Re: Contract No. 06-0E3404

Subj: Response to Dreambuilder's Bid Protest

Dear Ms. Smith:

This letter is in response to your June 26th letter to STL Landscape, Inc. (STL) requesting our response to Dreambuilder's protest that we exceeded subcontractor percentages on a bid item value. STL did not exceed subcontractor percentages on a bid item value. The item in question is Item No. 4 Portable Changeable Message Sign whose total bid value is \$1,600. STL listed Statewide Safety and Sign as subcontractor on 90 % of Item No. 4 for \$1,440, therefore, leaving \$160 remaining on the bid value. STL listed Full Traffic Management for \$970 Item No. 4 as a rental, not a subcontractor, on the DBE Goal. STL does agree that the said \$160 remaining is the only value that can be credited to the DBE Goal, therefore, please adjust accordingly because our intent was good; it was only the rental value that was incorrect.

In summary, STL did not exceed 100% on subcontractor listing for a bid item value for Bid Item No. 4 because Full Traffic Management is a rental not a subcontractor.

Please call me with any questions.

Sincerely,
STL Landscape, Inc.

Dan Patterson
Secretary
