between the parties or as determined by a court of competent jurisdiction, causing the loss or damage on which the claim is based. CJA shall have no other responsibility to defend, pay for, or indemnify Owner and/or Contractor or its agents with respect to claims arising from or related to CJA's work hereunder.
19. CJA offer is valid for 30 days from the date of this proposal.
20. CJA excludes the cost of bonds, if required. All cost of bonds shall be borne by others.

**Payment Qualifications:**

1. CJA will not accept liability for any liquidated or consequential damages.
2. Progress payments will be due thirty days after General Contractor receives monthly progress estimate from CJA.
3. Retention (not to exceed 5%) shall be released thirty-five days after substantial completion of CJA scope of work.

This proposal, in its entirety, shall be made an integral part of and be incorporated into any subcontract agreement and shall take precedence should there be any conflict with any terms included in the host document. CJA reserves the right to amend and negotiate any provisions of the Subcontract Agreement. CJA will require approximately 2 (two) weeks to review Subcontract.

Should you have any question regarding the contents of this offer, please do not hesitate to contact the under-signed at 510-636-2163.

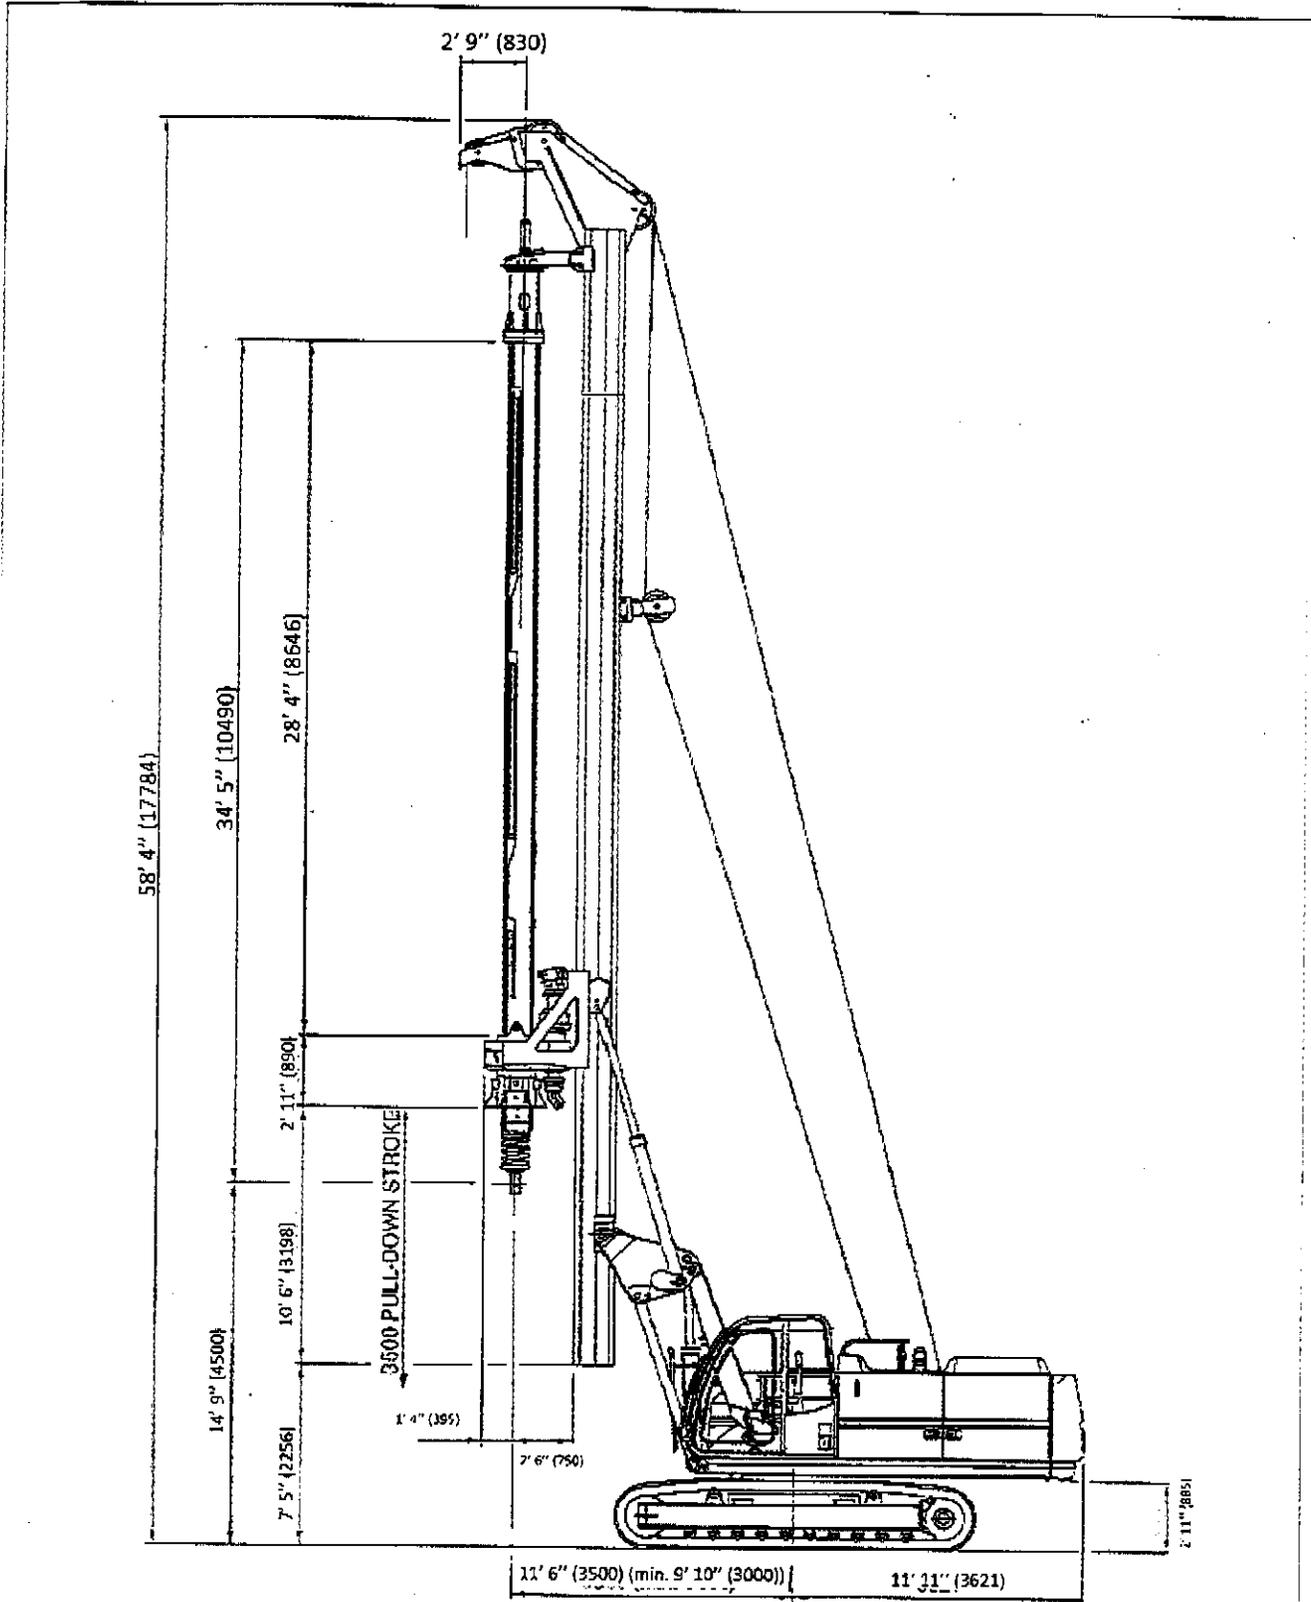

Sincerely,  
**Condon-Johnson & Associates, Inc.**

**Bid Date:** March 5, 2014  
**Contract No:** CDOT#04-4S4504  
**Location:** Mrn-1-Near Point Reyes Station

**GENERAL CONDITIONS  
BID # 5203**

1. Unless specifically excluded in our SPECIAL CONDITIONS, subcontractor will provide traffic control for his items of work at no cost to Contractor and includes **ONE MOVE-IN** for his work
2. **INSURANCE**- Limits of liability, \$2,000,000 general aggregate. Limits of workers compensation, \$1,000,000. Excess/Umbrella Liability, \$5,000,000. No railroad insurance. No Pollution Liability Insurance. No Riggers Liability Insurance. Cannot provide insurance or additionally insure home builders.
3. MBI's obligations with regard to defense and indemnity stated in any Subcontract Agreement shall be consistent with and limited by the provisions of Senate Bill 474, Civil Code Section 2782, and Civil Code Section 2782.05.
4. If requested, Subcontractor will furnish Surety Bonds on MBI's Surety or UCON forms only. Premium of 1% of Subcontract amount for projects less than 2 years in duration, plus additions, shall be paid by Contractor.
5. Contractor shall furnish Subcontractor one set of contract plans and specifications, including all addenda.
