Dear Contractor:

Your bid was opened on April 17, 2013, for HMA overlay on existing pavement in Kern County in and near Taft from Route 119/33 junction to Elk Hills Road.

Five bids were received for this project. Subsequent to the bid opening, the District recommended that the contract not be awarded at this time because the changes required to make this project viable, with new and existing site conditions, would result in significant changes in nature and/or character and would violate the Public Contract Code providing all qualified bidders a fair opportunity to bid the work to be performed. The Department has decided to reject all bids. The scope of the work and the funding will be reevaluated and the project will be readvertised at a later date.

We apologize for any inconvenience this has caused.

Sincerely,

JOHN McMILLAN
Deputy Division Chief
Office Engineer
