We offer Full Size Boards for use on freeways and highways. Mini Boards are best suited for areas where a Full Size Board just won't safely fit. Metro Boards are ideal for use on tight city streets.

Arrow Boards

Directional arrow boards provide highly visible solutions for traffic control. Flashing arrow boards are dependable and easy to operate.

Lights

Create a uniform light pattern across your job site or event any time of day. Easy to use with run times up to 60 hours on a full tank of fuel. The 30-foot variable-height mast with rotating tower reduces need to move trailer.

Radar Trailers

Radar trailers help to slow traffic to safe levels and assist with speed limit compliance. They are ideal for school zones, construction zones, churches, hospitals, day care centers and neighborhoods.

TMA (Trailer Mounted Attenuator)

Federal and state laws require the use of attenuators for roadwork projects.

Traffic Signals Full size set

Temporary traffic signals are becoming more standard on job sites because they offer safe, reliable traffic control.

Auto Flaggers

Get your employees off the road by using automated flaggers! Contractors and municipalities across the US are replacing human flaggers with Automated Flagger Assistance Devices (AFADs) in work zones.

*We may be required to have equipment travel back to our shops for periodic servicing or operator exchange. Equipment may need to be serviced at our shop due to unexpected breakdowns. In the event we are unable to perform on the job due to breakdown or unavailability of equipment we may subcontract a local sweeper in at their rates which may vary higher than ours. We will make all attempts to quickly limit the expense in these events. In the event that we cannot perform or substitute a contractor to perform on this job, Wells Sweeping will not be held liable for any back charges, surcharges, and or costs related to delays. If dispatched equipment/driver is not able to perform on scheduled day and client is provided notice of the same, unless such circumstances exist that render such notice impossible, client will be responsible for acquiring a replacement. Client agrees to assume any and all liability for delay due to this circumstance. This clause remains in effect from the date of this proposal. (These circumstances are possible, but highly unlikely; we are performing work out of our normal area of operations and events out of our control can and may take place, we have a very high out-of-town success rate and our clients are extremely satisfied with our services)The parties agree that the contents herein are deemed a proposal until the contract is awarded to Wells Sweeping, at which time the terms and conditions stated herein become binding. *Small surcharge may be added to cover fluctuations in fuel costs.*

We look forward to providing you with quality service.

Sincerely,