6. Subcontractor excludes survey controls and staking, all electrical and lighting work, permits and fees, as built or record drawings.
7. Contractor shall not sign any Contract Change Order affecting Subcontractor's work, without the Subcontractor's prior written authorization.
8. Contractor shall furnish Subcontractor a progress schedule and all subsequent revisions, showing the dates the Subcontractor's items of work will be required. Subcontractor will furnish Certificates of Labor Non-Performance if required by the Specifications.
9. When extra work is paid on a force account or agreed price basis for work performed by the subcontractor, the additional mark up as described in **FORCE ACCOUNT PAYMENT OF the STANDARD SPECIFICATIONS** shall be total reimbursement to the contractor for his administrative and/or other costs.
10. Contractor shall reduce each payment to Subcontractor by the same retention percentage as the Contractor's payment from the Owner is reduced. Retained percentage shall be paid Subcontractor promptly after Contractor receives payment of retention from Owner.
11. Addendum(s) number 0 - (is) are acknowledged.
12. Project is bid for completion within 15 plus 70 Working Days as stated in Special Provisions.
13. Subcontract documents **will not be accepted** and executed if applicable General and Special Conditions are not attached to the subcontract, as quoted. Contractor's signature, or by first allowing MBI to begin work on the project, shall serve as evidence of acceptance of these conditions.

WEB SITE: [www.rb-protectivecoatings.com](http://www.rb-protectivecoatings.com)

THIS TRANSMITTAL CONSISTS OF THIS QUOTATION PLUS 0 PAGE(S)

PROJECT: CT 04-4S4504

SURFACE PREPARATION: SSPC-SP10 Near White Blast Clean

COATING SYSTEM: Apply one coat Solvent Based Inorganic Zinc @ 4 to 8 mils D.F.T.  
(when measured in accordance with SSPC-PA2)

QUANTITY: 28 - W14x48# Soldier Pile (580LF, Undercoated 100%)

PRICE: 1. BID ITEM 34 (Partial) - Clean and Undercoat Steel Soldier Pile	\$9,475.00
2. Provide Freight to Jobsite from R&B's Facility (1 load)	\$ 850.00

Note: The pricing above includes all applicable material sales tax and R&B's services are not taxable. Therefore, there is no need to add any additional taxes to this project proposal

With payment to be made as follows: Net Thirty (30) Days

\*\*\*R&B reserves the right to modify the payment terms for any reasons associated with the project\*\*\*

