7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

assistance offered in solicitation letter/fax/email

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Caltrans 2-2-2015

9. Include additional data to support a demonstration of good faith efforts.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice For individuals with sensory disabilities, this document is available in alternate formats. For information, call (916) 445-1233, TTY 711, or write to Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

**SPECIAL CONDITIONS:** All tonnage prices subject to standby as follows: AC Trf after 10min loading, 30 min unloading. AC Bottom Dump after 10min loading, 10 min unloading, AB Trf after 10min loading, after 20min unloading. AB Bottom Dump after 10min loading, 10 min unloading. All standby by is charged out at \$1.67 per minute  
**A SURCHARGE WILL BE ASSESSED** on ALL prices quoted of 2% for every \$0.20 increase of California's average fuel rate, which is currently based off of \$3.50. Average fuel rate can be found at: <http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp>  
**ALL RATES ARE SUBJECT TO CHANGE** due to circumstances beyond the control of DAVE, but within the scope of the project. Arrival time will begin at the first point of arrival or delay due to related construction delays (i.e. traffic control detours etc.) and will end when our truck is free and clear to return to the plant or point of origin without delay. Please allow for this time in your bid based on your traffic/construction plan. You can use the standby per minute rate as a calculating factor based on your plan.  
**DVBE/DBE CREDIT-** DAVE Trucking currently has 1 Double Bottom dump, 4 Semi Bottom Dumps or 4 Semi End Dumps and/or 1 Low Bed. Please account for our current fleet size when trying to obtain DVBE/DBE Credits. Please contact Sean Reed 559-370-5756 for information on how DAVE can help you meet your goal.

**GENERAL CONDITIONS:** Unless otherwise specified herein DAVE Trucking & Sweeping specifically excludes from the performance of the services here quoted all traffic control, dust control (watertruck rental); any liabilities that may arise from job site conditions outside the direct and exclusive control of DAVE 4 hour minimum on any truck day. All tonnage quotes are per US ton. All quotes including material subject to change without notice depending on material availability.  
**LIFE OF QUOTE:** Unless otherwise specified herein this quote will be VOID three months after DAVE bid date.  
**PAYMENT:** All invoices shall be paid within 30 days of invoice date. Late payments will be assessed carrying charges at 1.5% compounded monthly on the outstanding balance. If a dispute arises between the parties, the prevailing party shall be entitled to recover attorney fees in addition to any other relief to which the party may be entitled.

Subject: **Professional Services Proposal  
Water Pollution Control Plan for Maynard Munger Vista Point on  
State Route 168 in Fresno County, CA**

Dear Tal:

Thank you for contacting us for the Water Pollution Control Plan (WPCP) for the Maynard Munger Vista Point on State Route 168 project in Fresno County, CA.

**Project Understanding**

Caltrans is proposing improvements to the Maynard Munger Vista Point on State Route 168. The project site is located on State Route 168 approximately 11 miles east of Prather in Fresno County, CA. This project includes construction of retaining walls, concrete deck, and railing for a cantilevered viewing deck off to the side of the highway.

As part of the construction for this project, a WPCP is required to be generated and implemented under the supervision of a Water Pollution Control Manager (WPCM). It is our understanding that the Storm Water Multiple Application Reporting and Tracking System (SMARTS) website will not be used, since the project is less than one acre in size and is therefore not subject to the State Water Resources Control Board's Construction General Permit (CGP) requirements.

**Scope of Services**

The specific services we propose to provide as WPCM are summarized as follows:

- I. Prepare a WPCP
  - A. Prepare a WPCP for the project using the template provided by Caltrans.
  - B. Submit WPCP to the Contractor for Caltrans approval.
- II. Provide training for Contractor to implement the WPCP
  - A. Review with and provide training for the Contractor to implement the site-specific WPCP that has been prepared.
  - B. Assist and provide further direction to you and your construction team regarding the WPCP requirements, Best Management Practices (BMP) installation, personnel training, and construction site monitoring. At the initial job-site visitation, conduct brief WPCP

instructional meetings for you and your selected team. Provide training and complete required training documentation forms.

III. WPCP implementation requirements

- A. Each month, review and verify that you and your construction team have kept accurate inspection, monitoring, sampling, and testing forms in the job-site WPCP binder. Provide WPCM/QSD signature where necessary.

