June 29, 2010

Ms. Nancy Espie-Underwood
UGE & ECS, Inc
550 N. Figueroa St. Unit 6036
Los Angeles, CA 90012

RE: DISADVANTAGED/MINORITY/WOMEN BUSINESS ENTERPRISE (DBE/MBE/WBE) RECERTIFICATION APPROVAL File No. - 163 - 32609

Dear Ms. Espie-Underwood:

We are pleased to advise you that after careful review of your application and supporting documentation, the City of Los Angeles has determined that your firm meets the eligibility standards to be recertified as a **Disadvantaged/Minority/Women Business Enterprise (DBE/MBE/WBE)** as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs and the City of Los Angeles DBE/MBE/WBE directory under the following specific area(s) of expertise that you have identified on the business service form for contracting opportunities:

NAICS Code	Description
541330	**Engineering Services**
541620	**Environmental Consulting Services**
541690	**Other Scientific and Technical Consulting Services**
562910	**Remediation Services**

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE database, which can be accessed at the California Department of Transportation's website at www.dot.ca.gov/hq/bep/ and the City of Los Angeles DBE/MBE/WBE database at http://bca.lacity.org. Any additions and revisions must be submitted to the City of Los Angeles for review and approval.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation update necessary prior to the expiration date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a DBE Declaration with supporting documentation, in the format, which will be sent to you. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the five-year certification has expired.

ASSUMPTIONS

1. Job Site Management assumes a project duration of 70 days (field work), or 14 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by $695.00.

   14 weeks x $695.00/week = $9,730.00

   This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.
2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **$1,950 per day** including all labor, travel, perdiem, materials, supplies, and lab costs. For bidding purposes, assume **TWO (2) dayS** for the lead monitoring; or a **total of $3,900.00** for the on-site monitoring.
3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. SUMMARY OF EFFORTS TO IDENTIFY DBE, MBE, AND WBE SUBCONTRACTOR'S

SUMMARY OF EFFORTS TO IDENTIFY DBE, MBE, AND WBE SUBCONTRACTOR'S

1. On 07/10/2014 @ 8:46 am I Got onto the internet and visited the Small Business Administration website (www.sba.gov). I searched the site looking for a list of potential certified DBE, MBE, and WBE Subcontractor's. I found no such list on the SBA website so next I decided to try and find the contact information for the local SBA Assistance Office in the Fresno area. I searched all of the site pages and found the contact information for the local Fresno District SBA Office staff and printed it. I plan to call the Administration Office to find out whom I need to talk to about finding local potential minority Subcontractor's certified as a DBE, MBE, or WBE firm.
2. On 07/10/2014 @ 9:00 am, I Visited the Minority Business Development Agency website (www.mbda.gov). I searched the site looking for a listing of potential Minority Subcontractor's or a way to search a database full of certified minority Subcontractor's however, was not able to find any sort of search or list on the site. I decided to try and find the contact information for any local MBDA Office that might be in the area. I found the look for location page and after entering our location a map came up with a few local office locations. I selected the closest office location and clicked on the Contact Information tab. I printed out the contact information for the local MBDA office site. I will use the contact information to call the local office to try and get further help on identifying Certified Minority Subcontractor's in our local area.
3. On 07/10/2014 @ 9:08 am I went on to the Google search site online, and typed in "California DBE, MBE, and WBE Subcontractors" in the search bar. I then went through the top ten websites looking for any potential Minority Subcontractor's but I was not able to find any new contacts that I didn't already have on my Minority List.
4. On 07/10/2014 @ 9:13 am I decided to go ahead and visit the California Department of Transportation website (www.dot.ca.gov). I started searching around the site looking for a list of potential minority subcontractor's. I found a reference to a list on the Business Enterprise Program page of the website. I clicked on the CalCert Database link and was taken to a page where I could run a search query for certified minority Subcontractor's. I began entering the pertinent information into the search form and ran multiple searches for minority subs. I was able to search and find the contact information for many qualified and certified local minority DBE, MBE, and WBE Subcontractor's. I printed the list containing the contact information for certified minority subcontractor's that I could solicit for an estimate. I will use this printed list to solicit to Subcontractor's in the area on the list that are capable of completing the scopes of work that we will be subcontracting out on this project.

ASSUMPTIONS

1. Job Site Management assumes a project duration of 70 days (field work), or 14 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by $695.00.

   14 weeks x $695.00/week = $9,730.00

   This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.
2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **$1,950 per day** including all labor, travel, perdiem, materials, supplies, and lab costs. For bidding purposes, assume **TWO (2) dayS** for the lead monitoring; or a **total of $3,900.00** for the on-site monitoring.
3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. June 29, 2010

Ms. Nancy Espie-Underwood
UGE & ECS, Inc
550 N. Figueroa St. Unit 6036
Los Angeles, CA 90012

RE: DISADVANTAGED/MINORITY/WOMEN BUSINESS ENTERPRISE (DBE/MBE/WBE) RECERTIFICATION APPROVAL File No. - 163 - 32609

Dear Ms. Espie-Underwood:

We are pleased to advise you that after careful review of your application and supporting documentation, the City of Los Angeles has determined that your firm meets the eligibility standards to be recertified as a **Disadvantaged/Minority/Women Business Enterprise (DBE/MBE/WBE)** as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs and the City of Los Angeles DBE/MBE/WBE directory under the following specific area(s) of expertise that you have identified on the business service form for contracting opportunities:

NAICS Code	Description
541330	**Engineering Services**
541620	**Environmental Consulting Services**
541690	**Other Scientific and Technical Consulting Services**
562910	**Remediation Services**

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE database, which can be accessed at the California Department of Transportation's website at www.dot.ca.gov/hq/bep/ and the City of Los Angeles DBE/MBE/WBE database at http://bca.lacity.org. Any additions and revisions must be submitted to the City of Los Angeles for review and approval.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation update necessary prior to the expiration date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a DBE Declaration with supporting documentation, in the format, which will be sent to you. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the five-year certification has expired.