**COMMENTS:** This proposal does not include any field work. The freight price includes one hour for unloading per load. Should additional standby time be required, it will be billed accordingly at \$95.00 per load. The jobsite is to be accessible with a standard CA Legal Tractor/Semi-Trailer. R&B is not responsible for any inaccessible areas. The price does not include any allowance for third party inspection. Any testing beyond R&B's Standard Caltrans Coating Quality Control will be done at R&B's Facility on a change order basis. All rack marks are to be touched up in accordance with R&B's standard packaging. The price does not include conditioning of thermal cut edges (TCEs) or knife edges produced by others. Any work performed beyond that directly stated above will be done so on a change order basis. The price does not include any surface preparation of R&B's shop applied primer prior to additional coats applied in the field. The surface preparation of the shop applied primer required for field applied coats is the responsibility of the field painter. Primer only systems should be protected or top coated within Manufacturer's Recommendations. R&B welcomes and encourages owner's acceptance and / or 3<sup>rd</sup> party inspection provided by others at our facility. Any coating defects identified by the contractor after leaving R&B's facility that are deemed to be the responsibility of R&B will be shipped back to R&B's Facility by the contractor at the contractor's expense for the necessary repairs. R&B will only warranty the application of the coating to be applied in accordance with the manufacturer's recommendations and the project specifications and does not apply any warranty to the coating material or it's intended use. Any warranties applied to this proposal are for a duration of One (1) Year from the date of R&B's Final QC. Any warranties beyond One (1) Year will need to be discussed, priced and issued prior to work performed. Price does not include a dunnage surcharge for any dunnage provided by R&B for shipping painted steel. R&B will make all efforts to meet our customer's delivery requirements. However, R&B is not a party to onsite requirements and assumes no responsibility for jobsite delays, back-charges, adverse weather conditions and all inconveniences for final erection and installation. Schedules will be binding only if R&B receives a written delivery schedule in a timely fashion prior to coating, and concurs to meet the submitted schedule in writing. Contractor will pay interest at the rate of 1.5% monthly on all overdue balances. R&B is a supplier, not a subcontractor, and should be treated as such on this project. All work is to be performed on a Purchase Order only. This proposal may be withdrawn by R&B if not accepted within 30 days. Contractor will pay all attorney fees & costs needed to collect overdue balances. If you have any questions please do not hesitate to give me a call.

