**July 28, 2015 - REVISED QUOTE (9:15am - 7/28/2015)**

To: Prime Bidders

From: Diana Prince Construction, Inc.

Reference: **Caltrans Contract 06-0N9604**, Kern County, California, bidding July 28, 2015

Diana Prince Construction, Inc. (DPC) is pleased to submit a quote to furnish and install Safespan or Quickdeck Platforms to allow access to perform bid item 46, "Clean and Paint Structural Steel (Existing Bridge)" on Contract 06-0N9604. DPC proposes to install a platform approximately eighty one feet (81') wide x nine hundred sixty three feet (963') long beneath the girders on the Kern River Bridge, totaling approximately 78,000 square feet. DPC proposes to install a platform approximately eighty one feet (81') wide x one hundred forty two feet three inches (142'-3") long beneath the girders on the Calloway Canal Bridge, totaling approximately 11,525 square feet. The total platform DPC proposes to provide is thus 89,525 square feet. I believe that the platform should be eighty one feet wide to allow for systems scaffold to be erected on the platform to paint the outside of the handrail, but some prime contractors have indicated that they may need a platform only seventy one feet (71') wide. Accordingly, DPC's quote is hereby provided on a square foot basis so the Prime Contractor is able to make its own determination of the platform size it wishes to have installed. DPC's quote is as follows:

Mobilization-\$ 89,525.00

Platform Installation- 89,525 (estimated) square feet @ \$10.00=~~\$~~ 895,250.00

**TOTAL \$ 984,775.00**

*Item 46 Partial - Furnish + Install access Platform*

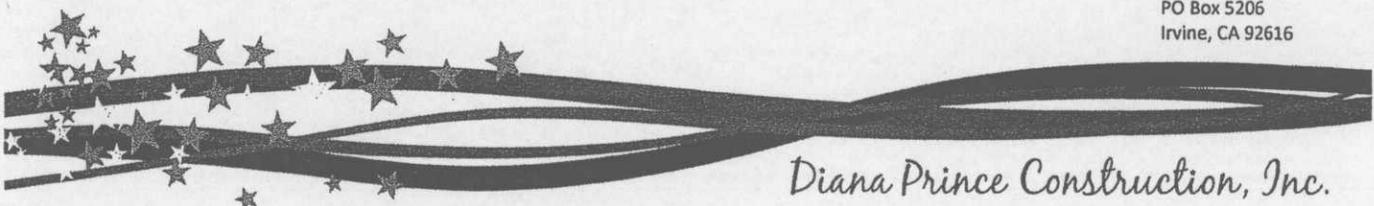

DPC's quote is conditioned on the following:

1. DPC's bid assumes that DPC will initially erect no more than one-third, or approximately 29,840 square feet, of the Platform required for the Project. Thereafter, DPC will remove the scaffold from those areas where painting is complete and reinstall it in those areas that remain unpainted. Email me at [Kristine@DianaPrince.net](mailto:Kristine@DianaPrince.net) to request revised pricing if you will want more or less than 29,840 square feet of platform installed at one time, since the price per square foot that you are quoted will be higher if you need more than 29,840 square feet installed at once and lower if you can get by with less than 29,840 square feet installed at any one time.
2. DPC will include installation of handrails along both sides of the platform(s) at the time of platform installation. However, it will be the responsibility of the Prime Contractor to monitor all platform main cable connections, tieups, handrail cables, and other platform components on a daily basis to readjust/retension them as required as the platform becomes loaded and the cable tensions change.

P: 714.550.9377

F: 714.242.7616

PO Box 5206  
Irvine, CA 92616

*Diana Prince Construction, Inc.*

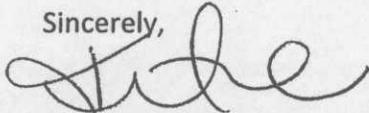

3. DPC's bid assumes that the platform will be installed and be able to be removed within the 285 work days allowed in the Contract. If the Contract should extend past 285 work days and the platform should have to remain in place past the original 285 work day completion date, DPC shall be entitled to rent of \$.20/square foot/month for all scaffolding remaining in place after the expiration of 285 work days.
4. DPC requires that any contract resulting from its quote on this project will be on an AIA, ABC, AGC, or other standard subcontract form acceptable to DPC.
5. DPC has not included Performance and Payment Bonds in its price. If Bonds are required, add one percent (1%) for bonds.
6. DPC acknowledges Addendum No. 1
7. DPC will hold its quoted price for ninety (90) days. Thereafter, DPC reserves the right to revise its price.

Diana Prince Construction, Inc. is a small woman-owned business certified as a Disadvantaged Business Enterprise (DBE).

Please email me at [Kristine@DianaPrince.net](mailto:Kristine@DianaPrince.net) if you have any questions.

Good luck on this project, and we look forward to working with you on this project or other similar projects in the future.

Sincerely,

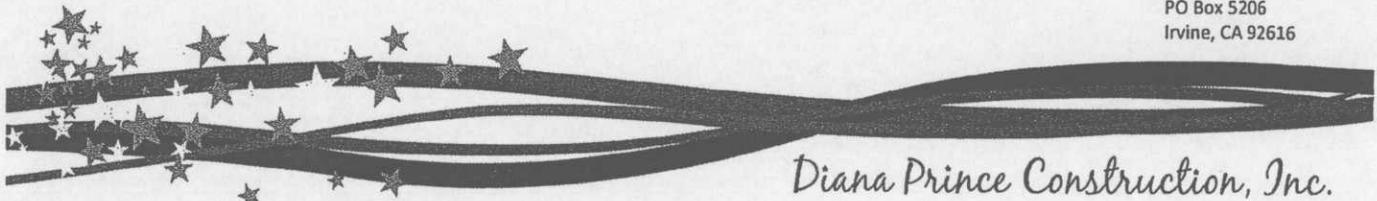

Kristine Flynn  
President