**Services Outside of Scope**

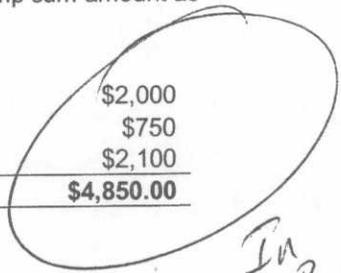

Services not included under our scope of work, but that may be provided upon request, include the following:

- 1. Submission to the State Water Resources Control Board for coverage under the CGP.
- 2. Providing, installing, maintaining and/or regular inspection of the WPCP Best Management Practices (BMPs) at the construction site.
- 3. Filing WPCP Amendments as required by changes in construction activity, project limits, and/or scope of work.
- 4. Services related to sites determined to require a full SWPPP in place of a WPCP will result in additional costs that are not included in this proposal.

**Professional Services Fee**

Blair, Church & Flynn proposes to provide the engineering services for a lump sum amount as detailed below:

Prepare WPCP .....	\$2,000
Initial site visit and training .....	\$750
Review and sign WPCP forms monthly .....	\$2,100
<b>TOTAL PROFESSIONAL SERVICES FEE</b>	<b>\$4,850.00</b>

Additional services not specified in the Scope of Services are available upon request and may either be billed on a time and materials basis according to the Fee Schedule shown in Exhibit A, or we can provide you with a separate fee proposal for the additional services.

In accordance with Public Contract Code 20111.6, Notice is hereby given that the Clovis Unified School District has determined that Contractors submitting bids to perform as a Subcontractor must be pre-qualified prior to bidding on this project. General Contractors must use prequalified Mechanical, Electrical and Plumbing subcontractors in order for their bid to be "responsive". For purposes of this pre-qualification, Electrical, Mechanical, and Plumbing subcontractors are contractors holding either a C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and C-46 California State Contractors license pursuant to Section 7058 of the Business and Professions Code. Pre-qualification applications may be obtained from Clovis Unified School District Facilities. Questionnaire and Financial Statement must be submitted directly to Clovis Unified prior to the prequalification period. Should you require additional information, please contact Harris' Director of Estimating Services, Jim Holman.

Sincerely,  
Jim Holman

# NOTICE TO BIDDERS

Bids open Tuesday, March 17, 2015

Dated February 9, 2015

General work description: Construct retaining walls, concrete deck, and railing at vista point.

The Department will receive sealed bids for CONSTRUCTION ON STATE HIGHWAY IN FRESNO COUNTY ABOUT 11 MILES EAST OF PRATHER AT MAYNARD MUNGER VISTA POINT.

District-County-Route-Post Mile: 06-Fre-168-R36.0

Contract No. 06-0M0204

The Contractor must have either a Class A license or Class B license or a combination of Class C licenses which constitutes a majority of the work.

The DBE Contract goal is 13 percent.

Federal-aid project no.:

STPE-P168(058)E

Bids must be on a unit price basis.

Complete the work within 165 working days.

The estimated cost of the project is \$1,450,000.

No prebid meeting is scheduled for this project.

The Department will receive bids until 2:00 p.m. on the bid open date via Bid Express web site. Bids received after this time will not be accepted. For more information refer to the Electronic Bidding Guide at the Bidder's Exchange web site.

The Department will open and publicly read the bids at 1727 30th Street, Bidders' Exchange, MS 26, Sacramento, CA 95816 immediately after the specified closing time.

District office addresses are provided in the *Standard Specifications*.

Present bidders' inquiries to the Department and view the Department's responses at:

[http://www.dot.ca.gov/hq/esc/oe/inquiry/bid\\_inquiries.php](http://www.dot.ca.gov/hq/esc/oe/inquiry/bid_inquiries.php)

Questions about alleged patent ambiguity of the plans, specifications, or estimate must be asked before bid opening. After bid opening, the Department does not consider these questions as bid protests.

Submit your bid with bidder's security equal to at least 10 percent of the bid.

Prevailing wages are required on this Contract. The Director of the California Department of Industrial Relations determines the general prevailing wage rates. Obtain the wage rates at the DIR Web site, <http://www.dir.ca.gov>, or from the Department's Labor Compliance Office of the district in which the work is located.

The federal minimum wage rates for this Contract as determined by the United States Secretary of Labor are available at <http://www.dot.ca.gov/hq/esc/oe/federal-wages>.