**ACCEPTANCE OF PROPOSAL**

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be as outlined above.

Accepted by: \_\_\_\_\_ Date: \_\_\_\_\_

Signature: \_\_\_\_\_

\*\*\* R&B will package all painted steel in order to minimize shipping damage, and whether or not R&B is providing freight to the jobsite, R&B will not be held responsible for any shipping or handling damage, such as dunnage or strapping marks, erection damage or damage caused by shipping uncured paint due to constricted schedules, and will follow the guidelines set forth in SSPC PA-1, Section B.3.

Shop Applied Coatings will require Touch-Up after Installation, provided by others.

I have read and fully understand the above regarding possible damage to coated steel.

**Contractor:** Argonaut Constructors **Contact:** Christer Berglund

**Address:** 1236 Central Avenue Santa Rosa CA 95402

**Phone:** 707-542-4862 **Fax:** 707-542-4897 **Email:** [christerb@argonautconstructors.com](mailto:christerb@argonautconstructors.com)

**Services needed:** Argonaut Constructors, (Argonaut) an equal opportunity employer, is requesting qualified minority (DBE/MBE/WBE/UDBE) subcontractors and suppliers to submit bids for your trade specialty for the project listed below. Your firm must be currently certified as a DBE firm with an agency acceptable to Caltrans. PLEASE SUBMIT A COPY OF YOUR CURRENT CERTIFICATION WITH YOUR BID. Argonaut is requesting quotes from all Minority and Non-Minority Subcontractors and Suppliers including, but not limited to Const. area signs, traffic control, PCMS, thermoplastic striping, pavement markers, trucking, clearing & grubbing, temporary items (silt fence, concrete washout, drainage inlet protection, k-rail, crash cushions, pavement marking (paint), traffic stripe (tape), signal system, fence) lead compliance plan, job site management, WPPC plan, steel soldier pile and drilled 24 inch hole, clean and paint soldier piling, cold plane asphalt, midwest guard rail system removal and installation, treated wood waste, soldier pile wall concrete backfill, tack coat, paving fabric, street sweeping.

**Requirements:** Note: Bids may be faxed to the number listed below. Please make sure that prior to bid time your quotation is received by our company. Scope letters should be submitted the day before the bid date. Bonds may be required: 100% Performance and 100 % Payment for the full amount of subcontractors price. Surety companies will have to be approved by Argonaut Constructors (Argonaut). Argonaut may pay up to 1.5 % of the bond premium. Union signatory will be required on this project. Argonaut will offer assistance in obtaining bonding, lines of credit, insurance, equipment or supplies. Argonaut is willing to break down items into economically feasible packages and we are willing to break out any portion of work to encourage participation. Argonaut's listing of a subcontractor is not an acceptance of any or all of that subcontractor's conditions, qualifications, exclusions or exceptions included in the subcontractor's bid proposal. Quotations must be valid for the same duration as specified by the Owner for Contract Award. Argonaut is relying on the price submitted in the subcontractor's proposal as all-inclusive price for its trade scope found in the plans and specifications regardless of any qualifying language in the proposal. Plans may be reviewed at our office in Santa Rosa or they may be obtained through Caltrans at

[http://www.dot.ca.gov/hq/esc/oe/weekly\\_ads/project.php](http://www.dot.ca.gov/hq/esc/oe/weekly_ads/project.php), local plan rooms, builder's exchanges as well as trade publications such as Daily Pacific Builder or the North Coast Builders Exchange.

### Recipients Phone Log 1 Set 1 Date: 02/21/2014

Company Details	Spoke to	Date/Time	Y/M/N
A B S L CONSTRUCTION May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:18 A.M	M
A.J. VASCONI GENERAL ENGINEERING May be interested, however, there was no answer to phone call.	No answer	02/21/2014 08:19 A.M	M
AL CURRY TRUCKING May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:22 A.M	M
AMG CONSTRUCTION May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:23 A.M	M
AMLAND CORP May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:24 A.M	M
APPIAN UDBE SWPPPS May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:32 A.M	M
ASTRD CONSTRUCTION May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:33 A.M	M
BAY AREA LIGHTWORKS, INC. No, not interested in bidding.	Receptionist	02/21/2014 08:35 A.M	N
BAYLINK ENGINEERING & CONSULTING, LLC May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:36 A.M	M
BLACK DIAMOND ASPHALT, INC. No, not interesting in bidding.	Allison	02/21/2014 08:37 A.M	N
CAMESE TRANSPORTATION, INC. May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:38 A.M	M
CAMPDS AND ASSOCIATES/JOSE CAMPOS TRUCKING May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:38 A.M	M
CJC TRUCKING COMPANY May be interested, the estimator will take a look at the project details and will fax a quote if interested.	Estimator	02/21/2014 08:39 A.M	M
CMC TRAFFIC CDNTROL SPECIALIST May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:40 A.M	M
COBRA TRUCKING May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:41 A.M	M
CONSTRUCTION AREA SIGNS, INCORPORATED May be interested, the estimator will take a look at the project details and will fax a quote if interested.	Receptionist	02/21/2014 08:45 A.M	M
DD & L TRUCKING May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:46 A.M	M
DIAZ CORPORATION May be interested, however, we were unable to connect call.	No answer	02/21/2014 08:46 A.M	M
DILLARD ENVIRONMENTAL SERVICES May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:47 A.M	M

EAGLE ENGINEERING AND CONSTRUCTION, INC May be interested, left a voicemail message with all the project details.	Voicemail	02/21/2014 08:47 A.M	M
EIGHTEEN TRUCKING CO. Maybe, gave all the details to the receptionist. She will pass the message to the estimator and he will reply if interested.	Sandra	02/21/2014 12:00 P.M	M
FOCON, INC No, not bidding. Not interested in this project.	Receptionist	02/21/2014 12:02 P.M	N
FRANK MEDINA GENERAL ENGINEERING CONTRACTOR No, not bidding. Not interested in this project.	Tony	02/21/2014 12:02 P.M	N
GLORIA WASHINGTON TRUCKING, INC. Maybe, however, we were unable to leave message. Answering system was not available.	Not available	02/21/2014 12:04 P.M	M
JARELL HARRIS STRIPING SERVICES Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:04 P.M	M
K R C SAFETY CO. INC. Maybe, not sure just yet. They will fax a quote before bid date if interested.	Claudia	02/21/2014 12:05 P.M	M
KILLGORE INDUSTRIES Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:07 P.M	M
M. HERNANDEZ CONSTRUCTION INC Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:08 P.M	M
MCAFFEE TRANSPORTATION Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:08 P.M	M
MERCADO TRUCKING Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:13 P.M	M
MONROE TRUCKING Disconnected, called a second time to ensure number was dialed correctly. In fact, line is disconnected.	Disconnected	02/21/2014 12:17 P.M	M
MV CONSTRUCTION Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:19 P.M	M
NITTA EROSION CONTROL Maybe, not sure just yet. They will fax a quote before bid date if interested.	Val	02/21/2014 12:20 P.M	M
PARADIGM CONSTRUCTION Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:21 P.M	M
PROFESSIONAL CONCRETE SAWING INC. Maybe, left a voicemail with all the project details.	Voicemail	02/21/2014 12:23 P.M	M

**Engelke Construction, inc. is Seeking Qualified DBE**

BID DUE DATE : 03/05/2014 at 02:00 P.M  
 BID No : 04-4S4504  
 PROJECT NAME : Construction on State Hwy in Marin County near Point Reyes Station at 1.9 miles North of Point Reyes Petaluma Road  
 AGENCY NAME : Cal Trans  
 PROJECT CITY/COUNTY : Point Reyes Station  
 PROJECT STATE : California