If the minimum wage rates as determined by the United States Secretary of Labor differs from the general prevailing wage rates determined by the Director of the California Department of Industrial Relations for similar classifications of labor, the Contractor and subcontractors must not pay less than the higher wage rate. The Department does not accept lower State wage rates not specifically included in the federal minimum wage determinations. This includes helper, or other classifications based on hours of experience, or any other classification not appearing in the federal wage determinations. Where federal wage determinations do not contain the State wage rate determination otherwise available for use by the Contractor and subcontractors, the Contractor and subcontractors must not pay less than the federal minimum wage rate that most closely approximates the duties of the employees in question.

The Department has made available Notices of Suspension and Proposed Debarment from the Federal Highway Administration. For a copy of the notices, go to [http://www.dot.ca.gov/hq/esc/oe/contractor\\_info](http://www.dot.ca.gov/hq/esc/oe/contractor_info). Additional information is provided in the Excluded Parties List System at <https://www.epls.gov>.

Caltrans and the Construction Industry are committed to making partnering the way we do business. For more information, go to <http://www.dot.ca.gov/hq/construct/partnering.html>.

March 22, 2015

Mr. John C. McMillan  
Deputy Division Chief  
Department of Transportation  
Division of Engineering Services  
Office Engineer, MS 43  
1727 30th Street  
Sacramento, CA 95816-8041

Subject: 06-OMO204; CONSTRUCTION ON STATE HIGHWAY IN FRESNO COUNTY ABOUT 11 MILES EAST OF PRATHER AT MAYNARD MUNGER VISTA POINT IN DISTRICT 06 ON ROUTE 168

Dear Mr. McMillan,

The recent bid (March 17, 2015) on the aforementioned project in District 06 shows the need for uniform language for projects out to bid for Caltrans website and the documents printed for bidding purposes.

The apparent low bidder was approximately 35 percent less than bidders 2 thru 4 (our bid was 4th) and the Engineers Estimate. It is not out of line with what the cost of the project could be without the indicated 13 percent DBE goal shown in the printed bid documents (on the website it indicated "Required Goal"). It is very unlikely that the apparent low bidder could of met such a goal without doing all the proposed work with their own forces. I know that as our original estimate was just slightly above theirs. During the pre-bid period, our firm spent days working with DBE firms so that the goal could be met and in our case exceeded (see attached documents). It would be wonderful if all printed descriptions for the requirements of placing a responsive bid were known and uniform no matter the source. Are the goals proposed hopeful or required, this knowledge is needed so

March 22, 2015

Mr. John C. McMillan  
Deputy Division Chief  
Department of Transportation  
Division of Engineering Services  
Office Engineer, MS 43  
1727 30th Street  
Sacramento, CA 95816-8041

Subject: 06-OMO204; CONSTRUCTION ON STATE HIGHWAY IN FRESNO  
COUNTY ABOUT 11 MILES EAST OF PRATHER AT MAYNARD MUNGER  
VISTA POINT IN DISTRICT 06 ON ROUTE 168

Dear Mr. McMillan,

Enclosed are all the supporting DBE Forms, Good Faith Effort documents  
requested by Caltrans in the bid process.

Sincerely Yours,

Candice Eslick

President Eslick Construction, Inc.

that the contracting community can know how much time and effort is required for submitting a responsive bid acceptable to the department.

We are confident that Caltrans will follow previously set precedence in keeping with the governing guidelines in awarding the aforementioned contract to true lowest responsive bidder, but instigating above request would reduce needed additional clarification from the contracting community and make for a fair and uniform process.

This is the second time this project has bid and I hope the final, as bids are costly to put together both in time and resources, especially for small business such as ours. I do believe Caltrans true intent is to utilize marked goals set by the Department to help facilitate the DBE, DVBE, UDBE companies striving to be a part of California's contracting community. Our desire in putting the bid together was to see that happen as well.

It is our hope that is the apparent low bidder withdrawals or is disqualified that Eslick Construction, Inc. would automatically be analyzed for being a responsive low bidder.

We thank you for your attention on the matter in advance and trust you will make this consideration. Please feel free to contact me if you or your staff have further questions.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Candice Eslick', with a large, sweeping flourish at the end.

Candice Eslick

President, Eslick Construction, Inc.