**PROJECT DETAILS :**

Engelke Construction, Inc. is seeking qualified DBE subcontractors and suppliers for Construction on State Hwy in Marin County near Point Reyes Station at 1.9 miles North of Point Reyes Petaluma Road for Cal Trans contact #04-4S4504. Services Needed: Lead compliance plan, construction area signs, traffic control system, temporary signal, temporary K-railing, portable changeable message sign, temporary fence (ESA), construction site management, 24" drilled hole, concrete related services, street sweeping, channelizer, prepare water pollution control program, temporary and permanent pavement marking and removal, clearing and grubbing, cold planning, hot mix asphalt, metal beam guard railing, steel soldier pile, hot mix asphalt, clean and paint soldier pile, roadway excavation, temporary traffic screen, treated wood waste, temporary crash cushion, temporary construction entrance, trucking, temporary active treatment system.

Requirements: Bids may be faxed or emailed. Please make sure that prior to bid time your quotation is received by our company. Scope letters should be submitted the day before bid date. Bonds may be required:100% Performance and 100% Payment for the full amount of subcontractor's price. Surety companies will have to be approved by Engelke Construction, Inc. Engelke may pay up to 1.5% of bond premium. Union signatory is required. Engelke's listing of a subcontractor is not an acceptance of any or all of that subcontractor's conditions, qualifications, exclusions or exceptions included in the subcontractor's bid proposal. Quotations must be valid for the same duration as specified by the owner for contract award. Engelke is relying in the price submitted in the subcontractor's proposal as all-inclusive price for its trade scope contained in the plans and specifications regardless of any qualifying language in the proposal. Plans and specifications may be obtained through Caltrans at [http://www.dot.ca.gov/hq/ese/oe/weekly\\_ads/project\\_output.php](http://www.dot.ca.gov/hq/ese/oe/weekly_ads/project_output.php), local planrooms, builder's exchanges as well as trade publications such as Daily Pacific Builder or the North Coast Builder's Exchange. Engelke Construction, Inc is an equal opportunity employer.

<b>PROJECT DETAILS :</b>	
Engelke Construction, Inc. is seeking qualified DBE subcontractors and suppliers for Construction on State Hwy in Marin County near Point Reyes Station at 1.9 miles North of Point Reyes Petaluma Road for Cal Trans contact #04-4S4504. Services Needed: Lead compliance plan, construction area signs, traffic control system, temporary signal, temporary K-railing, portable changeable message sign, temporary fence (ESA), construction site management, 24" drilled hole, concrete related services, street sweeping, channelizer, prepare water pollution control program, temporary and permanent pavement marking and removal, clearing and grubbing, cold planning, hot mix asphalt, metal beam guard railing, steel soldier pile, hot mix asphalt, clean and paint soldier pile, roadway excavation, temporary traffic screen, treated wood waste, temporary crash cushion, temporary construction entrance, trucking, temporary active treatment system.	

Requirements: Bids may be faxed or emailed. Please make sure that prior to bid time your quotation is received by our company. Scope letters should be submitted the day before bid date. Bonds may be required: 100% Performance and 100% Payment for the full amount of subcontractor's price. Surety companies will have to be approved by Engelke Construction, Inc. Engelke may pay up to 1.5% of bond premium. Union signatory is required. Engelke's listing of a subcontractor is not an acceptance of any or all of that subcontractor's conditions, qualifications, exclusions or exceptions included in the subcontractor's bid proposal. Quotations must be valid for the same duration as specified by the owner for contract award. Engelke is relying in the price submitted in the subcontractor's proposal as all-inclusive price for its trade scope contained in the plans and specifications regardless of any qualifying language in the proposal. Plans and specifications may be obtained through Caltrans at [http://www.dot.ca.gov/hq/ese/oe/weekly\\_ads/project\\_output.php](http://www.dot.ca.gov/hq/ese/oe/weekly_ads/project_output.php), local planrooms, builder's exchanges as well as trade publications such as Daily Pacific Builder or the North Coast Builder's Exchange. Engelke Construction, Inc is an equal opportunity employer.

BID DUE DATE : 03/05/2014 at 02:00 P.M  
 BID No : 04-4S4504  
 PROJECT NAME : Construction on State Hwy in Marin County near Point  
 Reyes Station at 1.9 miles North of Point Reyes Petaluma  
 Road  
 AGENCY NAME : Cal Trans  
 PROJECT CITY/COUNTY : Point Reyes Station  
 PROJECT STATE : California

**PROJECT DETAILS :**

Engelke Construction, Inc. is seeking qualified DBE subcontractors and suppliers for Construction on State Hwy in Marin County near Point Reyes Station at 1.9 miles North of Point Reyes Petaluma Road for Cal Trans contact #04-4S4504. Services Needed: Lead compliance plan, construction area signs, traffic control system, temporary signal, temporary K-railing, portable changeable message sign, temporary fence (ESA), construction site management, 24" drilled hole, concrete related services, street sweeping, channelizer, prepare water pollution control program, temporary and permanent pavement marking and removal, clearing and grubbing, cold planning, hot mix asphalt, metal beam guard railing, steel soldier pile, hot mix asphalt, clean and paint soldier pile, roadway excavation, temporary traffic screen, treated wood waste, temporary crash cushion, temporary construction entrance, trucking, temporary active treatment system.

Requirements: Bids may be faxed or emailed. Please make sure that prior to bid time your quotation is received by our company. Scope letters should be submitted the day before bid date. Bonds may be required: 100% Performance and 100% Payment for the full amount of subcontractor's price. Surety companies will have to be approved by Engelke Construction, Inc. Engelke may pay up to 1.5% of bond premium. Union signatory is required. Engelke's listing of a subcontractor is not an acceptance of any or all of that subcontractor's conditions, qualifications, exclusions or exceptions included in the subcontractor's bid proposal. Quotations must be valid for the same duration as specified by the owner for contract award. Engelke is relying in the price submitted in the subcontractor's proposal as all-inclusive price for its trade scope contained in the plans and specifications regardless of any qualifying language in the proposal. Plans and specifications may be obtained through Caltrans at [http://www.dot.ca.gov/hq/ese/oe/weekly\\_ads/project\\_output.php](http://www.dot.ca.gov/hq/ese/oe/weekly_ads/project_output.php), local planrooms, builder's exchanges as well as trade publications such as Daily Pacific Builder or the North Coast Builder's Exchange. Engelke Construction, Inc is an equal opportunity employer.

**PROJECT DETAILS :**

Engelke Construction, Inc. is seeking qualified DBE subcontractors and suppliers for Construction on State Hwy in Marin County near Point Reyes Station at 1.9 miles North of Point Reyes Petaluma Road for Cal Trans contact #04-4S4504. Services Needed: Lead compliance plan, construction area signs, traffic control system, temporary signal, temporary K-railing, portable changeable message sign, temporary fence (ESA), construction site management, 24" drilled hole, concrete related services, street sweeping, channelizer, prepare water pollution control program, temporary and permanent pavement marking and removal, clearing and grubbing, cold planning, hot mix asphalt, metal beam guard railing, steel soldier pile, hot mix asphalt, clean and paint soldier pile, roadway excavation, temporary traffic screen, treated wood waste, temporary crash cushion, temporary construction entrance, trucking, temporary active treatment system.

Requirements: Bids may be faxed or emailed. Please make sure that prior to bid time your quotation is received by our company. Scope letters should be submitted the day before bid date. Bonds may be required:100% Performance and 100% Payment for the full amount of subcontractor's price. Surety companies will have to be approved by Engelke Construction, Inc. Engelke may pay up to 1.5% of bond premium. Union signatory is required. Engelke's listing of a subcontractor is not an acceptance of any or all of that subcontractor's conditions, qualifications, exclusions or exceptions included in the subcontractor's bid proposal. Quotations must be valid for the same duration as specified by the owner for contract award. Engelke is relying in the price submitted in the subcontractor's proposal as all-inclusive price for its trade scope contained in the plans and specifications regardless of any qualifying language in the proposal. Plans and specifications may be obtained through Caltrans at [http://www.dot.ca.gov/hq/ese/oe/weekly\\_ads/project\\_output.php](http://www.dot.ca.gov/hq/ese/oe/weekly_ads/project_output.php), local planrooms, builder's exchanges as well as trade publications such as Daily Pacific Builder or the North Coast Builder's Exchange. Engelke Construction, Inc is an equal opportunity employer.
